BARNUM'S HOTEL,

NEW YORK.

Broadway, corner of Maiden Lane.

THIS extensive HOTEL has been leased by the subscriber, and has been completely refitted in the most elegant manner. Large additions are now being made, which, when completed, will make it the most extensive Hotel in New York. It is the determination of the proprietor, to make it equal, in every respect, to any other House in the United States. Its locality is the most desirable and central in the city, being in the fashionable part of Broadway, convenient to all the public buildings, places of amusement, and business. Grateful for the liberal patronage received from his western friends, while at Cumberland, Md., and more recently at the Wardell House, Cleveland, Ohio, he respectfully solicits a renewal of their patronage, for his new establishment, at New York, and begs to assure them that every effort on his part shall be given to administer to their comfort and pleasure.

A. B. BARNUM.

New York, March, 1850.—[mr16-3m

A FORTUNE FOR £10 OF £5.

BRITANNIA SPORTING POSTAL CLUB, Office, George street, Plymouth, England. The management beg to acquaint their numerous patrons that the next Distribution of Premium of Race Horses, will take place at Exeter, for the forthcoming Grand National Derby Race; the number of shares is for ever limited to 5,000 shares. First class member £10, limited to 5,000 shares. Second ditto £5. Early application for the unappropriated shares is necessary. A fair chance of gaining for ten pounds one share, has the chance of gaining an equal number bonuses. Those members who draw the various Portraits will be presented with the following sums:—

	1st class bonuses	2d ditto
Portrait of Winner, or First Horse	£10,000	£10,000
" Second Horse	10,000	5,000
" Third Horse	6,000	4,000
Divided among Starters	6,000	3,000
" Non-Starters	6,000	3,000

There are 220 bonuses in each class, that being the number of horses entered for the race. The Drawing will be conducted upon the same legitimate principles as those which characterized the late Sir Lecker and other proceedings. Full particulars of the result will be sent to absent members immediately after the decision, that each may know his position.

Subscribers registered and scrip forwarded on receipt of a remittance. Bills of Exchange, Drafts, Bank Notes, &c., addressed and made payable to the Patron, &c., &c. W. JAMES & Co., Managing Directors. W. JAMES & Co.

Five per cent. commission to be reclaimed on the presentation of bonuses. may16-3m

Sir James Murray's Fluid Magnesia.

PREPARED under the immediate care of the inventor, and established for upwards of thirty years. This elegant preparation is recommended in all cases of bile, acidities, indigestion, gout, and gravel, as the most safe, easy, and effectual form in which Magnesia may, and indeed is alone the only one in which it ought to be taken, possessing all the properties of the Magnesia now in general use, without being liable, like it, to form concretions or obstructions in the bowels, it effectually cures heartburn without injuring the most delicate stomach, as soda, potass, and their carbonates are known to do; it prevents the food of infants turning sour, in all cases it acts as a pleasing aperient, and is peculiarly adapted to females.

Sir Humphrey Davy testified that this solution forms soluble combinations with uric acid and with the cause of gout and gravel, thereby counteracting their injurious tendency, when other alkalies, and even Magnesia itself, had failed.

From Sir Philip Crampton, Bart., Surgeon General to the Army in Ireland:—

"Dear Sir—There can be no doubt that Magnesia ought to be administered more easily in the form of a concentrated solution than in substance, for this, and many other reasons, I am of opinion that the Fluid Magnesia is a very valuable addition to our Materia Medica.

Sir James Clarke, Sir A. Cooper, Dr. Bright, and Messrs Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being in all cases safe and convenient than the solid, and finally more safe and convenient than the solid, and free from the danger attending the constant use of soda or potass.

Great American Mechanical Work.

D. Appleton & Co., New York, have in course of publication, in parts, price twenty five cents each,

A DICTIONARY

Of Machines, Mechanics, Engines Work, and Engineering; designed for Practical Working Men, and those intended for the Engineering Profession.

EDITED BY OLIVER STORE.

THIS WORK will contain two thousand pages, and will contain two thousand engravings. It will present working drawings and descriptions of the most important machines in the United States. Independent of the results of American ingenuity, it will contain complete practical treatises on Mechanics, Machinery, Engine-work, and Engineering; with all that is useful in more than one thousand dollars worth of folio volumes, magazines, and other books.

The great object of this publication is to place before practical men and students such an amount of theoretical and scientific knowledge, in a condensed form, as shall enable them to work to the best advantage, and to avoid those mistakes which they might otherwise commit. The amount of useful information thus brought together is almost beyond precedent in the world. Indeed, there is hardly any subject within its range which is not treated with such clearness and precision, that even a mind of the most ordinary capacity cannot fail of understanding it, and thus learning from it much which it is important for him to know.

The publishers are, in short, determined, regardless of cost, to make the work as complete as possible; and it is hoped every one desirous to obtain the work will procure it as issued in numbers, and thus encourage the enterprise.

The work will be issued in semi-monthly numbers, commencing in January, 1850, and will progress with great regularity.

