Dr. Guysott's Extract of Yellow Dock and Sarsaparilla.

PUT up in the largest sized bottles, contains more of the pure Honduras Sarsaparilla than any other preparation extant which is chemically combined with the Extract of Yellow Dock, the Extract of Wild Cherry, and blue flag of NY, thus making the remedy more decidedly efficacious than any other Sarsaparilla before the public. After same time it is perectly free from all mineral poisons, which cannot be said of any preparation of the Sarsaparilla compound. The invalid should beware of poisons! Mercury, Iron, Iodine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metallic poisons enter into and form the active basis of most of the Sarsaparilla and Panacees of the day. Guysott's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of these substances; in fact no one can easily ascertain by applying the necessary tests

The poisons may occasionally remove disease, but they so vitiate the blood, and so completely impregnate the whole system with their baneful effects that the first cold, or the first attack of disease, prostrates the patient's strength, and subjects him or her to the most excruciating torture, and renders another cure almost impossible and hopeless. Let all poisonous Sarsaparilla preparations alone, and use Guysott's Improved Extract of Yellow Dock and Sarsaparilla, which is thoroughly efficacious, perfectly harmless, and purely vegetable. All kinds of disease yields to its genial influence.

CURES

Scrofula, Cancerous Tumors, Cutaneous Eruptions, Erysipelas, Biles, Pustules, or Pimples on the Face, Chronic Sore Eyes, Tetter, Scald Head, Mercurial Disease, Enlargement of Pains in the Bones or Joints, old and stubborn Ulcers, Fever Sores, Hip Disease, Swelling of the Glands, Blotches, Syphilitic Symptoms, Lumbago, Dropsy, Dyspepsia, Jaundice, Costiveness, Salt Rheum, Affections of the Kidneys and Bladder, Gravel, Diseases arising from an injudicious use of Mercury, Minister's Sore Throat, Venereal Affections, Pleurisy, Rheumatism, and all other diseases tending towards Consumption, Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, General Debility, Low Spirits, Loss of Appetite, Night Sweats, Pains in the Side and Shoulders, Phosphorus or Impure State of the Blood, Constitutional Disorders, and as a Spring and Fall Further of the Blood, and General Tonic for the System, it is unrivalled.

A case of Ulcerated Limbs of sixteen years standing.

The following is an extract of a letter dated March 1, 1850, from R. B. Perkins, M. D., a highly respectable physician of Marietta, Ohio.

JOHN PARK—Dear Sir: I have under my care a young woman who, for sixteen years, has been suffering from Ulcerated Limbs, and whose case has been pronounced hopeless by three of our best physicians. I took her into my family, and have used Guysott's Yellow Dock and Sarsaparilla freely, and accomplished what the Yellow Dock and Sarsaparilla will effect a permanent cure. She is better in general health than she has ever been before, and will be able in two weeks to walk out. A year ago she used crutches. I will report the case in due time.

Very respectfully, R. B. PERKINS.

SCROFULA.

It has been remarked, by eminent men, that in the varied catalogue of diseases to which man is liable, there is scarcely one of such importance, and of such interest as Scrofula, whether we look to the obscurity of its origin, its insidious progress, the number and variety of organs that it attacks, or its remarkable incurability and extensive fatality.

Scrofula has baffled the skill of the most eminent physicians in this country and in Europe. But there is an antidote for this disease in Dr Guysott's Extract of Yellow Dock and Sarsaparilla," which is proving itself a perfect specific in the most severe cases of scrofula.

An extraordinary case of Scrofula cured by the sole use of Doctor Guysott's Compound Syrup. It will be seen by this certificate that this man has been under the treatment of several celebrated physicians, for the period of twenty years, without derving any benefit, and has been effectually cured by the use of a few bottle of Dr. Guysott's Compound Syrup.

