### The Consciousness of Dogs.

A Dog feels anger precisely as we do and after provocation in sometimes placable, according to his individual character. He is susceptible of hatred of the bitterest kind. He is so excruciatingly jealous, that his life becomes a burden in the presence of a favored rival. His envy continually leads him to eat what he does not want least another animal should take it, and to illustrate the fable of the dog in the manger. Gluttony holds out to him temptations under which even his honesty sometimes succumbs; but, on the other hand, from drunkenness he is nobly emancipated. A dog mentioned by the Rev. Thomas Jackson ("Our Dumb Companions,") having been once made so drunk with malt liquor that he was unable to walk up stairs, ever after declined to taste the pernicious beverage, and growled and snarled at the sight of a pewter pot. Again, as to love, Don Juan was a cold and unenterprising character compared to a dog; and as to maternal affection, the mother dog feels it with heroic passion, starving herself to death rather than forsake her offspring. Gratitude may be almost said to be a dog's leading principle, supplying first the spring of allegiance to his master, and ever after reconciling him, with true magnanimity, to take evil from the hand from which he has accepted good. Regret and grief he feels so deeply that they often break his heart. Fear is a passion which dogs exhibit with singular variation, some breeds and individuals being very timorous and others perfect models of courage, the latter characteristics and fortitude seeming to be more characteristically canine. A greyhound has been known, after breaking his thigh, to run on till the course was concluded. As to hope, no one can observe the dog watching for his master's step, in Landseer's picture of "Expectation," without admitting that he knows the sentiment as well as we. Pride in a successful chase may be witnessed in every dog, and even felt in the quickened heart beats of a greyhound when caressed and praised. That dogs have personal vanity appears from the fact that they are so manifestly dejected and demoralized when dirty and ragged by long exposure, and recover their self-respect immediately on being washed and combed. Chivalry magnanimity may nearly always be calculated upon in dogs, and wife-beating is an offence to which the four footed beast never decends. The stories are endless of big dogs generously overlooking the insults of small curs or taking them into water giving them a good ducking as a punishment for their impertinence, and then helping them mercifully back to land. Sense of property, bifurcating into both covetousness and avarice, is common to all dogs. The kennel, rug, collar, water basin, or bone once devoted to his use, no dog can see transferred to another without indignation. Frequently he "covets his neighbor's house," and attempts to ensconce himself in it surreptitiously; and almost universally he covets his neighbor's bone, and purloins it, if he dare. Even from avarice he cannot be wholly exonerated, observing his propensity to bury his treasures. Shame, after transgressing any of the arbitary rules imposed on him, a dog displays with ludicrous simplicity; but of the deeper sense of violated modesty which in human beings accompanies the commission of sin, the dog evidently knows nothing whatever. Humors, so far as it can proceed without language, the dog catches readily from a humorous master, and also the enjoyment of such games as he can understand. As a baby crows with glee at "bo-peep," so a dog barks with delight at "go-fetch." Make-believe runs and false starts, romps and tickelings, rolling him up in a rug and letting him find his way out, throwing a ball for him to catch on the grass, or a stick to fish out of a lake, all supply him with pleasure perfectly analogous in their nature to that which boys and men find in blind-man's-buff and prisoner's base, lordly cricket, and lady-like croquet. Lastly, faith in a beloved superior is perhaps the most beautiful and affecting of all the attributes of a dog.

### Charcoal a good Farm Medecine.

NEARLY all sick horses and cows are made so, in the first place by eating improper food or too much of it. As soon as the owner finds any of his animals sick, it is the common custom to begin dosing with medecine. "We must not leave the animal to die; we must do something!" and so all manner of hurtful drugs and poisons are thrust down the throat—saltpetre, copperas, turpentine, etc., quite sufficient to make any well animal sick, or kill a sick one.—"You didn't give the poor thing enough—you should have given it oftener—you can't expect your beast to get well if you don't do more for it!"

