GREAT ITALIAN REMEDY.

PHILADELPHIA, April 26, 1846.

Being afflicted for some 8 years with that most distressing disease, the asthma, and for the last ... search of the time confined to my room, and at several different times my life was despaired of; I concluded to obtain some of Marzoni's Sicilian Syrup, which was recommended to me by a friend from New York, who stated that it had cured some of the most inveterate cases known to the medical profession. Suffice it to say, in ... weeks ... using the above medicine for about 4 ... it was entirely relieved, and I believe radically cured. Yours with respect,

OLIVER W. OWEN,

☞ WHOOPING COUGH.—Messrs Editors—I observed some time ago a communication over the signature for "A Parent," stating that Dr. Jayne's Indian Expectorant had been the means of saving the lives of three of his children, who were suffering severely with whooping cough; and having, but a short time before, lost one of my children by that dreadful complaint, and having another, and my only child, suffering the greatest agony with the same disease, and in hourly expectation of its death, I was induced to purchase a bottle of it, and commenced using it according to the directions—and to the surprise of all it began to mend in fifteen minutes after we commenced using it, and the child has now completely recovered.

I have no acquaintance with Dr. Jayne, but I hereby return him a husband's and a father's grateful acknowledgments.

J. L. SIMPKINS.

Its virtues are amply and sufficiently proved.—*N. Y. Sun.*

Ice Chests, Ice Chests.

THIS article, so necessary to the comfort of a family, is now manufactured by the subscribers, at the *Corner of Fifth and Wood streets*, on an improved principle, and of sizes, suitable either for families, stores, taverns, or steamboats.

It is of importance to bear in mind, that these chests are not merely a summer article since from having a double body well filled with pulverised carbon, they will effectually protect vegetables from frost, in the winter season. They are also at all times, the best preservative against the *ravages of vermin*—no trifling consideration.

CHINESE HAIR CREAM!

A MATCHLESS ARTICLE FOR THE *Growth, Beauty, and Restoration of the Hair!*

THIS CREAM, when once known, will supersede all other articles of the kind now in use. Where the hair is dead, harsh, thin, unhealthy, or turning grey, a few applications will make the hair soft and dark, and give it a beautiful, lively appearance; and will also make it maintain its liveliness and healthy color, twice as long as all the preparations which are generally used. Where the hair is thin, or has fallen off, it may be restored by using this cream. Every lady and gentleman who is in the habit of using oil on their hair, should at once purchase a bottle of the Chinese Hair Cream, as it is so composed that it will not injure the hair like the other preparations, but will beautify it, and give perfect satisfaction in every instance.

For testimony to its very superior qualities, see the following letter from Rev. Mr. Caldwell, to Messrs. Hendershott & Stretch, Nashville, general agents for the Southern States;

Letter from the Rev. R. Caldwell, Pastor of the Presbyterian Church, Pulaski.

Messrs. Hendershott & Stretch: Gentlemen—I take pleasure in adding my testimony in favor of the excellent preparation called DR. PARRISH'S CHINESE HAIR CREAM—for, about two years ago, my hair was very dry, brittly, and disposed to come out: but having procured a bottle of the cream, and used it according to the prescription, it is now soft, elastic, and firm to the head. Many balsams and oils were applied, each leaving my hair in a worse state than before. This cream, however, has met my expectation.

As an article for the toilet, my wife gives it preference over all others, being delicately perfumed, and not disposed to rancidity. The ladies especially will find the Chinese Cream to be a desideratum in their preparations for the toilet. Respectfully, &c.

R. CALDWELL.

Sear's American Renovating Pills.

FOR several months past, I have been much troubled with a bilious habit, attended with an inactive and costive state of the bowels, and rheumatic affections; I have made use of the Medicated Vapor Bath, and various kinds of Medicine, without receiving any benefit. Seeing Sear's A. H. V. Renovating Pills advertised, I was induced from the recommendations attached to them, to make a trial of them. In a few days they afforded me great relief; and in the short time in which I have taken them, I have experienced more benefit from them than I have received from any medicine. Their operation has been natural, easy, and effectual. Others of my family have been indisposed, and have used them, and received much benefit. I can with confidence recommend them to individuals and families, as a safe and effectual purgative, in all cases in which the stomach and bowels are disordered.

CLOTHING! CLOTHING!! CLOTHING!!!
The Three Big Boston vs. The Western World!!!

150,000 WELL SELECTED GARMENTS NOW made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this far famed and extensive establishment has now, after returning from the Eastern cities, at much trouble and expense, just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old unrivalled Three Big Doors one of the greatest attractions in the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many calls in my line, it is with difficulty I can keep time with the constant rush that is made on this popular establishment. It is a well established fact, that my sales are eight or ten times larger than any other house in the trade, and this being the case in the amount sold, I can afford to sell at much less profit than others could possibly think of doing if they wished to cover contingent expenses. I intend to make a clean sweep of all my present stock before the beginning of next year; coming to this conclusion, I will make it the interest of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors.

Venitian Blinds.

A. WESTERVELT, the old and well known Venitian Blind Maker, formerly of Second and Fourth sts., takes this method to inform his many friends of the fact that his Factory is now in full operation on St. Clair st., near the old Allegheny Bridge, where a constant supply of Blinds of various colors and qualities, is constantly kept on hand and at all prices, from twenty-cents up to suit customers.

N. B. If required, Blinds will be put up so, that in case of alarm by fire, or otherwise, they may be removed without the aid of a screw-driver, and with the same facility that any other piece of furniture can be removed, and without any extra expense. je24-d&w1y.