The whole work will be published in 40 numbers, at 25 cents per number, and consequently within the current year, 1850. A liberal discount will be made to agents.

Any one remitting the publishers $10 in advance, shall receive the work through the post office free of expense.

Opinions of the Press.

"To our numerous Manufacturers, Mechanics, Engineers, and Artisans, it will be a mine of wealth."—Providence (R. I.) Journal.

"Young men, arm yourselves with its knowledge. We pay with confidence recommend our readers to possess themselves of its numbers as fast as they appear."—American Artisan.

"We unhesitatingly commend the work to those engaged in or interested in mechanical or scientific pursuits, as eminently worthy of their examination and study."—Troy (N. Y.) Budget.

"It is truly a great work, and the publishers deserve the thanks of inventors, mechanics, and manufacturers, and indeed of the public generally."—N. Y. Independent.

"This Dictionary will be highly useful to practical mechanics, and valuable to all who wish to acquaint themselves with the progress of improvement in the mechanic arts."—New Bedford Daily Mercury.

"Young mechanics ought to keep posted up in the world's progress in mechanical knowledge, and this work will show them just how they stand."—Roxbury Mass. Advertiser.

"We take it to be just the work that scores and hundreds of our intelligent mechanics have desired to possess. So simple are its descriptions, and so full and minute its specifications, that it seems to us that any mechanic might construct any machine it describes, to the strength and proportions and instructions."—N. Y. Commercial Advertiser.

"All interested in mechanics should avail themselves of its advantages."—Schuylkill, (Penn.) Journal.

"A work of extensive practical utility and great importance, and will meet the rapidly increasing interests of the country. We regard the work as eminently calculated to promote the cause of science and the mechanical arts, and to disseminate valuable information on these subjects."—Farmer and Mechanic.

"Practical men in all the varied walks of mechanical and manufacturing industry, engineering &c., will find in this work a treasure which it will be to them, proud to possess."—Troy Daily Whig.

"We have carefully pursued the numbers, and have no hesitation in saying that it is the best work for the mechanic, tradesman, and scientific men, ever published, for it contains minute information on every branch of the mechanical arts and sciences, expressed in a style and language intelligible to any reader of ordinary capacity."—Worcester (Mass.) News.

"We are sure we are doing the mechanics of Norwich and other parts of Connecticut a service, in bringing the work to their attention."—Norwich, (Conn.) Courier.

"It is just such a work as every mechanic should possess."—Freeman's Journal.

"We consider it one of the most useful and important publications of the age. No mechanic can afford to be without it."—Newark, (N. J.) Commercial Courier.

"Of all the various publications having for their object the elucidation and advancement of the mechanical arts and sciences, none have been more in demand than this work."—Buffalo Daily Adv.

"It is the best and most complete work of the kind, scientific and practical, we have seen, and the plates are beautifully executed."—Washington Union.

"This great dictionary of the arts and sciences, the works ever published for years, and the low price at which it is sold makes it acceptable to all."—South Carolinian.

We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Baltimore Adventiser.

"Ought to be taken by every one desiring to keep pace with the progress of art and science in every one of the labors of civilized life."—Rubinet Courier.

"It is designed after the principle of Ure's Dictionary, and is more adapted to the mechanical and engineering professions, and above all, is valuable as accompanying for American what Ure has done for England, viz: describing American machinery and works of art."—Scientific American.

"It is published in numbers, at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such matters need be deterred from procuring it. In every one who does so, will find that he has in a condensed form an amount of instruction which would be obtained by all, only by the purchase of many, many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, conspire to make this one of the most desirable works."—Democratic Flagstaff.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspiration to excel in their respective industries. We have carefully examined it, with a view of recommending it to our readers, and find it to be, as it is in the strong language of the Tribune "it is good."—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent to us, a copy of the work will be sent gratis in payment.

D. APPLETON & CO.

M'ALLISTER'S OINTMENT.

Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the great medical work entitled "The American Practice of Medicine and Family Physician":

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment, and having prescribed it for several years in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever; that its ingredients combined as they are, and used as directed by the Proprietor, are not only harmless, but of great value, being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which can do some much good, and which is adapted to the cure of a great variety of cases. Though I have never since recommended or engaged in the sale of any patent medicines, regard for the truly honest, conscientious, humane character of the Proprietor of this Ointment, and the value of his discovery, induce me to do thus much regarding it.

WM. BEACH, D. D."

New York, April 22d, 1846.

BURNS.—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tumors, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses knew its value in cases of Swollen or Sore Breast, they would always apply it.

In such cases it used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ages in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power or powered by McAllister, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county.

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co.:—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy as sight a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFENSETH

JAMES McALLISTER,
Sole Proprietor of the above medicine.
Principal Office, No 22 North Third street, Philadelphia.

MISCELLANEOUS.

Valuable and extensive Water Power to let on favorable terms.

