ANOTHER PROOF of the efficacy of Dr. Clickner's Sugar Coated Pills in removing worms from children. Read and be convinced.

This is to certify that my child Eliza, between five and six years of age, having been for a long time past drooping, and getting much worse of late, neither myself nor my wife being aware what was the matter with her, I thought perhaps one of Dr. Clickner's pills might do her good—I gave her one at bed time, which acted on the bowels and expelled a Tape worm four feet long, and a great number of worms, (over one hundred) about one inch long apparently of the same species.

I have always been much opposed to advertised medicines, but through the advice of a friend who strenuously recommended them to me, I was induced to try them, and it was through the great benefit I derived from their use in my complaint, that I felt disposed to give a dose to my daughter, although I knew not then what was the matter with her; and I verily believe that had not the worms been discharged, she would not have survived to the present time. She commenced rapidly to improve and is now quite hearty and well.

WILLIAM COOPER.

Croghanville, near Pittsburgh, July 16, 1846.

CITY OF PITTSBURGH:—Before me, Robert Morrow, an Alderman in and for said city, personally came *William Cooper*, who being duly affirmed, saith that the facts set forth in the foregoing statement are just and true.

WILLIAM COOPER.

Affirmed and subscribed this 16th day of July, 1846.

R. Morrow.

Sold wholesale and retail at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood. *Beware of fraud*, and ask for *CLICKNER'S Sugar Coated Pills.* jy25

SUDDEN CHANGES.

The Mother of Consumptions.

THIS fact is clearly demonstrated wherever we have a sudden change in the weather. It is at this time that the seed of Consumption is sown in the system nurtured until the Lungs become seriously and dangerously diseased, when in all probability the patient, for the first time, will begin to seek relief. How many thousands thus neglect themselves and suffer their Health, and finally their Life to be destroyed. The first preceptible foot-prints of CONSUMPTION, experienced at sudden changes of the weather, are Hoarseness and Cough, Soreness of the Throat, and Irritation of the Bronchi. Pain in the Head, Coldness of the feet, and Sudden Chilliness over the Body. At length the cough increases, and finally prostration and languidness of the whole system follows, which indicate a sudden decline of Health, and the speedy approach of *Consumption.* These facts, plain as they appear to every sensible person do not, however, seem to alarm those afflicted, until it may be to late. It is therefore of the greatest importance for those who may be attacked from the effects of sudden changes in our atmosphere to at one e procure DR. DUNCAN'S *Celebrated Expectorant Remedy*, the greatest preventive and *Life guard of CONSUMPTION*, and the only certain medicine that will remove disease and again restore the LUNGS to their former Health.

Dr. Duncan's Great Western Office is opened in Cincinnati at 150 Sycamore street, a few doors below 6th, where his Medicines can be obtained in large and small quantities.

Sold at WM. JACKSON'S Patent Medicine Warehouse, No. 89 Liberty st., head of Wood. jy 22.

THE poisonous effect on the skin of common prepared chalk is not generally known by ladies; how yellow rough and unhealthy it makes the skin in time; besides, what a corpse like, pallid look it gives when applied. They should use a beautiful preparation, purely vegetable, which gives the face arms or neck, a natural life-like whiteness, and makes it smooth. It is called Jones' Spanish Lilly White, and is sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, headof Wood; at the same place is sold Jones' Coral Hair Restorative, Italian Chemical Soap and unrivalled shaving soap.

y24-tf.

TO RENDER THE HUMAN HAIR SILKY, SOFT, FINE AND CLEAN; to make the scalp healthy, smooth, white and fruitful, so that a good crop may spring therefrom, persons have but to expend thirty seven and a half cents. And, rendered our only object for selling the article at that price, is knowing it to be all we state, that when you once try this you never will use ought else, whether it be merely to embelish, to dress, beautify, and preserve, to force growth, stop falling off, and cure scurf or dandruffs, the JONES' CORAL HAIR RESTORATIVE will never fail to do all this, as hundreds will tell you with gratitude. It dresses the hair beautifully, and *makes red or grey hair grow dark from the roots.*

Sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood—price thirty seven and a half cents, fifty cents and one dollar per bottle. At the same place is sold the Italian Chemical Soap, Spanish Lilly White and unrivalled shaving soap.

ILLINOIS ELECTION.

"A CLEAN SWEEP."—T. J. TURNER, (Dem.) is elected to Congress in the room of BAKER, whig; M'CLERNAND, (Dem.) is re-elected by a large majority. Illinois sends to the next Congress a full Democratic Delegation.

Navigation of the Columbia River.—The Washington Union of Wednesday evening says

"The Baltimore Sun seems to take for granted, with others, that the charter of the Hudson Bay Company, granted by Charles II., in 1671, extended to the west of the Rocky mountains—that is, to the territory called Oregon. whereas it would really appear, that the charter was confined to the territory to the east of the Rocky mouttains, and that the only privilege conceded to the company to the west of the Rocky mountains, now rests on the crown grant to the Hudson Bay Company, of the exclusive trade with the Indians in certain parts of North America, for a term of *twenty-one years*, and upon a surrender of a former grant.' This crown grant was made to the company previous to 1838, and as it runs only for 21 years, it expires in 1859; and with it all the benefit of the any'ligation of the company, which is secured to them, and those tracing with them, by the late convention between the United States and Great Britain.'