NEW YORK, June 7, 1848

DR. GUYSOTT—Dear Sir:—Owing to your a debt which I can never pay, I am induced to make a public acknowledgment of the benefit I have derived from your invaluable Syrup. I was sorely afflicted with a scrofulous disease, manifesting itself in our family, which commenced on my neck, and, continuing to spread, soon reached my arms, extending into my head, and extending all over my face, neck, and lower extremities. I became a disgusting object to look upon. At times my distress was so great that I was unable to sleep or lie down; and the disease extending into my ears seriously affected my hearing. My face was one continuous sore, from which a discharge of matter and water kept constantly oozing out. People avoided me, supposing I was the small pox, or some other infectious disease, and I was consequently obliged to relinquish my business. Notwithstanding I had the best medical advice, and tried different plans or treatment, the disease continued to grow worse, until I gave up in despair. Fortunately I came to your place of business, while travelling for my health, and informed me that his son was at one time in as bad a condition as I was, and had by using your Syrup so was specedily cured. I immediately procured the articles, commenced using it, and now, after having used less than one bottle, I am well and able to attend to my business. I send you this statement as an act of justice, only regretting that I have not sooner the effected to make use of the light medicine, and thereby save them much suffering and expense.

Yours, &c. JOHN G. SPALDING.

Cure of an aggravated case of Erysipelas.

The cures performed by "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patients generally calls continues to improve after disease is removed. Cures are not shortlived and time has fully tested that there can be no relapse or return of the disease.

NORWAY, (Herkimer Co.) Feb. 1850.

S. F. BENNETT & Co., Gents, It is with great pleasure that I write you about the very happy effects of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, malignant disease, Erysipelas, with which he was attacked in 1842, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months, without any beneficial effects whatever. He became reduced to a perfect skeleton. He had eaters from his hip to his knee, which were continually discharging disgustingly offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had carried a child of scrofula with your invaluable medicine, urged me to make trial of it, and move from the resinous desire to do something while life lasted, than from any hope of getting relief. I procured three bottles of your "Yellow Dock and Sarsaparilla," and continued using it without any improvement, he commenced improving he had used the third bottle, and before he had used a half gallon bottles he could walk out. He used in all twelve bottles, and by October last he was perfectly cured, every vestige of the disease excepting the scars removed, and he remains in perfect health up to the present time. His recovery, under the blessing of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son. Respectfully

JAS. RUSSELL.

JOHN RYLES SPOOL SILK,
Expressly for Sewing.

To avoid the many inconveniences attending the use of the common spool silk, the above article has been much, and for a long time wanted. It has always been a matter of inquiry, why manufacturers of this article of cotton, was conveniently spooled for general use—Silk, so much more valuable, should have been supplied in the form of a hank, and left to the vexation, and loss has arisen.

The difficulty has at last been overcome, the public is offered a good article, handsomely put up in a convenient form for domestic use.

The only objection urged against this article is the supposed small quantity on each spool. This is easily explained. Each spool is warranted to contain one yard of silk; while in other spools, of the same price, has put an uncertain quantity, varying from 15 to 25 yards.

The spool Silk is ready for sale at the time of purchase, and it only needs a trial, to convince the most skeptical of the superiority of the article, independent of the neat and convenient form in which it is furnished, it has great advantages over the skein, as it does away with the tedious, and often vexatious process of winding, and the loss of time in preparing it for use.

"It is just such work as every mechanic should purchase."—Freeman's Journal.

"We consider it one of the most useful and important publications of the age. No mechanic can afford to be without it."—Newark, (N. J.) Commercial Courier.

"Of all the various publications having for their object the elucidation and advancement of the mechanical arts and sciences, none, we think, can be full of promise as this."—Buffalo Com. Adv.

"It is the best and cheapest work ever offered to the scientific and practical lovers of art and mechanic. The plates are beautifully executed."—Washington Globe.

"The great Encyclopedia is one of the most useful works ever published for years, and the low price at which it is sold makes it acceptable to all"—South Carolinian.

"We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Hartford Times.

"Ought to be taken by every one desiring to keep up with the times, and to know what is going on in the labors of civilized life."—Rondout Courier.