Our rule has always been to give nothing unless we know exactly what to do; and in the meantime attend to every exterior comfort practicable. If the weather is cold, place it in warm quarters, avoid all exposure, and attend to pure air and strict cleanliness. But there is one medecine that can never do harm, and is commonly beneficial. This is pulverized charcoal. As we have just remarked, nearly all sick animals become so by improper eating, in the first place. Nine cases out of ten the digestion is wrong. Charcoal is the most efficient and rapid corrective. It will cure in a majority of cases, if properly administered. An example of its use. The hired man came in with the intelligence that one of the finest cows was very sick, and a kind neighbor proposed the usual drugs and poisons. The owner being ill, and unable to examine the cow, concluded that the trouble came from some overeating, and ordered a tea-cupful of pulverized charcoal given in water. It was mixed, placed in a junk bottle, the head held upwards, and the water with its charcoal poured downwards. In five minutes improvement was visible, and in a few hours the animal was in the pasture quietly eating grass.

Another instance of equal success occurred with a young heifer which became badly bloated by eating green apples after a hard wind. The bloat was so severe that the sides were almost as hard as a barrel. The old remedy saleratus, was used for the purpose of correcting the acidity. But the attempt to put it down always caused coughing, and it did little good. Half a tea-cupful of fresh powdered charcoal was next given. In six hours the appearance of bloat had gone and the heifer was well.

DELIRIUM tremens is said to be burned by means of a milk diet.

## The Great Cause OF Human Misery.

*Just Published in a Sealed Envelope. Price Six Cents.*

A Lecture on the Nature, Treatment and Radical Cure of Spermatorrhœa, and Seminal Weakness, involuntary Emissions, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy, and Fits, Mental and Physical Incapacity, resulting from Self-Abuse, &c.—By ROBERT J. CULVERWELL, M. D., Author of the "Green Book," &c.

The World-renowned author, in this admirable Lecture clearly proves from his own experience that the awful consequences of self-abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode at once certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. THIS WILL PROVE A BOON TO THOUSANDS and THOUSANDS.

Sent under seal, to any address, in plain sealed envelopes, on the receipt of six cents, or two postage stamps. Also Dr. Culverwell's "Marriage Guide," price 50 cents. Address the Publishers,

## $1,000 REWARD!

BRIGGS' ALLEVANTOR is composed of Ammonia, Chloroform, Spirits of Camphor, Tincture of Tupaline, Oil of Juniper, and Alcohol. This compound is unequalled in the annals of medicine for the cure of Nervous or Sick Headache, Neuralgia, Trembling or Twitching of the Nerves, and all Nervous Diseases. It will counteract all poisons, banish pimples, cure scaly eruptions, itching, humors, &c., equalize the circulation, invigorate the system, increase the action of the heart, without exciting the brain, cures Heartburn, Palpitation and Flattering of the Heart, Dyspepsia, &c. Briggs' Alleviator absolutely possesses more curative properties than any other preparation. Physicians, chemists and others are requested to examine and test the remedy and $1000 will be paid if found different from representation.

COUGHS. Much has been said and written, and many remedies have been offered for the relief and cure of throat and lung diseases; but nothing has been so uniformly successful or obtained such a wide celebrity, as Briggs' Throat and Lung Healer.

CORNS. The excruciating pain produced by Corns, the unceasing twinging from Bunions, the piercing, distressing pain from Ingrowing Nails, cannot be described. Thousands suffer, not knowing there is a cure. Briggs' Corn and Bunion Remedies are no acid or potash compounds, but are reliable soothing, and effectual, and just merit the success they have earned from an appreciative public. The Curative is a healing ointment; immediate relief is obtained by its application, and it will positively cure the worst cases of Festered Corns, Inflamed and Ulcerated Bunions, the sorest instep, the Largest and severest Blisters, the most extensive Callosities on the soles or backs of the feet, unequalled in the cure of Chilblains or Frosted Feet. The Alleviator for ordinary corns and preventing their formation is absolutely unexcelled by anything known.

PILES have been a terror to mankind for centuries, and almost every attempt to cure them has been baffled. By unceasing study and experimenting, Dr. Briggs has discovered and absolute cure for Internal, bleeding, external, and itching piles. Briggs' Pile Remedies are mild, safe and sure.

Corns, Bunions, Bad Nails, Diseased Joints and all diseases of the feet, also, Piles, Cancers and Scrofulous Humors, skillfully treated by Dr. J. Briggs & Co., 697, Broadway, N. Y.

Sold by ABEL TURRELL, Montrose, Pa., and BURNS & NICHOLS, Montrose, Pa. June 19 1872.

