To Dr. Green, Western Agent for Mason's Syrup:

Dear Sir—From a sense of duty I owe to the public, as well as to yourself, I make the following statement of my case, hoping it may be the means of doing some good to others who may be similarly afflicted by inducing them to try the same invaluable remedy without delay. I have had a pain in my breast and side attended with a harrassing cough for more than three years, during which time I expectorated large quantities of matter; and last spring my cough became so bad that one blood vessel after another gave way in my lungs, which, together with the general wasting away of my general system, reduced me to that condition; that I was unable to attend to any business whatever, and gave up all hopes of ever being better. My case was pronounced hopeless and incurable by physicians and despaired of by every one that knew my condition. I was at this time coughing almost constantly, and losing an alarming quantity of blood from my lungs daily; and, such was my debilitated condition that I could not walk but a few steps without becoming exhausted; and no one who has taken the trouble of acquainting themselves of my real condition would for a moment consider that it was more hopeful than the worst cases of consumption generally. I have now taken nearly 3 bottles of the truly wonderful Sicilian Syrup. The bleeding of the lungs was stopped before I had taken half of the first bottle. My cough has abated, the pain has left my breast and side, and my former health and strength have so far returned that I am at work every day, and I feel that I am a new man. And I am satisfied that consumption may be and has been cured by the use of Dr. Mason's Sicilian Syrup, and I earnestly recommend all that suffer as I have done to try this justly celebrated Syrup without delay, for I do think it the greatest discovery that ever graced the medical profession. With the highest consideration of respect I subscribe myself your very much obliged friend, JOHN ROSS.

This is to certify that we, the undersigned, have been acquainted with John Ross for a number of years and cheerfully testify to the correctness of the statement above made of his case, and we do consider him a new man compared with what he was three months ago, and confidently accord the credit of his cure to the use of the truly celebrated Sicilian Syrup. Witness our hands and seals this 23d day of July. 1846.

Important to Consumptives.—Strange! that so many who are afflicted with a Cough that is gradually wearing them down, and slowly but surely, stealing them into that *dreadful disease Consumption*—that disease which carries off thousands daily—are doing nothing, or, what is worse than nothing, are gorging themselves with nostrums that are puffed to the skies for cures they are said to have effected on some foreign or unknown persons, when they can be positively cured by using Dr. Rogers' compound Syrup of Liverwort and Tar, which continues to make the most remarkable cures ever recorded in the annals of Medicine; which is proved by reference to the vast number of cures from the first and most respectable citizens—such as the Hon. Judge William Burke, the wife of the Rev. Geo. Maley; Doctor Wm. Richards; Mrs. Hiram Plumber; Devinney Ludlow, Esq., of Cincinnati; and a great number of others in this city.—Certificates of not only of remarkable cures of distressing Cough, but cases of Consumption positively cured, after physicians of the highest standing have given them up to die!

McAlister's All-Healing Ointment.
INSENSIBLE PERSPIRATION.

THE preceding figure is given to represent the Insensible Perspiration. It is the great *evacuation* for the impurities of the body. It will be noticed that a thick cloudy mass issues from all points of the surface, which indicates that this perspiration flows uninterrupted by when we are inhealth, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means, on nearly all the impurities within us. The language of Scripture is "in the *Blood* is the Life." If it ever becomes impure, it may be traced directly to the stoppage of the *Insensible perspiration*. Thus we see, all that is necessary when the blood is stagnant, or infected, is to open the pores, and it relieves itself from all impurity *instantly*. Its own heat and vitality are sufficient; without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practioners, however, direct their efforts to restore the Insensible Perspiration. The Thompsonian, for instance, *steams*, the Hydropathist shrouds us in wet blankets, the Homopathist deals out infinitissimals, the Allopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills, pills, pills.

To give some idea of the amount of the Insensible Perspiration, we will state that the learned Dr. Lewenhock; ascertained that five-eights of all we receive into the stomach, passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the Insensible Perspiration.

This is none other than the used up particles of the blood, and ther juices giving place to the new and fresh ones. To check this, therefore, is to retain in the system five-eights of all the virulent matter that nature demands should leave the body.

By a sudden transition from heat to cold, the pores are stopped, the perspiration ceases, and disease begins at once to develope itself. Hence, a stoppage of this flow of the juices, originates so many complaints.

It is by stopping the pores, that overwhelms mankind with coughs, colds, and consumption. Nine tenths of the world die from diseases induced by a stoppage of the Insensible Perspiration.

