TOWN AND COUNTRY.

To balance probabilities,—get a Fair banks scale.

THE Central M. E. Conference is in session at Chambersburg.

ROAD supervisors are busy shoveling the snow out of the roads.

Two car loads of coal oil were consumed by fire on Monday evening, between Patterson and Lewistown.

THE number of deaths in the United States during the year 1871, from the explosion of coal oil and fluid lamps was 3,500

JAMES BURNS, ESQ., of Lewistown, while enjoying a plate of oysters at the West Philadelphia depot last Saturday, had a valise containing clothing and papers and an overcoat, stolen.

SOME four or five journalistic gentlemen of Cambria and Blair counties have gotten themselves into a libel suit through the Altoona scandal. We are sorry for these gentlemen. Private filth is an ugly thing to touch.

AN exchange writes of the world thus: Little good, less happiness; plenty of fraud, murder, theft and humbug. The old people are dying, the young people are getting married, and babies keep up a supply of all this misery.

ACCIDENT.—Mr. John O'Donald, of Patterson, a brakeman on local freight east, on Monday last had his breast and left shoulder considerably crushed while coupling cars at Lewistown He was brought home on the 11:30 train.

ATTENTION, FAYETTE UNION GUARDS—You are requested to meet at your armory on Saturday, March 15th, at 10 o'clock A. M. A full attendance is expected. By order of the Captain.

W. V. SHIRK, O S.

DRYDEN was so bound up in his books that his wife exclaimed: "I wish I were a book that I might always be in your society." "I wish you were an almanac, so I could change you every year," replied he

SOME man, whose name we have not learned, got on the Fast Line west yesterday evening, at Patterson, in a mistake, having intended to take the Mail Train east. He discovered the mistake when the train had gone about a mile, and jumped off. He received an ugly gash above the left eye and had his face otherwise considerably bruised. It is a marvel he was not killed.

HOUSE BURNED — A dwelling house owned by John Yoder, Sr., in Fermanagh township, and occupied by Benjamin Dillman, was entirely consumed by fire on Saturday last Very little of the contents were saved, as the fire was not discovered until the upper portion of the building had fallen in—the occupants having been absent at the time on a visit to a neighbor's. A defective chimney is supposed to have caused the fire. Loss about $800. No insurance.

ARM CRUSHED —George Watts, a son of Mr Jonathan Watts, aged 10 years, on returning from school on Tuesday evening, 4th inst, was caught by a freight train on the P. R. R., near Duncannon, Perry county, and had his left arm crushed from the elbow to near the shoulder joint by one of the car wheels passing over it. The limb was amputated on Wednesday morning. It is not definitely known how the accident occurred. The boy says he slipped and fell while endeavoring to get off the track, others say that he attempted to get on the train. This should be another warning to boys and everybody who are in the habit of walking on railroads, or who are in the worse habit of jumping off trains while in motion —*Ex.*

THE tyrant, the bigamist, and the polygamist are all restrained by society in the practice of their passions, for the reason that they debauch society. Society no longer believes that such people are deprived of their liberty when they are prevented by law from giving license to their desires. Society now believes that such liberty is destructive of the best interests of the whole people, hence these desires and passions are kept in subjugation by law. But society has not yet become intelligent enough to see how much it is debauched by the liquor traffic. Once it understands how widespread the debauchery of this business is, it will remove it, as it has in this country removed tyranny, bigamy, poligamy and slavery, and then express surprise that it ever tolerated such an evil, and laugh at itself for believing that it was taking away the people's liberty.

NOTICE.—All persons indebted to the undersigned for professional service are requested to make immediate payment Unsettled accounts will, in a very short time, be placed in the hands of a legal officer for collection.

J. L McKEEHAN, M. D.

ADDRESS
To the Citizens of Juniata County.

FELLOW CITIZENS:—Under the Local Option law, enacted by the Legislature, the entire responsibility of legalizing the traffic in intoxicating liquors, as a beverage, is remitted to the people of each county. On the third Friday in March, the qualified voters of Juniata county will determine, as they may vote "For License" or "Against License," whether this traffic shall continue in our county for the coming three years or not. There can be no escape from this responsibility. It must be shared by every citizen. To aid you in making a right decision, we respectfully present the following statistics, carefully collated from official sources:

The amount of liquor consumed annually in Pennsylvania, including whisky, imported spirits, imported wine, native brandies, wines and cordials, ale, beer and porter, is 54,000,000 gallons; valued at $66 000 000; or 15 gallons, at a cost of $17, to each inhabitant. If equally distributed this would give two barrels of flour to every man, woman and child or ten barrels to each family of five members.