## GRAND GIFT CONCERT!

Postponed to December 7, 1872

THE SECOND GRAND GIFT CONCERT in aid of the PUBLIC LIBRARY OF KENTUCKY, announced for September 28, has been postponed to December 7, 1872, because the accumulation of orders the few days before the drawing made it physically impossible to fill them without a few days delay, and as will our postponement was inevitable, it was determined to defer it to a time that would make a full drawing sure by the sale of all the tickets.

The money necessary to pay in full all the gift receipts is now upon deposit in the Farmer's and Drover's Bank, as will be seen by the following certificate of the Cashier.

FARMERS' AND DROVERS' BANK, Louisville, Ky., Sept. 26, 1872.

This is to certify that there is now on deposit in this bank over half a million of dollars to the credit of the Gift Concert Fund, $500,100 of which is held by this bank, as Treasurer of the Public Library of Kentucky, to pay off all gifts awarded at the drawing.

R. S. VEACH, Cashier.

1,000 Prizes, Amounting to

500,000 IN CASH

will be awarded the highest prizes being $100,000, $50,000, $25,000, and down in regular gradation to $100 which is the lowest.

The drawing will positively and unequivocally take place December 7. Agents are peremptorily required to close sales and make returns November 25, in order to give ample time for the final arrangements. Orders for tickets or applications for circulars should be addressed to

## SMYTH'S REVOLVING CARRIAGE GATE.

[PATENTED, OCTOBER 31, 1871.]

It is claimed by our best Judges, to meet the necessaries so long felt, of a convenient, Practical, Durable Gate, so declared by the 1st best author in America, to be entirely different and vastly more advantageous over any other Gate ever invented. Is Cheap and easily patented and for convenience cannot fail to please all. Can be opened and closed without the danger of changing the position of the wagon, and if desired can be easily arranged to be opened and closed without dismounting. It enables to move around when opened the two posts at both gate. This making it very desirable for Gate to farmers, as it allows their hauling in Villages and Towns. Is in order every day in the year, no snow to shovel in winter. It cannot get out of repair.

We are now prepared to supply the undersigned, who will as far as possible visit the several Counties in Pennsylvania and adjoining States for the purpose of exhibiting and introducing the same.

Persons can test for themselves and verify will do well to give this special attention, as this Gate certainly will go into general use.

## Ayer's Cathartic Pills,

For the relief and cure of all dyspeptic complaints in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or other mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. This foulpest disease is changed into health, the value of which changes, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For *Dyspepsia or Indigestion, Listlessness, Languor* and *Loss of Appetite*, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For *Liver Complaint* and its various symptoms, *Bilious Headache, Sick Headache, Jaundice* or *Green Sickness, Bilious Colic* and *Bilious Fevers*, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For *Dysentery* or *Diarrhœa*, but one mild dose is generally required.

For *Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back* and *Loins*, they should be continuously taken, as required, to change the diseased action of the system. With such change, those complaints disappear.

For *Dropsy* and *Dropsical Swellings*, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For *Suppression*, a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HALL'S VEGETABLE SICILIAN HAIR RENEWER

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

## DR. RADWAY'S SARSAPARILLIAN RESOLVENT

HAS MADE THE MOST ASTONISHING CURES SO RAPID AND SO QUICK THAT THE PROOFS OF THE EFFICACY OF THIS TRULY WONDERFUL MEDICINE, THAT

Every Day an Increase in Flesh and Weight is Seen and Felt.

THE GREAT BLOOD PURIFIER.

Every dose of the SARSAPARILLIAN RESOLVENT contributes to repair the waste of the Body. Disease and consumption commence with the waste of the Blood and Vitals. Pure Blood is the life of the Body, and Health and Strength follow its Purification. Scrofula, Scrofulous Humors, Consumption, Glandular Swellings, Ulcers, Sores, Tumors, Nodes in the Bones, and other parts of the system, Skin Eruptions, Pimples, Blotches, Boils, Tetter, Salt Rheum, Ringworm, Scald Head, Sore Eyes, Erysipelas, Itch, Scurvy, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and cast out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of the curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure and the health of the system will follow.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Say a distinguished physiologist: There is scarcely an individual upon the face of this earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases. Persons engaged in Paints and Minerals, such as Painters, Type-setters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To guard against this take a dose of WALKER'S VINEGAR BITTERS once or twice a week, as a Preventive.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout their entire length, during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangement of the stomach and liver, and other stations and visceras. There are a very numerous list of complaints of the Liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being closed up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various
