"JUNIATA ENCAMPMENT," No. 19, I. O. O. F. meets on the first and third Tuesdays of each month, in the Odd Fellows' Hall, Thompsontown, Juniata Co., Pa.

TOWN AND COUNTRY.

FLIES have made their appearance.

SHORT—the grass. Ditto—the oats.

WINDY and dusty—Last Friday afternoon.

CHIAROSCURO—Distribution of light and shadow in painting

BEAUTIFUL and fragrant—The locust blossoms.

THE greatest need of the community now is, rain.

THE Democracy is opposed to protection, but is afraid to say so

THE corn has an unhealthy appearance. It has time, however, to brighten up.

A KNOWING one says, a parasol, with a perfume bottle at the end of it, is said to be latest novelty in ladies' dress goods.

HABITS acquired by boys on the street after night fits them for membership of such societies as the late Paris Commune, whenever the opportunity arrives.

IT is impossible to pay a higher compliment to Republican principles than that paid by the Democratic party when it incorporated these principles in their platform.

"How is that for high? The 6th and 9th resolutions of the Democratic platform is made entirely of Republican timber. They are several others that are made of mixed stuff

THE question asked since the meeting of the Democratic State Convention is, "Where, oh, where is the White Man's Party?" Will the *Register* please answer.

SHERIFF LOUDON has moved his Tailoring Establishment into a room in the new building on the Parker lot, where his old friends and the public can find him in greatly improved quarters.

LAST Saturday a boy was taking his first lesson in the art of swimming, in the basin, south of town. He went beyond his depth, and came near being drowned.

J. W. DEAN has removed his shoe shop to the room once occupied by Dean & Brother, on the east side of Tuscarora street, one door south of Main street, Patterson, Pa.

THE Sacrament of the Lord's Supper was administered at the Mennonite church in Fayette township, last Sabbath. Many people were present. Numbers could not find room in the church.

A Chicago merchant advertised a "boy wanted," and before he got down town his clerk met him breathless, and told him that his wife had twin boys. It pays to advertise.—*Ex.*

SAMUEL ROLLMAN has opened a wagon-maker's shop in Patterson, in the building formerly used by Joseph Kerlin as a blacksmith shop. Mr. Rollman is an energetic and worthy young man, and merits a full share of the patronage of the public, in his line.

THE ladies of the First Methodist Episcopal Sunday School, Mifflin Station, will hold a Strawberry and Ice Cream Festival at Weller's Ice Cream Garden, on Friday and Saturday evenings of this week, being the 2nd and 3rd of June. You are invited

THE place along the lot, on Bridge street, that used to be dark in the evening, is now made bright and cheerful by the light streaming from the business rooms in the new building on the Parker lot and from the large gas light in front of Hollobaugh's saloon.

LONG but interesting are the proceedings of the Sunday School Convention recently held in this place. See first page. At the Sabbath School and at the hearth children receive the instruction that fits them in after life for the guardianship of good government.

AN exchange says, a gentleman living in Perry county, being annoyed by rats around his hog pen, stationed himself with gun in hand, and on seeing what he thought to be a large one, fired—and brought down—a hog weighing 150 pounds.

A FIRE was discovered in Jacob Wise's tin shop, in Patterson, last Wednesday evening, just in time to save the building from destruction. At the time of the discovery of the fire, it had progressed so far that a hole in the floor large enough to admit the passage of the body of a man, was burned. It is believed that the fire started from a spark from the furnace falling on the floor while Mr. Wise was at supper.

SERIOUS—The wry faces and gags of the Democracy of these parts, when the resolutions of the late Democratic Convention, relative to the currency and the fifteenth amendment, was presented. The dose was swallowed, however, after many excuses, and did not turn their stomachs. It lies easy there, and, as a consequence, they are better. The more they swallow of Republican medicine the better they will grow.

JOHN L. NORTH has taken one of the fine rooms in the new building on the Parker lot, where he is ready to serve his customers and everybody else who may call on him, with boots and shoes for men and boys, and all kinds of ladies' and children's wear. Mr. North is prepared to furnish those who call on him, with ready-made boots and shoes, or make them from the measure, just as customers prefer.

THE Berks county *Journal* says there is living in Reading, at this time, a German dealer in rags, etc., who is the happy father of forty children. He is fifty-five years of age, and is now living with his third wife, who is thirty seven years old. His first wife, in eight years and four months, had seventeen children, having had triplets on three different occasions. Of the forty children, twenty-one were boys and nineteen girl, thirty-six of whom are dead.