"It is designed after the principle of Ure's Dictionary, only that it is more full and up-to-date in its and engineering professions, and above all, is available as accomplishing for America what the last work did for England, viz: civilizing American machinery and workers of art."—Scientific American.

"It is published in parts, at a price so moderate, that, looking at what is contained in each number, that no one who has the least interest in such matters, can find it desirable to dispense with it, and every one who does so, will find that he has in a condensed form an amount of instruction which he cannot obtain, if it be at all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The engravings, some of them with which the subjects are treated, the admirable manner in which they are illustrated, conspire to make this one of the most desirable works."—Democratic Review.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who are desirous of improvement in their respective businesses. We have carefully examined it, with a view of recommending it to our readers. To them we can say in the strong language of the Bible: 'it is good'."—Baltimore Inventors' Journal.

M'ALLISTER'S OINTMENT,

Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the great medical work called "Beach's American Medical and Family Physician."

"Having been made acquainted with the ingredients which compose M'Allister's All-Healing Ointment and having prescribed and tested in several cases in my private practice, I do unhesitatingly recommend the Proprietor, as a Vegetable Remedy, containing no mineral substance whatever; that its ingredients combined as they are, are the best I have used, and that the Proprietor, are not only harmless, but of great value, being a truly scientific Remedy of great power, and should be generally recommended. It is a compound which has done much good, and which is adapted to the cure of a great variety of diseases. I have never either advertised, or engaged in the sale of secret medicines, regard for the truly honest, conscientious, humane character of the proprietor, and the good I know and the value of his discovery, oblige me to say thus much regarding it. PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tumors, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses knew its value in cases of Swollen or Sore Breast, they would always apply it in a case of need and be relieved from extreme pain and relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblains, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Rheumatism, Lumbago, Sciatica, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ages in the Face, &c

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased of you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for bruises and other complaints, with similar happy results. Your friend, JAMES McALLISTER.

MISCELLANEOUS.

JULES HAUEL'S MEDICATED NYMPH SOAP.—The skin of many persons is disfigured with slight eruptions, as pimples, morphew, &c., and when this is merely a disease of the skin, as it is in ninety nine cases out of every hundred, it is very easily removed. Jules Hauel's Nymph Soap is expressly adapted to diseases of the skin, as it acts directly upon the minute pores which cover its surface, cleansing them from impurities, and by its balsamic properties healing and cradicating all eruptions, and rendering the darkest and roughest skin soft, fair, and blooming.

Persons who have been in the habit of using ordinary soap, will be astonished at the beautiful effect produced by the Nymph Soap, in imparting a delicate bloom, preventing the neck, face, or hands from chapping, allaying all irritation, and removing all cutaneous eruptions. It possesses an exquisite perfume, and is entirely devoid of all alkaline properties, rendering it the only article which can be used with safety and comfort in the nursery.

All those whose faces or necks are disfigured with pimples, blotches, tan, morphew, &c., should make trial of Jules Hauel's Nymph Soap, as the proprietor positively assures them, that its use will render the most discolored skin white, the roughest skin smooth, and the most diseased skin healthy, pure, and bloming.

Jules Hauel's Nymph Soap is the only article which will effectually produce the above effects in so short a time, and the only one which is at the same time all powerful and entirely harmless. Prepared only by

SANDY AND BEAVER LINE,
From Pittsburgh to Columbus and Cleveland, through the rich and populous counties of Columbiana, Carroll, Stark, Tuscarawas, Coshocton, Muskingum, Licking, and Franklin.

The completion of the Sandy and Beaver Canal opens up to our city through this great natural central route a direct communication to the above as well as the adjoining counties of Wayne, Holmes, Knox, and Delaware.

From this section of Ohio, the trade with Pittsburgh has been, to a great extent cut off, in consequence of the high rates of transportation, which are now reduced 10, 20, and 50 per cent.

Boats of this line will leave daily, and run through without transhipment. The Canal company have bestowed upon this line an interest in the unprecedented advantages of their charter, and thus secured to the middle portions of Oh
