GROVER & BAKER'S

SEWING MACHINES

Were awarded the highest premiums at the State Fairs of

New York,	Kentucky,
Vermont,	Tennessee,
New Jersey,	Missouri,
Pennsylvania,	Alabama,
Ohio,	Mississippi,
Indiana,	Virginia,
Michigan,	North Carolina,
Wisconsin,	California,
Iowa,	Oregon,

At the Fairs of the American Institute, Franklin Institute, Mass. Mechanics' Association, Penn'a Mechanics' Institute, St. Louis Agricultural and Mechanics' Association, And at numerous Institutes and County Fairs, including all the Fairs at which they were exhibited the past three years. First prizes have also been awarded these Machines at the exhibitions of London, Paris, Dublin, Linz, Besancon, Bayonne, St. Dizier, Chalons, and they have been furnished, by special command, to the *Empress of France, Empress of Austria, Empress of Russia, Empress of Brazil, Queen of Spain, and Queen of Bavaria.*

The GROVER & BAKER Elastic-Stitch Sewing Machines are superior to all others for the following reasons:

1. They sew with two threads direct from the spool, and require no rewinding.

2. They are more easily understood and used, and less liable to derangement than other machines.

3. They are capable of executing perfectly without change of adjustment, a much greater variety of work than other machines.

4. The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

5. This stitch, owing to the manner in which the under thread is inwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty even upon articles frequently washed and ironed until they are worn out.

6. The structure of the seam is such that, though it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

7. Unlike other machines, these fasten both ends of the seam by their own operation.

8. With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

9. These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, easily learned and practised, execute the most beautiful and permanent embroidery and ornamental work.

GROVER & BAKER'S S. M. CO.,
730 Chestnut Street, Philadelphia,

Machines delivered at the residence of any one purchasing in either of the Boroughs.

Threads, Oils, Needles, and every other article appertaining to the working of the machine on hand and for sale by J. B. M. Todd.

NEW FAMILY

SEWING MACHINE.

THE superior merits of the "Singer" Machines over all others, for either family use or manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

OUR NEW FAMILY MACHINES,

which has been over two years in preparation, and which has been brought to perfection regardless of time, labor or expense, is now confidently presented to the public as incomparably the best Sewing Machine in existence.

The Machine in question is simple, compact, durable and beautiful. It is quiet, light running, and capable of performing a range and variety of work never before attempted upon a single Machine,—using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for hemming, braiding, cording, tucking, quilting, felling, trimming, binding, etc. are novel and practical, and have been invented and adjusted especially for this Machine.

Machines always kept on hand at my Tailoring Establishment, second story Saloff, Frow & Parker's Store, Bridge street, Mifflintown, Pa., for the inspection of the public, and for sale at the most reasonable prices.

Machine Cotton, Needles, Thread, Oil, &c., and everything pertaining to this Machine constantly kept on hand for sale.

PARLOR ORGANS, &c.

JAMES L. KELEY, General Agent for the sale of Pianos, Church Organs, Parlor Organs, &c., respectfully announces to the citizens of Juniata county that he is prepared to furnish any of the above named instruments at the manufacturers prices.

Among the many kinds of instruments I am prepared to sell, I offer first the celebrated Schomacker & Co. Pianos which are acknowledged to be superior to any other make in this country or Europe.

The Estey Church and Parlor Organs—the *ne plus ultra* of reed instruments, which are being introduced into churches so rapidly and which are pronounced the best by the leading and unprejudiced musicians of the country, will be furnished to churches and private families, at the shortest notice and upon reasonable terms.

Having had many years of practical experience in the musical trade, I can assure my patrons that if they will favor me with their orders, I will furnish them with the finest instruments manufactured. Every instrument sold by me comes direct from the manufacturers, and not from general wholesale dealers, consequently all may rely upon getting a new and perfect instrument, and full and direct guarantee from the manufacturers for the term of five years.

Each instrument ordered will be delivered to the residence of the purchaser without extra charge. The instruments of any other first-class manufacturers will also be furnished at their regular circular rates.

Persons who may desire to purchase, or to communicate upon the subject, may address me at New Bloomfield, Perry county, Pa.
