Clothing! Clothing!! Clothing!!!
The Three Big Doors vs. The Western World!!
150,000 made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this far-famed and extensive establishment has now, after returning from the Eastern cities, at much trouble and expense, just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old universal Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the unusual calls in my line, it is with difficulty I can keep time with the constant rush that is made on this establishment. It is a well established fact, that my sales are eight or ten times larger than any other house in the trade, and this being the case on the amount sold, I can afford to sell at much less profit than others could possibly think of doing if they wished to cover contingent expenses. I intend to make a clean sweep of all my present stock before the beginning of next year; coming to this conclusion, I will make it the interest of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors.

CAN'T BE HEAT!—*J. M. White* has just received at his large establishment, fronting on Liberty and Sixth streets, a splendid assortment of TWEEDS for summer, also, a superior lot of French Satin VESTINGS, all of which he is ready to make up in the latest fashion and on the most reasonable terms as usual. Observe the corner, No. 107 Liberty and Sixth streets.

UNBLUSHING IMPUDENCE.—From a published card of M'Calmont & Bond, of Philadelphia, the public would be led to believe that we have been claiming a privilege we had no right to. That we have abandoned, some time since, the exclusive agency system, and that we have right to claim exclusive privileges with *their* tea. I never pretended to, all the tea of this spurious concern. I have been selling the teas of the New York Pekin Tea Company for the last several years, as the public are aware, and have been in New York four times in that time, and never heard of this *new* concern until lately but as *real* dealers.

The tea business of M'Calmont & Bond is about eight months old, and their assumption of the Pekin Tea Company's name is become a name to depend on as firm as stone; but the fact intended to imply thereby, that they hold any right or connection with the old and well-known Pekin Tea Company of New York, is entirely false; they having been denied even an agency in Philadelphia, for the New York Company, that Company having refused even thus far to confide in them.

I know not what kind of wool they keep, nor what kind of teas; I am only certain that they do not obtain none of the Pekin Tea Company's of New York.

Any person reading this card will see the impudence they wish to practice on the public, and to the injury of my business. M'Calmont & Bond are wool dealers in Philadelphia, and have not any right to sell teas, no more wool over the eyes of some of our good citizens. Look out for the black sheep. [nov19] ALEX. JAYNES.

IT IS NOW ADMITTED, by Professionals, that no original temperament, complexion, constitution, or form of body, confers complete immunity from hereditary disease; that *Scrofula, Consumption*, and other affections, having a similarity of origin, occur in all, although observation convinces us that individuals and families, possessing certain characteristics, are more frequently the subject of these maladies than others. These diseases are a morbid condition of the whole system of nutrition—their products being but the effects of an alteration of the blood and secretions—the ulcers, abscesses, enlarged glands, inflammations, &c., being merely attendant phenomena. The cause exists prior to the phenomena, and must be destroyed before perfect health can be established. This may be done by using *Dr. KELLER'S PANACEA*, the most certain remedy for diseases arising from an impure state of the blood and system of nutrition, ever presented to the afflicted. "IT IS the Best Cough Medicine I ever Saw!" READ the following proof of the superiority of *Dr. Willard's Oriental Cough Mixture*, from a respectable citizen, who has tried it:

PITTSBURGH, Dec. 15, 1847.

MESSRS. HAYS & BROCKWAY:—After laboring for several weeks under the disadvantages of a harassing cough and most distressing cold, which had thus far resisted the effects of several of the "infallibles," I was induced to purchase a bottle of your Oriental Cough Mixture, and give it a fair trial. To my great surprise, after using only one half of the bottle I found myself entirely well. *"It is the best medicine I ever saw."*

Connell's Magical Pain Extractor.

IT is now conceded by medical men that Connell's Magical Pain Extractor, manufactured by Comstock & Co., of Cortlandt st., New York, is the greatest wonder of the 19th century. Its effects are truly miraculous. All pains are removed *from burns, scalds, &c.*, and all internal aches, in a few minutes after its application, by bathing the same on the most delicate skin, leaving no blister, and is equally beneficial in all kinds of inflammatory diseases, such as sore throat, Quinsy, Croup, Rheumatism, White Swelling and Fluxes, Bruises, Burns, Chilblains, Erysipelas, Tetter, Tic Doloreux, &c. No doubt might add as proof to all we say, the names of many eminent physicians who use it in their practice, and hundreds of the citizens who praise it to their friends. The parent *keep it constantly on hand*, in case of accidents by fire its may be lost without, but by its use all burns are subject to a speedy cure. PASSENGER AND REMITTANCE Office.

HARNDEN & CO continue to bring out persons from any part of Great Britain and Ireland, by the most upon the most liberal terms, with their usual punctuality and attention to the wants of emigrants. We do not attempt to compete with the cheap and worthless packets that infest the sea-ports, as we take charge of them the moment they leave themselves, and see to their wellbeing, and despatch them without any detention to the place they wish to go. This is, therefore, as we flatter ourselves, the cheapest and most expeditious mode of bringing out friends, and despatch them without any detention to the place they wish to go. This is, therefore, as we flatter ourselves, the cheapest and most expeditious mode of bringing out friends, and we are now prepared to contract for their passage from any sea-port in Great Britain or Ireland