THE WABASH NAVIGATION COMPANY are now prepared to lease the Water Power at the Grand Rapids, to an amount sufficient to propel four hundred pairs of mill stones. The location is based upon a rock foundation, and the power can conveniently be applied on both sides of the river. The grain of the White River, as well as the Wabash, can be readily furnished at this point. While timber, iron ore, and coal, in the greatest abundance, and of superior quality, can be easily procured through the same country.

Terms—One hundred dollars per annum for a power sufficient to propel a single run of medium sized mill stones, for a period of fifteen years, with the right of renewal on the expiration of the lease, at a fair valuation of the power employed. The site of the mill or manufactory included, without further charge from the Company.—By order of the Directors.

ABNER T. ELLIS,
President of the W. N. Co.

VINCENNES, Ia., May 9, 1850 my31-d3m

JULES HAUEL'S MEDICATED NYMPH SOAP—The skin of many persons is disfigured with slight eruptions, as pimples, morphew, &c., and when this is merely a disease of the skin, as it is in nineteen nine cases out of every hundred, it is very easily removed. Jules Hauel's Nymph Soap is expressly adapted to diseases of the skin, as it acts directly upon the minute pores which cover the surface, cleansing them from impurities, and by its balsamic properties healing and eradicating all eruptions, and rendering the fairest and roughest skin soft, fair, and blooming.

Persons who have been in the habit of using ordinary soap, will be astonished at the beautiful effect produced by the Nymph Soap, in imparting a delicate bloom, preventing the neck, face, or hands from chapping, allaying all irritation, and removing all cutaneous eruptions. It possesses an exquisite perfume, and is entirely devoid of all alkaline properties, rendering it the only article which can be used with safety and comfort in the nursery.

All those whose faces or neck are disfigured with pimples, blotches, or eruptions, should make trial of Jules Hauel's Nymph Soap, as the properties possessed by it, that its use will render perfectly pure and discolored skin white, the roughest skin smooth, and the most diseased skin healthy, pure, and blooming.

Jules Hauel's Nymph Soap is the only article which will effectually produce the above effects in so short a time, and as it is perfectly pure, it is the safest and most powerful and entirely harmless. Prepared only by

JULES HAUEL, Perfumer and Chemist,

"This great dictionary of the arts and sciences, the works ever published for years, and the low price at which it is sold makes it acceptable to all."—South Carolinian.

We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Baltimore Adventiser.

"Ought to be taken by every one desiring to keep pace with the progress of art and science in every one of the labors of civilized life."—Rubinet Courier.

"It is designed after the principle of Ure's Dictionary, and is more adapted to the mechanical and engineering professions, and above all, is valuable as accompanying for American what Ure has done for England, viz: describing American machinery and works of art."—Scientific American.

"It is published in numbers, at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such matters need be deterred from procuring it. In every one who does so, will find that he has in a condensed form an amount of instruction which would be obtained by all, only by the purchase of many, many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, conspire to make this one of the most desirable works."—Democratic Flagstaff.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspiration to excel in their respective industries. We have carefully examined it, with a view of recommending it to our readers, and find it to be, as it is in the strong language of the Tribune "it is good."—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent to us, a copy of the work will be sent gratis in payment.

M'ALLISTER'S OINTMENT.

Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the great medical work entitled "The American Practice of Medicine and Family Physician":

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment, and having prescribed it for several years in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever; that its ingredients combined as they are, and used as directed by the Proprietor, are not only harmless, but of great value, being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which can do some much good, and which is adapted to the cure of a great variety of cases. Though I have never since recommended or engaged in the sale of any patent medicines, regard for the truly honest, conscientious, humane character of the Proprietor of this Ointment, and the value of his discovery, induce me to do thus much regarding it.

WM. BEACH, D. D."

New York, April 22d, 1846.

BURNS.—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tumors, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses know its value in cases of Swollen or Sore Breast, they would always apply it.

In such cases it used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ages in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power or powered by McAllister, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county.

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co.:—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy as sight a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOFFENSETH

JAMES McALLISTER,
Sole Proprietor of the above medicine.
Principal Office, No 22 North Third street, Philadelphia.

BIDWELL'S

SANDY AND BEAVER LINE.

From Pittsburgh to Columbus and Cleveland, through the rich and populous counties of Columbiana, Carroll, Stark, Tuscarawas, Coshocton, Muskingum, Licking, and Franklin

The completion of the Sandy and Beaver Canal opens up to our city through this great natural central route a direct communication to the above as well as the adjoining counties of Wayne, Holmes, Knox, and Delaware.

From this section of Ohio, the trade with Pittsburgh has been, to a great extent cut off, in consequence of the high rates of transportation, which are now reduced 10, 20 and 50 per cent.

Boats of this line will leave daily, and run through without transhipment. The Canal company have bestowed upon this line an interest in the unprecedented advantages of their charter, and thus secured to the middle portions of Ohio in ordering their goods by BIDWELL'S SANDY AND BEAVER LINE, an equal interest in this advantage. Agents:

J. C. BIDWELL, Pittsburgh;
BIDWELL & CO., Glasgow.