Attention, Farmers.—Look to your interests and buy the Valley Chief Reaper and Mower combined, with self-rake, the best and speediest cutting machine in the market. The rake throws the gavels entirely out of the way of the team. The Valley Chief is manufactured by Marsh, Grier & Co., Mount Joy, Lancaster Co., Pa., and is for sale in Juniata county by Daniel Auker, of Walker township, near Cedar Spring, and by J. F. G. Long, near Centre School House, in Spruce Hill township. [may17-4t

FIRE.—About one o'clock on Monday afternoon, a fire that doubtless was kindled by a spark from a stove-pipe, was discovered on the roof of the dwelling house of Mr. Silas Shamp, on Washington street. The Court House bell was rung, and the whole male portion of the town ran to the burning house. The engine was taken there, too, but soon exhausted itself—exit engine. Everybody that could get a dash at the fire went for it. The bucket and the axe did their work, and the fire was extinguished by the time that it had burned the roof off the house. The building is insured in the Lebanon Mutual Insurance Company.

VALUABLE DONATIONS.—M. F. F. Milloe, of Philadelphia, has recently presented to the Engineering Department of Lafayette College, Easton, Pa., a complete working model of a locomotive, constructed in England, at a cost of over $1,000. The Library of this department has lately been enriched by a number of works upon Engineering, presented by Mr. Edward Miller, C. E., and a collection of the reports and all other official documents relating to the Suez Canal, presented to the college by the distinguished French Engineer, M. Ferdinand de Lesseps. It is contained in twenty-three volumes with maps, plans, &., and is the only complete collection of the kind in this country.—*Ex.*

THE General Council of the denomination of Dunkers holds its sessions at Millersburg, Berks county, this week. A number of Juniata people of that denomination are in attendance. Ministers and delegates from all parts of the United States are there. An exchange says: "A large farm has been rented for the accommodation of the meeting, and about three thousand dollars has been raised to meet its expenses. A dining tent has been erected which will accommodate four hundred guests and a large barn has been fitted up with sleeping accommodations. There will be no preaching during the meeting, and the time will be occupied in deliberations in reference to the kingdom of Christ, and the welfare of their denomination."

THE time for snake stories is here.—The first one of the season that has come under our notice appeared in last week's issue of the Hollidaysburg *Register*, and reads as follows:

Two lads by the name of David Rhodes and John Shafer, on Tuesday last, while playing on the farm of Samuel Robison several miles west of this place, came across a large black snake, which observed by the boys at the time, suddenly sprung upon Rhodes, fasting its fangs in his breast. The lad with some effort pulled it off, when it again bit him on the arm. They together finally succeeded in killing the snake, and dragged it to town, when their adventure was related with much pride, and the slimy reptile exhibited as an evidence of their prowess.

It is said that this species of snake is not poisonous, and such would appear to be the case, as the boy suffered no further harm than the mere wound inflicted by the bite.

MR. GEO. GOSHEN has just received at his cheap Store, in Patterson, another lot of Dry Goods, Groceries, prime Mackeral and Herring, Queensware, &c. He respectfully invites the public to give him a call, as he guarantees satisfaction. He is buying in Bark, and will pay the highest cash price for it. Railroad Ties will be taken at his Coal Yard at the Lock above Mifflin and at Patterson, in exchange for goods of all kinds, and the highest prices allowed for them.

GOLDEN FOUNTAIN PEN.

Something new and novel. Be sure and read the advertisement in our paper, headed "Greatest Invention of the Age." We believe the Golden Fountain Pen is unsurpassed. A good pen is a necessity to every man, woman and child. Agents, here is a chance to make money in introducing a good and saleable article.

CORNS.—How they sting, throb, ache, smart and burn, upon our feet. In vain we beg, and threaten, we curse, we flourish the sharpest knives above their heads, we burn, we cut, hack, hew and fell, and still the pesky corns remain a thing of misery.—Useless are entreaties, tears, curses, groans; nothing can remove our corns but Brigg's Alleviator and Curative, a sure cure for Corns, Bunions, Ingrowing Nails, and all ailments of the feet.

PILES!—Internal, External, Bleeding or Itching. This distressing and harrowing disease is alarming on the increase. More so, perhaps, from the fact that those who are afflicted with it are, from a false notion of delicacy, afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect. At the first intimation of the appearance of this complaint they should procure Briggs' Unrivaled Pile Remedy, and, using it according to directions, immediately check it and permanently cure it. It is easy of application, and thorough in its effects.

HEADACHE, Neuralgia and Nervous Diseases.—The wonderful effects of Dr. Briggs' Allevantor, for the speedy cure of the above very prevalent and painful afflictions, is known to many thousands who have used it with the most unqualified success. In every case of the complaint above enumerated it has never failed to give immediate relief. Its effect is magical beyond precedent. One trial will convince the most skeptical. Each bottle making two quarts when diluted for use.

CONSUMPTION.—This fatal and dreaded disease can, and has been cured. Dr. J. Briggs' Throat and Lung Healer is a pleasent, agreeable and sure remedy for Coughs, Whooping Cough, Croup, Hoarseness, Bronchitis, Laryngitis, Sore Throat, Asthma, Consumption, and all diseases of the Throat, Lungs and Chest.