There are in the State 100 000 drunkards, over 30,000 of whom are dependent on public and private charities. The aggregate annual cost of maintaining paupers, and arresting, trying and maintaining criminals, made such by alcohol, is $2 259,910 66; cost of keeping insane and idiots, produced by strong drink, $1,155,000 Add to the above amounts, for waste of time, indolence, neglect of business, shortening of life, accidents, sickness and hospital services, the direct and indirect results of alcohol, and we have a grand total of $95,954,319 66, or an annually loss of more than $26 to every man, woman and child in the State taken out of the comforts of the people and wasted in manufacturing woe; *more than one-third* of our portion of the entire National debt, about which we manifest so great a concern. To replace this vast amount, the liquor seller pays annually into the State Treasury, for license, about $365,000

The number of deaths annually produced by alcohol in our State, is not less than 5,436; cases of suicide, 38; murderers, 54; rapes, 127; robberies, 360; arson. 400; larceny and theft, 9,480—(reduced and averaged from U S Crim Reports), to say nothing of countless brawls, rows, fights, wife beats, child-beatings, and the like.

There are more than four grog-shops, licensed and unlicensed, to one school; while nearly 100 000 of the children and wards of drunkards seldom, if ever, attend school. Alcohol is the mortal foe to this fortress of our Commonwealth—the common schools!

The reports of police commissioners and Magdalene houses prove strong drink the growing cause of that monster Social Evil leading the otherwise virtuous to the path of her "whose steps take hold on hell"

These figures are but faint representations of the crime, poverty, ignorance, shame, degredation, suffering and eternal ruin, caused by alcohol, yet are sufficient to nerve the arm of the brave and true for its destruction.

Voting "Against License," will close up numberless groggeries which now scattered broad cast the seeds of pauperism and crime, but will not prevent the keeping of taverns needed for the accommodation of the public, and should be favored by the better class of hotel keepers.

In voting "Against License," you do not vote against the sale of liquors for medicinal and mechanical purposes. The law makes ample provisions for such sale under proper restriction.

We do not claim that voting "Against License," will entirely suppress intemperance It will however, largely lessen the evils—and diminish pauperism and crime—lower taxation—add largely to the industrial resources of the country—save the rising generation—promote virtue—and place the traffic under the ban of law, instead of dignifying it by governmental protection. That liquors may be sold and used to some extent as a beverage, in defiance of law, is no reason why their sale should be legalized. We have stringent laws against Gambling—That illicit gambling taken place, notwithstanding, is no reason why gambling houses should be licensed and thrown open to the public, as snares for the young, the inexperienced, the weak, or the vicious.

We appeal to tax payers and to all citizens who care for the public good; who care for the welfare of their own families; who care for the comfort and happiness of their fellow-men; who care to carry peace and joy into discordant and sorrowing households; who would replace idleness with industry, poverty with plenty, extravagance with economy—to go to the polls and vote "AGAINST LICENSE"

TEMPERANCE MEETING.—Pursuant to public announcement a meeting of the friends of Temperance was held at the Court House on Friday evening, 7th inst. The meeting was organized by calling E. S. Parker to the chair. The following officers were elected: Vice Presidents, S. B. Loudon, J. B. M. Todd, James McKnight, J. R. M. Fink and B F. Kepner. Secretaries, David Haller and Harry Moore.

The meeting was opened with prayer by Rev. D M. Blackwelder, after which the following gentlemen addressed the meeting: Rev. O. O. McLean, of Lewistown, Rev. T. J Sherrard, Rev. D. M Blackwelder and Ezra D. Parker, Esq., of Mifflintown. The addresses were very appropriate, setting forth the crimes, destruction of life, waste of money, etc., the results of intoxicating liquor, and showing the great need of prohibition to close up the avenues of temptation to the young, the middle-aged and the old. The room was crowded, and the addresses were listened to with marked attention.

On motion the following gentlemen were appointed committees to urge and secure a full vote of the anti-license party on Friday, 21st inst.: Thompsontown, Elihu Benner, Esq., Geo. S. Mills and Dr. P L. Greenleaf; Greenwood, John M Hibbs, John B. Ferguson and G. W. McElwee; Susquehanna, Hon. Jonathan Weiser and William Shaffer; Monroe, Daniel G. Winey, Esq, A. G. Shellenberger, Luke Marks and George Fraley; Fayette, Hugh McAlister and Reuben Caveny.

On motion the following gentlemen were appointed a committee to prepare an appeal to the citizens of Juniata county, to be published in the county papers: W. C. Laird, James North, J. W. Speddy, and W. B. Crawford.

On motion the proceedings of this meeting be published in the county papers.