Let me ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores, after they are closed. Would you give physic to *unstop* the pores? Or would you apply something that would do the work upon the surface, where the clog ging actually is? And yet I know of no physician who makes any external applications to effect it. Under these circumstances, I present to physicians, and to all others, McAlister's *All-Healing Ointment*, or the *World's Salve*. It has *power* to restore perspiration on the feet, on the head old sores, upon the chest, in short, upon any part of the body, whether diseased slightly or severely.

It has *power* to cause all external sores, scrofulous humors, skin diseases, poisonous wounds, to discharge their putrid matter, and then heals them.

It is a *remedy* that sweeps off the whole catalogue of cutaneous disorders, and restore the entire cuticle to its healthy functions.

It is a *remedy* that forbids the necessity of so many and deleterious drugs taken into the stomach.

It is a remedy that neither sickens, pains, inconvenience, or is dangerous to the intestines.

It preserves and defends the surface from all derangement of its functions. The surface is the outlet of five-eights of the life and used up matter within. It is pierced with millions of openings to relieve the intestines. Stop up these pores, and *death* knocks at your door. It is rightly termed All-Healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last thirteen years for all diseases of the chest, consumption, liver involving the utmost danger and responsibility; and declare before Heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal means.

I have had physicians, learned in the profession; I have had ministers of the Gospel, Judges on the Bench, Editors, Lawyers and Laymen, gentlemen of the highest erudition and *multitudes of the poor*, use it in every variety of way, and there has been but one voice—one united and universal voice—saying "McAlister, your ointment is good."

CONSUMPTION.—It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But if placed upon the chest it penetrates directly to the lungs, seperates the poisonous particles that are consuming them, and expels them from the system.

I need not say that it is curing persons of consumption continually, although we are told it is foolish, nesy, and folly to do so. What is said, so long as I can cure several thousand persons yearly.

HEADACHE.—The Salve has cured persons of the Headache of ten years standing, and who had it regularly every week, so that vomiting often took place.

Deafness and Ear Ache are helped with like success.

COLD FEET.—Consumption, Liver complaint, pains in the chest or side, falling off the hair, one or the other always accompanies cold feet.

The Salve will cure every case.

In Scrofula, Erysipplas, salt Rheum, Liver complaint Sore Eyes, Quinsy, Sore Throat, Bronchitis, Broken or Sore Breast, Piles, all Chest Diseases, such as Asthma, Oppression, P ain, also Sore Lips, Chapped Hands, Tumours, Cutaneous Eruptions, Nervous Diseases, and of the Spine there is probably no medicine now known so good.

BURNS.—It is the best thing in the world for Burns. (See the Directions around the box.)

PIMPLES ON THE FACE—Merculine Skin gross surface. Its first action is to expel all humour. It will not cease drawing till the face is free from any matter that may be lodged under the skin, and frequently breaking out to the surface. It then heals When there is nothing but greasiness, or dull surface, it begins to soften and soften until the skin becomes as smooth and delicate as a childs.

WORMS.—If parents knew how fatal most medicines were to children taken inwardly, they would be slow to resort to them. Especially "mercurial lozenges" called "medicated lozenges," "vermifuge" pills, &c. The truth is, no one can tell, invariably when worms are present. Now let me say to parents that this Salve will always tell if a child has worms. It will drive every vestige of them away. (Read the directions around the box.)

There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.

TOILET.—Although I have said little about it as a hair restorative yet I will stake it against the world! They may bring their Oils far and near, and mine will restore the hair two cases to their one.

OLD SORES.—That some Sores are an outlet to the impurities of the system, is, because they cannot pass off through the natural channels of the insensible Perspiration. If such sores are healed up the impurities must have some other outlet, or it will endanger life. This salve will always provide for such emergencies.

RHEUMATISM.—It removes almost immediately the inflammation and swelling, when the pain of course ceases.

FEVERS.—In all cases of fever, the difficulty lies in the pores being locked up, so that the heat and perspiration cannot pass off. If the least moisture could be started the crisis has passed and the danger over. The All-Healing Ointment will in all cases of fevers almost instantly unlock the skin and bring forth the perspiration.

SCALD HEAD.—We have cured cases that actually defied every thing known, as well as the ability of fifteen or twenty doctors. One man told us he had spent $500 on his children without any benefit, when a few boxes of the ointment cured them.

CORNS.—Occasional use of the Ointment will always keep corns from growing. People need never be troubled with them if they will use it.

AS A FAMILY MEDICINE.—No man can measure its value. So long as the stars roll along over the Heavens—so long as man treads the earth, subject to all infinities of the flesh—so long as disease and sickness is known—just so long will this good Ointment be used and esteemed. When man ceases from off the earth, then the demand will cease, and not till then. JAMES McALISTER & Co.
