☞ We would again call the attention of our readers to the very generous offer which we make them, in giving them the American Stock Journal free for one year, in connection with the Democrat, by complying with the terms, which are subscribing (or renewing) at once, and paying one year in advance. Quite a large number have done so already, and the time is limited.—Do not delay, for you are only asked to do what is for your interest—to pay in advance for the Democrat, and receive one of the best Agricultural Journals that is now published for one year, from January, 1870. Let not that old "thief" procrastination pilfer from you this golden opportunity.

Heavy Fire in Towanda.

On Friday night or Saturday morning last a very destructive fire occurred in Towanda, destroying the whole block of buildings south of the Ward House. It is pretty authentically reported that the loss is between 400,000 and 500,000 dollars. How much insurance we have not ascertained. Stroud and Brown of this place have quite an amount. The cause of the fire we have not learned.

Dentistry.

Dr. J. S. Smith, "the father of Dental Surgery," is at Morse's Hotel in Grangerville, and Dr. T. J. Wheaton will be there on Monday, Feb. 7th, 1870. [Feb. 2, 1870.

Fine Oxen.

Mr. Hart, who lives upon the Mulford farm, drove as fine a pair of 4 years old cattle through our borough the other day as we have seen lately. They were well mated, finely built, and weighed 8,200 lbs. Mr. Mulford informed us that they had been fed nothing but hay. He had lately purchased them of Mrs. Drinker.

Donation.

The friends of Rev. I. P. Towner will make him a Donation visit at the Parsonage and basement of the Church, in Fairdale, on Wednesday, Feb. 9th, afternoon and evening. All are invited. By order of Committee.

Free Temperance Lecture.

Dr. N. J. Cogswell, of Bradford county, will Lecture on Temperance at Good Templars' Hall in Montrose, on Wednesday evening Feb. 2 at 7 o'clock. The public are invited.

Montrose, Jan. 26th, 1870.

Harford Agricultural Society.

The 13th annual meeting of the Harford Agricultural Society will be held in Harford Village on Monday evening, Feb. 7, 1870, at which time Officers will be elected for the ensuing year, &c. All are invited. By order of Executive Committee.

A. J. TIFFANY, Sec'y.

Donation.

The friends of Rev. H. H. Gray will make him a Donation in Dimock, at A.E. Carlin's Feb. 10th, afternoon and evening. All are respectfully invited.

Ballad Entertainment

By D. D. Snyder, at Montrose, on Friday evening, Feb. 4th. Tickets, 25 cents. Doors open at 7 o'clock—to commence at 7½.

Card.

I take this method of acknowledging a donation of $206 from the members of the Masonic fraternity of Clifford Lodge on the evening of Jan. 5th. Also a purse of $22.50 from Nicholson Lodge to be added to the above—making the handsome sum of $228.50. I shall ever remember the donors with gratitude and prayer for this unmerited expression of their good will. EDWIN H. TRYNSON.

Clifford, Jan. 27, 1870.

Important Decision.

On Monday the 24th ult. the Supreme Court of New York rendered a verdict against the D. L. & W. R. R. in favor of Charles Eaton, who it was alleged received injuries through the carelessness of a conductor. He was a dead head on the train, but the Court seem to have exploded the supposition that companies are not liable in such cases.

Fire at Friendsville.

The wagon shop of Flynn and Ryan of Friendsville was destroyed by fire on Friday last. Loss not yet ascertained. There was an insurance upon it by Stroud and Brown of $600.

Fire at Athens.

A small dwelling owned by Mrs. Wilkenson, was burned on Friday night last. A bakery and other buildings adjoining, were saved with difficulty. Insurance, $700; origin of fire unknown.

Forgery.

A Towanda nigger named Gettes, foolishly employed in the responsible position of sexton of the Presbyterian church in that place, has been detected in drawing money upon forged checks, and lodged in jail. In almost every situation "the colored troops fight bravely."

A Card.

Prof. Stephen Shelp would tender to his friends in Fairdale his grateful acknowledgments for their liberal donation of near $50 on Saturday evening last.

Jessup, Jan. 31, 1870.

Disturbing Religious Meeting.

In many places it seems to be a belief among young men, that religious bodies have no rights which are bound to be respected. Our community is, fortunately, not grievously afflicted with this style of lawbreaking, but it may be well to publish the facts in a case which has just been legally decided. A young man named Seachrist, in Dallastown, York county, recently so misbehaved himself in church, as to break up the meeting. Upon his trial for the offence, the Presiding Judge, the Hon. Robt. J. Fisher, asserted the right of religious bodies to form their own rules for governance, and the liability of persons breaking them to be punished.—Seachrist was sentenced to pay a fine of five dollars, the costs of prosecution, and to be imprisoned in the county jail for fifteen days.

State Agricultural Society.

The annual meeting of the Society, for the purpose of electing officers for the ensuing year, took place at the rooms of the Society at Harrisburg, on Wednesday, Jan. 19th. The following gentlemen were elected: President, John C. Morris. Vice Presidents, Daniel G. Driesbach, George Scott. The committee will meet on the 16th of March next to fix a time and place for holding the next exhibition. The terms of office of the recording secretary and treasurer do not expire until March next.

