REVIEW OF THE MARKET FOR THE WEEK ENDING *Thursday, Oct. 22d, 1846.*

BUSINESS—The amount of business transacted by our Merchants, for several days past, has been pretty heavy, and they will doubtless continue to have an uninterrupted and profitable season until the winter sets in. The receipt of produce has been large, principally for reshipment Eastward. Since our last weekly review, Flour has experienced a slight decline, owing altogether to the detention of the news by the foreign steamers. We presume the long looked for intelligence will be soon received, and then the market will wear a more settled appearance.

The rivers continue in excellent navigable order, this morning (Thursday) the pier mark showed five feet water in the channel. The amount of levee business transacted during the week has also been very extensive, and we scarcely remember of ever having seen the wharf wear a more lively or business-like appearance, than during the early part of the week.

ASHES—There is a general improvement in all descriptions of ashes. Pots particularly have advanced in price, and are now sought after at 3¾. Pearl—good in request at 4 cts. cash—Saleratus in lots have been sold at 4 cts.—Schorchings remain at former quotations.

BEANS—Small white scarce, are in demand at $1@$1¼. Colored, plenty and dull at 75 cts. No new in market.

BEESWAX—no transaction to report; free at 25@27; as to quality.

BROOMS—The market is very well supplied and but little doing, we quote 75 to $2 per doz., owing altogether to quality.

BUTTER—Fresh was selling yesterday in market at 12½@18¾—good roll from store will bring 10c.; keg is still in good demand at 7@7½, with light receipts.

EGGS—Very few in market on Wednesday—selling at 10@12½ ₰ doz.

FRUITS.—Dried peaches have been selling at $1@$1,25 per bus., apples are plenty and dull at 56@62. Green apples are bought up readily on arrival, we notice the sale of 250 bbls. of the best varieties, on the levee, at $1,25@1,50. Cranberries are dull, we quote $1@1,25 per bus. as the asking price.

FEED—Bran is selling at 7 cts.

GINSENG—Crude has been selling in small lots at 26 cts. The amount arriving is scarcely worthy of note.

GROCERIES—Owing to the late rise in our rivers the business in groceries has been rather brisk. Few transactions worthy of note, the sales being generally confined to regular customers.

SUGAR—The demand continues active, with little to supply it: we quote for ordinary 8½@8¾, prime 9¼@9½.

COFFEE—large stocks on hand—prime green 8¾; lower qualities 8¼@8¾.

TEAS—Hyson from 50 to 70; black 45 to 62½.

MOLASSES—One sale to trade has come under our notice at 30 cts. cash, currency, to country 33 cents.

CHEESE is scarce, owing to the fact that most of the good Western Reserve is shipped to eastern markets; there has been but few choice lots received for several weeks for sale in this market.—Cash 5½ per box.

COTTON YARNS—remain without change—the market is quiet.

COTTON has experienced no change since last week.

FEATHERS are not much wanted. Sales in lots have been made at 26@29.

GRAIN—In wheat there has been but very little change since our last report we quote it at 60@65—of Oats the market is rather bare and are bought up at 25c., there is an advance since last week—barley is selling from 30 to 40c., owing altogether to quality.

HAY—Loose Timothy brings $6,50@$7 per ton delivered

HONEY—Good Comb has been selling in the market for 10@20 per lb.

LARD—We note sales of 100 kegs at 5¼, generally dull.

POTATOES—have been selling by the wagon load at 50 cts. per bushel.

RAGS—Good clean country rags are in active demand at 3 cts. cash—almost any amount would find a ready market at the above price.

TANNER'S SCRAPS—are in fair demand at 3 cts.

SEEDS—Very little cloverseed arrives; it is held at $4,00@4,50. Timothy sells for $1,25@$1,50. Flaxseed has experienced a slight advance, and is now held at 75@80.

SALT—Sales No. 1 delivered at the river, have been made at 90@85.

IRON—The market for some months past has not undergone the slightest change, the activity manifested has been good.

PIG METAL—The feeling in the market continues good, buyers having regained their former confidence come forward freely. Large quantities of the different qualities of pig metal have been disposed of during the week at from $20@$30@$31 to $32.

