Transportation Lines.

Pittsburgh Portable Boat Line.

1846.

FOR the transportation of freight between Pittsburgh and the Atlantic cities, via Pennsylvania improvements and Baltimore and Susquehanna railroad.

The proprietors of this old established line, having completed their arrangements, are prepared to forward goods to and from the East (on the opening of the canal navigation,) on as reasonable terms as any other responsible line, and are determined that no care or attention on their part shall be wanting to secure a continuance of that patronage so liberally bestowed upon them for several years past.

The decided success of the portable boat system, so manifest in the regularity and despatch experienced in the delivery of goods, the absence of all risk of delay, breakage or other damage, incident to the old system, where goods have to be hurriedly transshipped three times on the way, and the merchantable order in which produce has been avowedly delivered by them, has induced the proprietors to increase their stock considerably this season. Their extensive warehouse at each point, (unequalled by any other line,) affords them facilities to conduct their business with despatch; and to shippers the convenience of free storage, if required, until their arrangements are complete—while their long experience in the carrying trade, it is presumed, will be sufficient guarantee to their patrons and the public that they successfully exert themselves to give general satisfaction.

Produce received forwarded, steamboat charges paid, and bills of lading transmitted free of charge for commission, advancing or storage, and all communications to the following agents promptly attended to.

Bingham's Transportation Line.

1846

CONDUCTED on strict Sabbath-keeping principles, though not claiming to be the only line that is conducted. The proprietors of this old established line have put their stock in the most complete order, and are thoroughly prepared to forward produce and merchandize to and from the Eastern cities on the opening of navigation.

We trust that our long experience in the carrying business, and zealous attention to the interests of customers, will secure to us a continuance and increase of the patronage heretofore bestowed on Bingham's Line.

Our arrangements will enable us to carry freight with the utmost despatch; and our prices shall always be as the lowest charged by other responsible lines.

Produce and merchandize will be received and forwarded east and west without any charge for advertising, storage or commission.

Bills of lading forwarded and every direction promptly attended to.

Emigration Lines.

Tapscott's General Emigration Office.

REMITTANCES and passage to and from GREAT BRITAIN AND IRELAND, by W. & J. T. Tapscott 75 South street, corner of Maiden Lane, New York, and 96 Waterloo road Liverpool.

The subscribers having accepted the agency of the above house, are now prepared to make arrangements upon the most liberal terms with those desirous of paying the passage of their friends from the old Country, and flatter themselves their character and long standing in business will give ample assurance that all their arrangements will be carried out faithfully.

Messrs. W. & J. T. Tapscott, are long and favorably known for the superior class, accommodation sailing qualities of their Packet Ships. The QUEEN OF THE WEST, SHERIDAN, ROCHESTER, GARRICK, HOITTINGUER, ROSCIUS, LIVERPOOL, and SIDDONS, two of which leave each Port monthly, from New York the 21st and 26th and from Liverpool the 6th and 11th, in addition to which they have arrangements with the St. George and Union Lines of Liverpool Packets to insure a departure from Liverpool every fiv edays being thus determined, their facilities shall keep pace with their increasing patronage, while Mr. W. Tapscott's constant personal superintendance of the business in Liverpool is an additional security that the comfort and accommodation of the passengers will be particularly attended to.

The subscribers being (as usual) extensively engaged in the Transportation Business between Pittsburg and the Atlantic Cities, are thereby enabled to take charge of and forward passengers immediately on their landing, without a chance of disappointment or delay, and are therefore prepared to contract for passage from any sea port in Great Britain or Ireland to this City, the nature of the business they are engaged in giving them facilities for carrying passengers so far inland not otherwise attainable, and will, (if necessary,) forward passengers further West by the best mode of conveyance without any additional charges for their trouble. Where persons sent for decline coming out, the amount paid for passage will be refunded in full.

REMITTANCES.

The subscribers are also prepared to give drafts at sight, for any amount payable at the principal Cities and Towns in England, Ireland, Scotland and Wales; thus affording a safe and expeditious mode of remitting funds to those Country friends and relatives. Application (if by letter post paid) will be promptly attended to.