CONCERNING SELLER'S VERMIFUGE.—A single vial producing wonders.—Read the following from the Rev. S. Wakefield, Pastor of Liberty street, M. E. Church:

PITTSBURGH, March 8, 1847.

Mr. R. E. SELLERS:—It is from a sense of duty, as well as with great pleasure, that I bear testimony to the virtue of your justly celebrated Vermifuge. I procured a *single bottle*, and gave it to three of my children, who had been ill for several weeks. The eldest was seven years old, the next four, and the youngest eighteen months.—The first passed fifty-six worms, the second forty-seven, and the third a considerable number not distinctly recollected, since then they have been doing well, and are now in good health. Yours respectfully. S. WAKEFIELD.

From the Rev. S. E. Babcock, of the Methodist Episcopal Church:

Mr. R. E. SELLERS:—It is with great pleasure that I would inform you of the good effects produced on my son of four years of age, by your justly celebrated Vermifuge. After his having convulsions, I gave him three doses, when he passed an almost incredible number, from which time his general health has been improved. S. E. BABCOCK.

From the Rev. Charles Cook, of the Methodist Episcopal Church:

PITTSBURGH, December 14, 1845.

Mr. R. E. SELLERS:—I gave my little daughter (between three and four years old) three doses of your Vermifuge, according to prescription, with the happiest success. The number of worms expelled I do not know precisely, but it was large. She is now in possession of good health. I think the medicine may be confided in with great unreservedness. C. COOK.

As this Vermifuge has never been known to fail in any instance, when worms actually existed, parents should give it in preference to all others.

Prepared and sold by R. E. SELLERS, between 3d and 4th, on Wood street.

Why will you be Sick!

DR. D. JAYNE—Dear Sir: It was some time before the people here would try your Medicines, but after they found out their *real* virtues, I sold out your EXPECTORANT and ALTERATIVE directly, and could have sold several dozen more of each since they gave out. Your SANATIVE PILLS are rising very high in the estimation of the people, and I shall go out of them in a few days. Several persons here speak well of the HAIR TONIC.—There is a young man in this neighborhood, who has been reduced to his bed by *Scrofula*; his physician told me that he *must die*; I told him that I thought that JAYNE'S ALTERATIVE would help him. He said, "all the medicines in the world would not save him?" I think, said I, Doctor, if you are done with him, I will try him. His reply was, "if you can cure him the medicine is worth a fortune." I sent the sick man a bottle of your Alterative, which he took, and in one month was able to visit his neighbors. The medicine, however, gave out before he was entirely well. I wish you, therefore, to send me more as soon as possible. I also gave the Alterative in a case of *Cancer*, with great success. In short, although I thought very little of your articles at first, I now think, like I heard an old Methodist Preacher say the other day, publicly, that your's were the "best medicines in the world."

Respectfully, yours,

JOHN M'MILLAN, P. M.

COPPER AND IRON FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Construction, Equipment, and Repair,
7th June, 1847.

SEALED PROPOSALS, endorsed "Proposals for copper," or "Proposals for Iron," as the case may be, will be received at this Bureau until 3 o'clock, P. M., of the 20th inst., for furnishing and delivering at the respective navy-yards near Portsmouth, New Hampshire; Charlestown, Massachusetts; Brooklyn, New York; Philadelphia, Pennsylvania; Washington, District of Columbia; and Gosport, Virginia, such quantities of cold rolled bolt and sheet copper, not exceeding one hundred thousand pounds of each at any one navy-yard; and of round, flat, and square iron as may be ordered by the respective commandants or navy agents, or by this Bureau, during the fiscal year ending 30th June, 1848.

The round iron not less than three-sixteenths of an inch, nor more than four inches in diameter. The flat iron to be not less than three-sixteenths of an inch, nor more than three inches square.

Bolt the copper and iron must be of the best quality, free from flaws, ragged ends or edges, cracks, or other defects, and must be true to the sizes which may be ordered; and to be subject to such test and inspection as may be directed, and in all respects to the satisfaction of the commandants of the respective navy-yards, or it will not be received.

Any quantity not exceeding five thousand pounds of copper, or ten tons of iron, to be delivered within ten days after the order shall be received; and one day will be allowed for every additional thousand pounds of copper or additional tons of iron that may be ordered. It is to be distinctly understood, however, that persons who may contract are not to have any claim of privilege to furnish any greater quantity of copper or iron than may be expressly ordered.

It is to be understood, also, that when persons reside at other places than those near which they may engage to furnish articles, they will be required to appoint and duly authorise some person at or near the place of delivery, to receive and act upon the requisitions or orders which may be made; and, in case the person who contracts, or his agent, shall neglect or fail to comply with the requisitions or orders he may receive for articles under his contract in proper time, or of proper quality, the officers or agents of the navy shall be authorized to purchase the same, and the contractor shall be liable for any excess of cost over the contract price.

Separate proposals must be made for each navy yard, and for the copper and for the iron, and the price asked per pound must be the same for the bolt and sheet copper, and for the round, flat, and square iron, that the different offers may be correctly compared.

Bonds, with two approved sureties in one-half the estimated amount of the respective contracts, will be required, and ten per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due and faithful performance of the respective contracts, which will, on no account, be paid until the contracts are complied with in all respects. After deducting ten per cent., payment will be made by the United States within thirty days after bills duly certified and approved, shall be presented to the navy agent.

The department reserves to itself the privilege of rejecting offers made by persons who have heretofore failed to complete contracts, if it should deem it advisable for the public interests.

Every offer must be accompanied, as directed in the act of Congress making appropriations for the naval service, approved the 10th of August, 1846, by a written guaranty, signed by one or more responsible persons, to the effect that he or they undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the supplies proposed. No proposal will be considered unless accompanied by such guaranty.
