Bingham's Transportation Line,

BETWEEN PITTSBURGH AND THE EASTERN CITIES.

PROPRIETORS,
WM. BINGHAM, JACOB DORR,
THOS BINGHAM, WM. A. STRATTON.

Conducted on Sabbath keeping principles.

THE Proprietors of the old established Line have thoroughly refitted and renewed their stock, and are well prepared to forward Produce and Merchandise on the opening of navigation.

The long experience of the Proprietors in the carrying business, with their watchful attention to the interests of customers, induces them to hope that the patronage heretofore extended to "Bingham's Line" will be continued and increased.

Deeming the usual self-glorifying style of advertising too absurd for imitation, and believing that with former customers we need no self-commendation, we would merely invite such as have not heretofore patronized our Line, to give us a trial.

Our rates of freight shall at all times be as low as the lowest that are charged by other responsible Lines.

Produce and Merchandise will be received and forwarded without any charge for advertising, Storage or Commission. Bills of lading promptly forwarded, and every direction carefully attended to.

LIGHT IS COME!

New Sperm, Lard and Pine Oil Lamp Store

THE subscribers having opened a store, No 8, St Clair street, (west side) for the sale of Lamps Oils, &c., respectfully invite the attention of the inhabitants of Pittsburgh, Allegheny and the surrounding country generally, to their stock of Lamps, before purchasing elsewhere. Our arrangements with the manufacturers are such that we can safely say, we are prepared to light *in the most brilliant and economical manner, Steamboats, Hotels, Public Halls, Churches, Stores, Shops, Parlors, Bridges and Streets*, as well as the more "dark and benighted corners, or any place where brilliancy, neatness and strict economy is desired. Among our means for letting our *"light shine,"* may be found the following; Lamps for burning Lard, Lard Oil and Sperm Oil, viz:

Hanging Lamps and Chandeliers, (2 to 4 branch) For lighting Stores, Public Halls, Churches, Hotels and steamboats.

Stand and Centre Table Lamps, (various patterns and prices,) for Parlors.

Reading and Work Lamps.

Side and Wall Lamps, Glass and Tin Hand Lamps &c &c.

The above are mostly Dyott's Patent Lamps, with double shelled fountain, and otherwise an improvement upon any lamp now in use, which can be perceived at once by examination. Also, glass Trimmings for lamps, such as Globes, Chimneys, Wicks, &c.

LAST, THOUGH NOT LEAST,

Dyott's Patent Fine Oil Lamps, such as Hanging lamps and Chandeliers, (2 to 6 branch.)

Stand and Centre Table Lamps, (Glass Fronts with or without drops,) Street lamps for lighting streets and bridges.

As we cannot describe the various patterns, we cordially invite the public to examine them. We affirm that in brilliancy, cleanliness and economy, no light now in use will bear comparison with these lamps and Pine Oil. They are as safe to use as sperm or Lard Oil. Although some are endeavoring to identify this article with the old camphine and spirit gas, (by the use of which accidents have occurred,) we assert this to be another and different article, and that no accidents have occurred during the extensive use of this article in Philadelphia for four years.

These Lamps will produce as much light, with as much neatness and more brilliancy, and 25 per cent. less than any other light now in use, not excepting Gas.

If any one doubts statements we have, or may here after make, we would say, we have commenced our business in Pittsburgh, and knowing the merits of the article we offer to the public, we are willing to hold ourselves accountable at all times for our statements, and are willing to put to test our Lamps—dollars and cents—testing economy—and the public decided on the neatness and brilliancy of the light.

We have many testimonials from residents of Philadelphia and elsewhere, but the following may suffice for the present.

This is to certify that I have purchased of M. B. Dyott a sufficient number of his Patent Pine Oil Lamps to light the Universalist Church of Philadelphia, and have used them in said Church about two years. I have found them to give perfect satisfaction. The light produced by them is the most brilliant that I have ever seen. They are so economical that the cost of the Lamps has been saved several times over; the oiling up of the Church not costing half as much as it did before we procure them.

Respectfully, JOHN DESSALET.
Secretary of the above named Church
Philadelphia, July 8, 1845.

The undersigned having used for two years Dyott's Patent Pine Oil Lamps in his Hotel, the Bolivar House, can recommend them as the most economical and brilliant light that can be produced by any art or science in use. Before I commenced burning my Pine Oil I was using the Gas; but after a trial of the above Lamps, I was so much pleased with the light, and convinced of their economy, that I had the Gas removed and burn the Pine Oils in place. WM. CARLISS,
Proprietor of Bolivar House,
No 204 Chesnut st.
Philadelphia, July 8, 1845.

ALLEGHENY CITY, July 12, 1845.

This may certify that we, the undersigned, having used for some months, Dyott's Patent Pine Oil Lamps, can with the fullest confidence recommend them, as producing the most brilliant and economical light we have ever seen. They are simple in their structure, and easily taken care of, and we believe them as safe, and can be produced from any other Lamp, and with cheaper than any other kind of Oil.

The Mutual Principle, combined with a Stock Capital, and the other provisions of the Charter of this Company, hold out unusual inducements, both of profit and safety, to those desirous of effecting insurance, to which the Company ask the attention and examination of those interested.

The Capital Stock of the Company is invested in good and sufficient securities. After providing for the losses accruing to the Company, in the course of its business, the stockholders are entitled to receive out of its income and profits an interest not exceeding six per cent. per annum on the Capital Stock actually paid in—the amount of which interest, it is expected, will be supplied by funds invested—and thereafter, all the remaining profits are to accumulate and be held, in like manner with the Capital Stock, for the better security of the assured. But certificates bearing interest, payable annually, transferable on the books of the Company, and convertible at any time into Capital Stock, will be issued therefor to the Stockholders and insured members, in proportion to the amount of Stock held, or premium paid by them respectively, agreeably to the provisions of the Charter.

Those effecting insurance with this company have, besides the usual protection against loss, by the ordinary method of insurance, the additional advantage of a direct participation in the profits of the Company, without any liability.