CLOTHING! CLOTHING!! CLOTHING!!!

The Three Big Doors vs. The Western World!!!

150,000 WELL SELECTED GARMENTS NOW made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this far famed and extensive establishment has now, after returning from the Eastern cities, at much trouble and expense to just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old unrivalled Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many calls in my line, it is with difficulty I can keep pace with the constant run that is made on this popular establishment. It is a well established fact, that my sales are eight or ten times larger than any other house in the trade, and this being the case on the annual sale, I can afford to sell cheaper for profit than others could possibly think of doing if they wished to cover contingent expenses. I intend to make a clean sweep of all my present stock before the beginning of next year, coming to the conclusion, I will make it the interest of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors.

Medical.

The Press, Medical Faculty and Thousands who have used *Dr. Swayne's Compound Syrup of Wild Cherry*, all concur in pronouncing it one of the best remedies ever invented, for the cure of all PULMONARY AFFECTIONS.

CONSUMPTIVES BEWARE OF IMPOSITION.—The Wild Cherry Tree in all ages of the world, and in all countries where it is known, both among civilized as well as savage nations and tribes, is justly celebrated for its wonderful medicinal qualities.—This, combined with many other valuable vegetable extracts, and prepared by a skilful physician, who possesses the advantages of the experience and practice of his profession of nearly a quarter of a century, must be a valuable acquisition to those who are laboring under any of the dangerous diseases of the Lungs so common in our climate. Such a preparation is Dr. Swayne's Compound Syrup of Wild Cherry, prepared by himself at his labartory in Philadelphia. *Dr. Wistar*, of Philadelphia, *has not not* never *has had* any thing to do, with any preparation of Wild Cherry, but there was one got up in Philadelphia and the name of *Wistar* attached, the right of which was sold out to some merchants in the West. If you would get the genuine article, the only one prepared by a regular physician, see that the signature of Dr. Swayne, of Philad'a., is on each bottle.

More Home Testimony.

PHILADELPHIA, Sept. 28, 1846.

Dr. H. Swayne:—Dear Sir—Having seen the "astonishing cure" performed on Mr. Thomas by your *Compound Syrup of Wild Cherry*, I was induced to try it on myself. I was taken with a violent cough, spitting of blood, shortness of breathing, together with violent attacks of Asthma. I overdone myself from exertion which I was not able to perform, which prostrated my system to a great extent. I commenced the use of your Compound Syrup of Wild Cherry, together with your Extract of Sarsaparilla and Tar Pills, which gave me almost immediate relief, and I am glad to give my testimony to all who may be afflicted in a similar way. I am now able to resume my daily labor. It would do well to see that the signature of Dr. H. SWAYNE is on each bottle of Wild Cherry. My residence is in Thirteenth street two doors from the corner of Willow, where I shall be glad to have an interview with all similarly afflicted.

WM. R. WALTON.

Letter from the Rev. R. Jackson.

Formerly Pastor of the First Presbyterian Church, New York.

NEWARK, Feb. 15, 1846.

Dr. Swayne—Dear Sir—Permit me to take the liberty of writing to you at this time, to express approbation, and recommend to the attention of heads of families and to others your valuable medicine—your Compound Syrup of Wild Cherry. In my travels of late, I have seen in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Hooping Cough, wheezing, choking with the phlegm, asthmatic attacks, &c.

I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, but I have been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an only child, whose case was almost hopeless, in a family of my acquaintance. I think I may say, said a doting mother, 'my child is saved from the jaws of death.'

Beyond all doubt, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed in an obstinate attack of the Bronchitis, in which it proved effectual in an exceedingly short time. I can recommend it in the fullest confidence of its superior virtues. I would advise that no family should be without it; it is very pleasant, and always beneficial, works direct and often ten times its price. The public are assured there is no quackery about it.