The above medicines are sold by BANKS & HAMLIN, Mifflintown, and by druggists generally.

PHILADELPHIA MARKETS.

PHILADELPHIA, May 30, 1871.

The receipts of Flour are moderate, and there is more disposition to realize now that the souring season is so near at hand. There is a fair demand from the home consumers. Sales of 1300 bbls including:

Superfine	$5 25@5 50
Extras	$5 62@6 00

Prime wheat is scarce and wanted, but other descriptions are neglected. Sales of 3100 bush. at $1 65@1 68 for Ind. and Ohio; and $1 80 for Western white. In Rye no movement. Corn is dull. Sales of 1200 bush. at 75c. for yellow and Western mixed. Oats command full figures. Sales of 2000 bush. Penn. and Western at 65c.

PHILADELPHIA CATTLE MARKET.

MONDAY, May 29—P. M.

The market for Beef Cattle was again excessively dull to-day, and prices favor buyers. The receipts were quite liberal, and many remained in the pens unsold. We quote choice at 5¼@6¼c. fair to good at 5¼@5¾c and common at 4@5c. ℔ lb. gross. A few brought 6c. Receipts, 2300

Cows and Calves were not much in request. We quote at $45@65. Receipts, 200 head.

Sheep attracted but little attention, and prices declined. Sales of clipped at 4@5½c. ℔ lb. Receipts, 15000 head.

Hogs.—There was no vitality in this department, and prices continue to droop, under the influence of reports of a heavy hog crop this summer. We quote common at 6¼@7½c. and prime at 7c. ℔ lb for corn-fed. Receipts 3000 head.

USE THE BEST.

Nine years before the public, and no preparation for the hair has ever been produced equal to Hall's "Vegetable Sicilian Hair Renewer," and every honest dealer will say it gives the *best satisfaction.* It restores GRAY HAIR to its original color, eradicating and preventing dandruff, curing BALDNESS and promoting the growth of the hair. The gray and brashy hair by a few applications is changed to black and silky locks, and wayward hair will assume any shape the wearer desires. It is the cheapest HAIR DRESSING in the world, and its effects last longer, as it excites the glands to furnish the nutritive principle so necessary to the life of the hair. It gives the hair that splendid appearance so much admired by all. By its tonic and stimulating properties it prevents the hair from falling out, and none need be without Nature's ornament, a good head of hair. It is the first real perfected remedy ever discovered for curing diseases of the hair, and it has never been equalled, and we assure the thousands who have used it, it is kept up to its original high standard. Our Treatise on the Hair mailed free; send for it.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup,* it should be kept on hand in every family, and inasmuch as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral.* So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure,* and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints,* arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Manhood: How Lost, How Restored

Just published, a new edition of *Dr. Culverwell's Celebrated Essay* on the *radical cure* (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc., also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance

☞ Price, in sealed envelope, only 6 cts.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*

☞ This Lecture should be in the hands of every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the publishers,

7-30 GOLD LOAN

OF THE

Northern Pacific Railroad.

RAPID PROGRESS OF THE WORK.

The building of the Northern Pacific Railroad, (begun July last), is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and track-laying is rapidly progressing toward the eastern border of Dakota. Including its purchase of the St. Paul & Pacific Road, the Northern Pacific Company now has 413 miles of completed road, and by September next this will be increased to at least 560.

A Good Investment. Jay Cooke & Co., are now selling, and unhesitatingly recommend, as a Profitable and perfectly Safe Investment the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent. gold interest (more than 8 per cent. currency) and are secured by first and only mortage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the Road is completed, on

23,000 Acres of Land to every mile of track, or 500 Acres for each $1,000 Bond.—They are exempt from U. S. Tax; Principal and Interest are payable in Gold; Denominations; Coupons, $100 to $1,000; Registered, $100 to $10,000.

Lands For Bonds—Northern Pacific 7-30's are at all time receivable at TEN PER CENT. ABOVE PAR, in exchange for the Company's lands, at their lowest cash price. This renders them practically INTEREST BEARING LAND WARRANTS.

Sinking Fund.—The proceeds of all sales of Lands are required to be devoted to the repurchase and cancellation of the First Mortgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense Sinking Fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more PROFITABLE OR SAFE.

Exchanging U. S. Five-Twenties.—The success of the New Government 6 per cent. Loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit and greatly increasing their yearly income.

Other Securities.—All marketable Stocks and Bonds will be received at their highest price in exchange for Northern Pacific Seven-Thirties. EXPRESS CHARGES of Money or Bonds received, and on Seven-Thirties sent in return, will be paid by the Financial Agents. Full information, maps, pamphlets, etc., can be obtained on application at any agency, or from the undersigned.
