Great English Remedy

For Coughs, Colds Asthma, and Consumption!

THE great and only remedy for Colds, Coughs, Asthma and CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendance of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as CONFIRMED AND INCURABLE. The Hungarian Balsam has cured, and will cure the MOST DESPERATE OF CASES. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of Colds, Coughs, Spitting of Blood, Pain in the Side and Chest, Irritation and Soreness of the Lungs, Bronchitis, Difficulty of Breathing, Hectic Fever, Night Sweats, Emaciation and General Debility, Asthma, Influenza, Hooping Cough and Croup.

☞ Sold in large bottles, at $1 per bottle, with full directions for the restoration of Health.

Pamphlets, containing a mass of English and American certificates, and other evidences, showing the unequalled merits of the great English Remedy, may be obtained of the Agents, gratituously.

PITTSBURGH, May 17, 1847.

LAST Saturday I gave a teaspoonful of B. A. Fahnestock's Vermifuge to my little girl, who is between four and five years old; and during the day she passed one hundred and five worms, averaging more than a foot in length. Seeing its effects on this child, I gave a teaspoonful to her younger sister, who was apparently well, and she passed thirty-seven worms of equal size.

☞ WHOOPING COUGH.—Messrs Editors—I observed some time ago a communication over the signature for "A Parent," stating that Dr. Jayne's Indian Expectorant had been the means of saving the lives of three of his children, who were suffering severely with whooping cough; and having, but a short time before, lost one of my children by that dreadful complaint, and, having another, and my only child, suffering the greatest agony with the same disease, and in hourly expectation of its death, I was induced to purchase a bottle of it, and commenced using it according to the directions—and to the surprise of all it began to mend in fifteen minutes after we commenced using it, and the child has now completely recovered.

I have no acquaintance with Dr. Jayne, but I hereby return him a husband's and a father's grateful acknowledgments.

GREAT ITALIAN REMEDY.

PHILADELPHIA, April 26, 1846.

Being afflicted for some 8 years with that most distressing disease, the asthma, and for the last 3 years much of the time confined to my room, and at several different times my life was despaired of; I concluded to obtain some of Mazoni's Sicilian Syrup, which was recommended to me by a friend from New York, who stated that it had cured some of the most inveterate cases known to the medical profession. Suffice it to say, that, after using the above medicine for about 4 weeks, I was entirely relieved, and I believe radically cured. Yours with respect,

Sear's American Renovating Pills.

FOR several months past, I have been much troubled with a bilious habit, attended with an inactive and costive state of the bowels, and rheumatic affections; I have made use of the Medicated Vapor Bath, and various kinds of Medicine, without receiving any benefit. Seeing Sear's A. H. V Renovating Pills advertised, I was induced from the recommendations attached to them, to make trial of them. In a few days they afforded me great relief; and in the short time in which I have taken them, I have experienced more benefit from them than I have received from any medicine. Their operation has been natural, easy, and effectual. Others of my family have been indisposed, and have used them, and received much benefit. I can with with confidence recommend them to individuals and families, as a safe and effectual medicine, in all cases in which the stomach and bowels are deranged.

Vegetable Pulmonary Balsam.

IN the winter of 1832 and 1833, I was seized with spitting of blood, which continued with occasional relief till spring. I consulted several eminent physicians and took much medicine, but the relief obtained was only transient. In the spring I commenced taking the Vegetable Pulmonary Balsam.—At this time I was much reduced. The day before I commenced with the Balsam, I raised about a half a pint of blood, was oppressed with great hoarseness and a bad cough. I commenced taking the Balsam thinking if this failed I should resort to medicine no further. But it did not disappoint my expectation. All the unfavorable symptoms were immediately relieved, the cough cured, and I have not been troubled with spitting of blood since. I am now about to resume my trade, (that of a rope maker,) which I had given up without any expectation of returning to it.