R. JOHNSON, D. D.

Reader! are you suffering from a cold or disease of the lungs? Try it immediately, you will not be regretted. It will prevent all disease dangerous symptoms which strike so much terror to the mind, and prolong your days; beware of all preparations purporting to contain Wild Cherry, except that bearing the signature of Dr. H. Swayne, on the outside wrapper of each bottle as they are quite likely destitute of the article from which they borrow a name.

Prepared only by Dr. SWAYNE, *whose office has been removed to the N. E. Corner of Eighth and Race streets*, Philadelphia.

Sold wholesale and retail in Pittsburgh at proprietors prices, by Wm. THORN, 55 Market st.; OGDEN & SNOWDEN, corner of Wood and 2d sts.; J. JONES, 140 Liberty st.

Wilson's Pills.

THE WILSON PILLS, as a remedy peculiarly adapted for headaches and dyspeptic affections, are pretty generally known and esteemed in the community, and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing the long-continuing and the ending"—thrown almost in juxtaposition—of so many nostrums and kindred preparations equally loud in their pretensions, and much more industriously presented to the public, while his preparation modestly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends, thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in it, yet he is obliged to his friends for the most *substantial* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest tyro (as a general thing) so soon begins to dabble in things than he cares about for some cheap preparation, or must 'get up,' as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious he was even insufficient to sell it. The difference then between the Wilson Pill and the preparations a have just indicated, would appear to be this: The consciousness of the value of my pill originated it, and guides of putting them on sale for money, and at a price. The consciousness of the value of *money* originates in most instances the many preparations I have alluded to; and the *price* must be high, to be, it is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a DISCOVERY, and comes from the great Arcana of Universal Nature; the other a *trick or trick* and comes from a not very popular quality of Individual Nature. Reader! the difference here is great. In one instance the *value* attached to the pill is the starting point; in the *other*, the MONEY. But it is not probable that some of the many imitations, even such paternity were *accidentally good*, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we clean wheat, they have succeeded in so sifting, as to have their specific gravity had been carefully ascertained, and have blown off never to be heard of, with other chaff—some lighter, some heavier.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendious category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remedy, and may be kept and taken, in proper doses, in families, as a preventative of general ill health, or disease of whatever name, by any member of the family, without any fear of the consequences of exposure in the ordinary pursuits of business.

☞ They may always be had in any quantity of the proprietor, in Penn street, below Marbury, and of the principal Druggists of this city and Allegheny.

CHRISTIE'S

A POSITIVE AND PERMANENT CURE FOR RHEUMATISM AND ALL NERVOUS COMPLAINTS.

"What though the *causes* may not be explained,
Since their *effects* are duly ascertained,
Let not delusion, prejudice, or pride,
Induce mankind to set the means aside;
Means which, tho' simple, are by Heaven design'd
To alleviate the ills of human kind."

DR. CHRISTIE'S GALVANIC RINGS AND MAGNETIC FLUID.

THIS remarkable invention, which has received the universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent, by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c., are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use. The strong doses, and irregular intervals, in which Galvanism is applied by the Machines, has been pronounced, after a fair and impartial trial, to be *decidedly injurious*, and it was to remedy this radical defect that this new application was projected, which, after unceasing toil, and perseverance, has been brought to its present state of perfection. The *Galvanic Rings* answer all the purposes of the most expensive Machines, and in many other respects are more *safe* and *certain* in accomplishing the desired effect.

The *Galvanic Rings* used in connection with the *Magnetic Fluid*, are confidently recommended in *all disorders which arise from an enfeebled and unhealthy state of the nervous or vital system*, and these complaints are among the most painful and universal to which we are subject. They arise, without exception, from one simple cause—a derangement of the Nervous System—and it was in these cases that other remedies have so often failed, a new agent was greatly needed, which it is confidently believed, has been found in the proper and judicious application of Galvanism.