Each box of GENUINE SUGAR COATED PILLS has upon it a fac-simile of the signature of the Discoverer, C. V. CLICKNER, in blue ink.

CLICKENER'S SUGAR COATED VEGETABLE PILLS are the first and only Medicine ever known that will *positively cure*

Headache, Giddiness, Rheumatism, Fever, Dispepsia, Scurvy, Small Pox, Jaundice, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds, Female Complaints, Measles, Salt Rheum, Heartburn, Worms, Cholera Morbus, Coughs, Quinsy, Whooping Cough, Consumption, Fits, Liver Complaint, Erysipelas, Deafness, Itchings of the Skin, Colds, Gout, Gravel, Nervous Complaints, And all other diseases originating from impurities of the blood.

☞ They have cured, since their introduction, over 2,000 persons, who have been given up as hopeless cases, by the most eminent Physicians.

☞ They are patronized and recommended by men of the highest distinction, among whom are—

Hon. Henry Clay,
Hon. Daniel Webster,
Hon. J. C. Calhoun,
Col. R. M. Johnson,
Gen. Lewis Cass.
Hon. David R. Porter,
Hon. John Q. Adams,
Hon. Martin Van Buren,
Col. R. M. Johnson,
Gen. Winfield Scott,
Hon. James K. Polk,

☞ Their virtues are so infallible that the money will be refunded in all cases they do not give universal satisfaction. Although but two and a half years have elapsed since these celebrated Pills were first introduced to the public, the sale of them in the Eastern and middle States has far exceeded Dr. Clickener's most sanguine expectations. During the past year, about no less than 10,000 gross of boxes have been sold in the City of New York, 6,000 in Pennsylvania, 4,000 in Maryland, 3,000 in New Jersey, 2,000 in Delaware, and 9,000 in the New England States, requiring the constant employment of 27 hands, exclusive of printers and engravers. In the same time period, upwards of 200,000 copies of the "Family Doctor" have been ordered by agents in every section of the country. These facts must show conclusively, that Dr. Clickener's Sugar Coated Pills, besides being the very best medicine in the world, are held in the highest estimation by the public.

We might extend the publication to an indefinite length, if we deemed it expedient to publish all testimonials we have received, not only from agents and individuals and families, who have experienced the beneficial effects of Clickener's Sugar Coated Pills, but we deem it unnecessary. The most incontestable evidence of their unprecedented success, are the numberless imitations and Counterfeits which have already appeared, notwithstanding the brief period they have been before the public. Even some of our staunchest pill makers have had the audacity to imitate the Capsule of Sugar, in order to disguise the ingredients of their vile compounds, and palm them off for the great simon pure." Such paltry shifts cannot last long without exposing their hideous visages to the world.

☞ Beware of an imitation article called Improved Sugar Coated Pills, purporting to be patented, and that the pills and the pretended patent are forgeries, got up by a miserable quack in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines.

☞ Remember, Dr. C. V. Clickener's is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no other, or they will be made the victims of a fraud. may 9

Wilson's Pills.

THE WILSON PILLS, as a remedy peculiarly adapted for headaches and dyspeptic affections, are pretty generally known and esteemed in this community; and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing "the obeginning and the ending"—thrown almost in juxtaposition—of so many nostrums and kindred preparations equally loud in their pretensions, and much more industriously presented to the public; while his preparation noiselessly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends, thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in *itself* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest tyro (as a general thing) no sooner begins to dabble in drugs than he casts about for some cheap preparation, or must "get up," as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious his own were insufficient to sell it. The difference then between the Wilson Pill and the preparations a have just indicated, would appear to be this: The consciousness of the value of my pill originated the idea of putting them on sale for money, and at I have alluded to; and the *price* most likely to take' is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a DISCOVERY, and comes from the great Arcana of Universal Nature; the other a *trick or invention*, and comes from a not very popular quality of INDIVIDUAL Nature. Reader! the difference here is great. In one instance the *value* attached to the PILL is the starting point; in the *other*, the MONEY. But it is not probable that some of the many preparations having even *such* paternity were *accidentally good*, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we clean wheat, they have been "got up" too high before their specific gravity had been carefully ascertained, and have blown off never to be heard of, with other chaff—some lighter, some heavier.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendious category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remedy, and may be kept and taken, in proper doses, in families, as a preventative of general ill health, or disease of whatever name, by any member of the family, without any fear of the consequences of exposure in the ordinary pursuits of business.

☞ They may always be had in any quantity of the proprietor, in Penn street, below Mariury, and of the principal Druggists of this city and Allegheny.