WHISKEY—Rectified has met with a slight advance; holders are asking 19@20 cash. Common has been sold at 20.

POSTSCRIPT

ARRIVAL OF THE BOSTON STEAMER.—The Baltimore Sun, says: Our despatch from Philadelphia, dated at 9 o'clock last night, states that the steamer Caledonia, now due, was below Boston at 8 o'clock yesterday morning, when the mail started. The Boston telegraph was out of order and nothing could be communicated. The intelligence will come through this morning, we have no doubt, and upon the receipt of it, we shall lay it before the community in an extra sheet, should it prove of sufficient importance. It will no doubt relieve public anxiety with reference to the Great Britain.

DETERMINATION TO ATTACK VERA CRUZ.—*The Gallant Lieut. Berryman.*—The Savannah Georgian says that Lieut. Berryman, the gallant officer who behaved so nobly at the loss of the Truxton, off Tuspan, passed through that city on Wednesday night last, as bearer of despatches from the squadron, at Vera Cruz, to the government, at Washington. That paper learns from a gentleman who conversed with Lieut. Berryman on the cars, that it has been determined to attack Vera Cruz on the land side by an expedition from Tampico; that the hoisting of the stars and stripes in the city will be the signal for an attack by the squadron upon the castle of San Juan D'Ulloa. This is the only way in which the castle can be taken, and the obtaining possession of that point is deemed necessary to end the war.

Fresh Oysters.

THE subscriber will receive fresh Oysters daily from Baltimore, which he will serve up in all the different styles, at the Franklin Hotel, Fourth st., between Smithfield and Grant.

oct13 C. SCHMERTZ

THE poisonous effect on the skin of common prepared chalk is not generally known by ladies; how yellow rough and unhealthy it makes the skin in time; besides what a corpse like, pallid look it gives when applied. They should use a beautiful preparation, purely vegetable, which gives the face arms or neck, a natural life-like whiteness, and makes it smooth. It is called Jones' Spanish Lilly White, and is sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood; at the same place is sold Jones' Coral Hair Restorative, Italian Chemical Soap and unrivalled shaving soap.

The sum of $2000 is to be expended in the above articles, and the quantity will be increased or diminished to meet that sum. As no sample will be exhibited of them, *it must be understood that they are to be of the best quality.*

GUNS.

In addition to the above and foregoing, there will be required 600 north-west guns, two-thirds of which must measure 30 inches in length of barrel, and one-third 42 inches, to be delivered at the place where manufactured or in the city of New York or Philadelphia, as may be required; samples of them are deposited in the office of the Commissioner of Indian Affairs.

There will also be required 100 Indian rifles, more or less; but as the department has not a suitable sample it is expected that each bidder will accompany his bid with a sample of the article he proposes to furnish.

The above proposals may be divided into five parts, for each place of delivery, viz:

1st. Blankets.
2d. Dry Goods.
3d. Hardware, to include the agricultural implements.
4th. Axes and hatchets.
5th. Northwest guns and rifles.

The lowest competent responsible bidder will receive the whole or any part of the contract according to the above scale, the department reserving to itself the right to determine whether the bidder is competent and responsible or not.

A schedule of the articles, with samples, may be seen at the office of the Commissioner of Indian Affairs, in Washington, exhibiting the amount of money to be expended for each article; but the department reserves the right to increase or diminish the quantity of any of the articles named, or substitute others in lieu thereof.

The whole amount in money to be applied to the purchase of goods, will be about $85,000; of which some $40,000 will be wanted on the seaboard, and the residue in the west. Goods of American manufacture, all other things being equal, will be preferred, but as all the samples of blankets and cloths on hand are of foreign manufacture, it will be necessary, when a domestic article is bid for, that the sample of it should accompany the bid, to enable the department to decide whether it is of equal quality with the samples to be exhibited.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the prices, in dollars and cents, at which he or they will furnish them, deliverable in New York and St. Louis respectively, on or before the fifteenth day of May next, assuming the quantity of each article as specified in this advertisement, and extending the cost, making an aggregate of the whole invoice before sending it on—The goods will be inspected at New York or St. Louis by an agent of the United States, who will be appointed by the department for the