The Galvanic Rings have been used with entire success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs, *Gout, Tic-Doloreux, Toothache, Bronchitis, Vertigo, Nervous Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Hysteria, Cramp, Palpitations of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pain in the Chest and Side, General Debility, Deficiency of Nervous and Physical Energy, and all* NERVOUS DISORDERS. In cases of confirmed Dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful. The Galvanic Rings produce effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The Rings are of different prices, beautifully made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

The Galvanic Belts, Bracelets, Bands, Garters, Necklaces, &c.

In some cases of a very severe character, and of long standing, the power as applied by the Galvanic Rings is not sufficient to arrest the progress of disease and ultimately restore health. The improved modification in the Galvanic Belts, Bracelets, &c., entirely remedies this objection; any degree of power that is required can readily be obtained, and no complaint of the mysterious agent of Galvanism can effect will fail to be permanently relieved. These articles are adapted to the waists, arms, wrists, limbs, ankles, or any part of the body, with perfect convenience, and the Galvanic Necklaces are used with greater benefit in cases of Bronchitis or affections of the throat generally; also in cases of Nervous Deafness, and with almost uniform success as a preventive for Apoplexy, Lipothymy, Fits, and similar complaints.

Christie's Magnetic Fluid

is used in connection with the Galvanic Rings and all their modifications. This composition has been pronounced by the French Chemists to be one of the most powerful agents in modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to galvanic action* by that mysterious agent, and at the same time, by its stimulating a concentration of the influence, acting as a tonic of the most rapid and permanent relief. No other composition in chemistry is known to produce the same effect, or to impart a similar property to the nervous system, by its application outward to the surface of the skin. This and contains nothing capable of the slightest injury, its application is agreeable, and it is as harmless in its action as it is beneficial in its results. Full explanations and directions accompany it. The combined influences are in every way perfectly harmless; they are sold at prices within the reach of all and the discoverer only requests a fair trial as a test of their surprising efficacy and permanent benefit.

Christie's Galvanic Strengthening Plasters.

These articles form another valuable application of the mysterious influence of Galvanism. They are an important adjunct to the popular Galvanic Rings and their modifications, acting upon the same principle, but having the advantage of more local application. They are confidently recommended as a valuable addition in the speedy cure of Rheumatism, acute or chronic, in all nervous complaints, and as a positive remedy in cases of *Pain and Weakness in the Chest or Back, Pain in the Side, in Asmatic Affections*, and in *Weakness or Oppression of the Pulmonary Organs*. In Spinal Complaints their effects are of the most decided character, and they have often been used with complete success. They are also of the greatest advantage in Pains and Weakness of the Breast, and are highly recommended for many of those complaints to which females are especially liable. As an effectual means for strengthening the system when debilitated with disease or other causes to a certain extent, and Constitutional Weakness, as a Preventive of Colds, and in all affections of the Chest, generally, the Galvanic Strengthening Plaster will be found of great and permanent advantage. In few words it embraces all the virtues of the best tonic preparation, with the important addition of the galvanic influence, which is neither impaired nor exhausted, while the action continues. These articles will be found entirely free from those objections which are a constant source of complaint with the ordinary plasters in common use.

CAUTION.

☞ The great celebrity and success of these articles have caused them to be counterfeited by unprincipled persons. To provide against imposition, Dr. CHRISTIE has but one authorized agent in each city of the Union. The only agent in Pittsburgh,

W. W. WILSON.

CERTIFICATES AND TESTIMONIALS,

Of the highest and most respectable character, are constantly received, regarding the extraordinary value and success of the above articles. It is believed that in the city of New York alone, upwards of EIGHT THOUSAND PERSONS during a period of less than a year, have been entirely relieved of the most painful chronic disorders, some of which have completely baffled all former efforts of medical art, indeed many of the first physicians of this city, who disapprove of the Galvanic and Magnetic Machine, constantly recommend this application in their practice, and with the exception of those who are too prejudiced to give it a trial, the invention has received unanimous favor with the most intelligent among the American Faculty. Dr. Christie is at all times ready and most happy to give every facility to physicians, and all interested, for testing the truth of his assertions and the efficacy of his discovery.
