**JOHN RYLE'S SPOOL SILK,**
*Expressly for Sewing.*

TO avoid the many inconveniences attending the use of the customary Skein, the above article has been made, and for a long time wanted. It has always been a matter of astonishment, that whilst the common article of Cotton, was conveniently spooled for general use—Silk, so much more valuable, should have been supplied in Skeins, from which so much trouble, vexation, and loss has arisen.

The difficulty has at last been overcome, the public is offered a good article, handsomely put up in a convenient form for domestic use.

The only objection urged against this article is the apparent small quantity on each spool. This is easily explained. Each Spool is warranted to contain 20 yards of Silk; while the ordinary Skein, at the same price, has but an uncertain quantity, varying from 16 to 18 yards.

The Spool Silk is ready for use at the time of purchase, and it only needs a trial, to convince the most sceptical of its superiority in quality. Independent of the neat and convenient form in which it is furnished, it has great advantages over the Skein, as it does away with the tedium of winding, the vexation of tangling, and the loss of time in preparing it for use.

**HECKER'S FARINA**

HAS become an established and almost indispensable requisite in every well provided family, from its remarkably wholesome and nutritious quality as a food for the healthy as well as a diet for invalids, and also for the sustenance of growing children and infants. Various modes of cooking and preparing it are given on the wrapper.

Thoughout the well known in the east, it has never been introduced in any extent in Pittsburgh. The subscribers have, therefore, made arrangements to be constantly supplied with it, and now offer it to retail dealers or families on more favorable terms than it has ever been sold at in Pittsburgh.

**SANDY AND BEAVER LINE.**

*From Pittsburgh to Columbus and Cleveland, through the rich and populous counties of Columbiana, Carroll, Stark, Tuscarawas, Coshocton, Muskingum, Licking, and Franklin.*

The completion of the Sandy and Beaver Canal opens up to our city through this great natural central route a direct communication to the above as well as adjoining counties of Wayne, Holmes, Knox, and Delaware.

From this section of Ohio, the trade with Pittsburgh has been, to a great extent cut off, in consequence of the high rates of transportation, which are now reduced 10, 20 and 50 per cent.

Boats of this line will leave daily, and run through without transhipment. The Canal company have bestowed upon this line an interest in the unprecedented advantages of their charter, and thus secured to the middle portions of Ohio in ordering their goods by BIDWELL'S SANDY AND BEAVER LINE, an equal interest in this advantage. HARPER & CO
Passenger and Baggage Office.

HARPER & Co. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emigrants. We do not allow of passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships. We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in at one sixpenny rate, or by a chance vessel, and not frequently proved their coffins. We intend to perform our contracts honorably, and what it may, and not act as was the case last season, with other offices—we to other persons not all, or when it suited their convenience.

Persons who are at Pittsburgh for any sum from $1 to $1000, payed in at any of the above Banks in Ireland, England, Scotland and Wales.