Scarlet Fever

Is now very prevalent throughout the country. It is a dangerous disorder when not promptly taken in hand. It begins with languor and loss appetite, followed by fever and sore throat, and then the "red patches" on the cheeks appear. When the symptoms are first observed, place the child in a room which is warm but well ventilated. Administer warm, weak lemonade with a little gum arabic dissolved in it. Cover the abdomen with dry warm flannel, then take a neatly folded bed sheet and place it in boiling hot water, wring it out by means of dry towels, and place it over the flannel on the child's abdomen. This must be repeated until perspiration is observed, which will not result for some minutes, when the patient will drop into a quiet slumber, and with careful nursing is saved. All of this may be done before a physician can be summoned, and will prove a great auxilliary to his course of treatment—in many cases it will enable him to save the life of a dear child and prevent the disorders which almost always follow this dreadful complaint, when it is not promptly assailed by this simple preliminary home treatment.—*Ex.*

County Institutes.

In response to a letter for information addressed to the State Superintendent of Common Schools by a teacher at Williamsport, the said official under date of Dec. 10th, has made the following decision relative to the law regulating the holding of County Institutes:

"That School Directors are not compelled to close their schools in order to allow their teachers the privilege of attending a Teachers' Institute."

School Directors cannot *compel* teachers to attend an Institute.

Whether Directors can deduct anything from the salaries of teachers who do not attend an Institute, depends upon the contract between the parties."

COST OF THE WAR.—$9,000,000,000 (nine thousand millions) is Mr. Wells' estimate of the cost of the war—taxes perpetual upon every body and every thing.

This is the cost of abolishing the Constitution our fathers, Washington, Madison, Franklin and Hamilton, left us, and of demonstrating the negro to be a little superior to the white man. This has been the cost of radical administration of the federal Government for a few years only.

Another Pig heard from.

Mr. F. W. Boyle of New Milford butchered a pig only 30 months old, weight *estimated* when dressed 207 lbs. Messrs. Hancock and Turner were employed to dress this pig, and will vouch for the above.

As soon as a satisfactory pedigree of this pig can be collected, it will be given to the public. Also a full and interesting description of a wonderful calf raised and owned by a farmer of New Milford.

How will he be Received.

How will the negro U. S. Senator be received by his radical colleagues? That is a question we cannot help asking? It will not do for them to treat him as the radicals of the house did Mr. Menard, "the colored gemman from Louisiana." He must not be crowded back into a dark corner, and compelled to crouch on an unused sofa under the gallery. The Hon. W. H. Revel is, according to radical doctrine, the perfect equal and the full peer of Sumner, Simon Cameron or any other Senator. The radicals must act up to the principles they profess. They must face the music manfully. Revel is an Ohio "nigger," a carpet bagger. That prevents him from being a proper representative of the blacks of Mississippi; but it will not anthorize the radicals to treat him with any disrespect. Let Sumner open his arms to the new comer, and let him see that there is no exhibition of "the barbarism of caste" on the Republican side of the Senate.—*Lancaster Inteligencer.*

—Three Germans, living near Belvidere Illinois, have died of trichina, from eating diseased pork, and eight others dangerously sick from the same cause.

NORWAY OATS FOR SALE!

The result of my experiments the last season with the Norway Oats have been fully up to my expectations, and I am satisfied they are well adapted to our soil, and that every farmer who possibly can should get the seed. I bought last spring of the Ramsdell agents in New York, one bushel of 39 lbs. of the Norway Oats. I sowed them on one acre of good ground, and harvested from it 70 bushels of 80 lbs. per bushel, making an increase of 70 bushels from one.

I also sowed in the same lot on equally good ground, 3 bushels of 80 lbs. each of common oats on one acre, and harvested therefrom 55 bushels of 80 lbs. per bushel, an increase of 18 bushels from one. Therefore from this trial I am satisfied that the Norway Oats will produce twice as much as the common Oats. If any wish more confirmation, I would refer them to reports from all parts of the country, given in the Rural New Yorker of Jan. 8th, 1870.

PRICE $4 per BUSHEL of 32 lbs.

Call soon, as I have but few to sell.

The reputation of this preparation is so well established, that little need be said in this connection.

ON MAN it has never failed to cure PAINFUL NERVOUS AFFECTIONS, CONTRACTING MUSCLES, STIFFNESS AND PAINS IN THE JOINTS, STITCHES in the SIDE or back, SPRAINS, BRUISES, BURNS, SWELLINGS, CORNS and FROSTED FEET. *Persons affected with Rheumatism can be effectually and permanently cured by using this wonderful preparation; it penetrates to the nerve and bone immediately on being applied.*

ON HORSES it will cure SCRATCHES, SWEENEY, POLL-EVIL, FISTULA, OLD RUNNING SORES, SADDLE or COLLAR GALLS, SPRAINED JOINTS, STIFFNESS OF THE STIFLES, &c. It will prevent HOLLOW HORN and WEAK BACK IN MILCH COWS.

I have met with great success in bringing my Mixture within the reach of the Public. I am daily in receipt of letters from Physicians, Druggists, Merchants and Farmers, testifying to its curative powers.
