Lewisburg, Pa.

FRIDAY MORNING, AUG. 25, 1854.

ADVERTISE!—Manufacturers, Merchants, Public Officers, in City and Country, Mechanics, Executors, Administrators, Operators—all who wish to procure or dispose of anything—would do well to give notice of the same through the "Lewisburg Chronicle." This paper has a large and increasing circulation in a community combining as large a proportion of active, solvent producers, consumers, and dealers, as any in the State.

☞ **See New Advertisements.**

☞ Some very desirable Real Estate among the New Advertisements in this week's Chronicle.

☞ The drought and heat which we suffer in this region, extend over half the States in the Union.

A Proposition.

A correspondent from a distant Township makes a suggestion on the Division question, which reached us too late for this week's paper.

☞ In the morning of the 20th inst., Motz's Store, Liberty Mills, Center Co., was robbed of $600 in money and other valuable property, for the restitution of which $50 reward is offered by J. C. Motz.

☞ David Taggart, Esq., of Northumberland has received the Whig nomination in that county for Senate. No other nominations were made.

Gideon M. Yorks, Esq., is an Independent candidate for Assembly, and will probably be elected.

☞ The *Star* has plucked up courage to put in an obscure place on its 4th page a part of the Agricultural Premium List, and promises to copy the remainder, next week! That's encouraging—we had hopes of you all the time!

—By-the-by, why don't the Longstown papers copy the Division bill, that their readers may judge for themselves what it is—why?

☞ A large meeting of Democrats of Sullivan county was held at the Loyalsock Forks last week, and addressed by Judge Wilmot, after which they passed several resolutions against the aggressions of the Slaveocracy, declaring the sentiments of Gov. Bigler, on the Nebraska question, unsatisfactory, and avowing their determination to support Judge Pollock for Governor.

☞ The Whigs of Lebanon county nominated John W. Killinger for Senate; David P. Boyer for Assembly.

Congressional Conferees—Moses Arndt, David M. Karmony, and John H. Kinports—uninstructed.

The portion of Northumberland county included in this Congressional district have appointed John Bingaman, of Georgetown, Conferee—instructed for Mr. Casey.

—Dauphin and Juniata counties hold their delegate elections this week.

☞ The Northumberland Baptist Association convened in Lewisburg last week according to appointment, when 126 baptisms were reported, and a total membership of 2028. A new church, Laporte, Sullivan county, was admitted. The next session will be held with the White Deer church, Elimsport, the Friday following the Commencement at Lewisburg, 1855. The following Report was unanimously adopted by the Association:

Report on Temperance.

Your Committee report, That the signs of the times indicate a growing hostility in the public mind against the legalized sale of intoxicating liquors. This desirable change in popular opinion we hail with feelings of joy and hope for the speedy dawn of that day which will see legal protection to the iniquity of the rum traffick, removed.

We offer the following resolutions:

1. Resolved, That the propriety of a Prohibitory Liquor Law in this Commonwealth, commends itself to the common sense, patriotism, and Christian principle of this Association.

2. Resolved, That we request the publication of the above Report in all the newspapers within the bounds of the Association, and also in such other public journals as may be pleased to copy it.

☞ The New Berlin Volksfreund in speaking of our proposal to hold no more conventions in New Berlin, says:

"We hope his remedy may be adopted, and our place never again be disgraced by the presence of such drunken blackguards, as some of those were, who assembled here that day."

We did not see a single drunken man at New Berlin the day of the Democratic Convention, certainly not among the delegates, nor can we hear of any one who did. We therefore leave our readers to form their own opinion of the Volksfreund's characteristic paragraph.

☞ The New Berlin papers mutter all sorts of discordant and contradictory tones in their puerile efforts to explain and adjust their recent defeat—but as usual resort to wholesale perpendicular falsehoods, as their most available refuge, in this trying emergency. The only way is to let them lie away; give them plenty of rope and let them hang themselves.

The court of Warren county, it is said, have refused to grant license to the taverns of that county.

☞ Christian Reif, of Hartleton in this county, has obtained a Patent for an improved Clover Seed Separator.

☞ A little girl playing with matches set fire to the stable of Mr. S. Slifer in the rear of the Post Office, on Tuesday afternoon last; happily, it was discovered ere it had made much headway, and promptly suppressed, or it would have laid half our town in ruins. Two queries—

1st. Will the Town Council wait for another destructive fire, before they make reasonable efforts to suppress its outbreaks?

2d. Ought children to be allowed the use of matches at any time?—(and yet we see boys about four feet high with matches in pocket and cigar in mouth, puffing in our streets in the face of every passer-by.)

For the Chronicle.

☞ It is fun to the "Know Nothings" to see what ridicular assertions are made against them by the demagogue presses whose masters they are everywhere—lightning-like—tossing out of their places of power and profit! "Rail on—bark! for you can't bite." It's fun for us, tho' death to you. *Dorne Nugent.*

☞ The attention of our readers is called to Professor Holloway's Advertisement, in another part of our columns. The world wide renown of his Pills and Ointment are too well known to require much comment from us, but they are, without doubt, the most efficacious remedies for many complaints. Many of our readers have derived immense benefit from using the Pills in cases of bile, and general derangements of the stomach and bowels, and no cutaneous disease can resist the curative powers of the Ointment—the effect it has on the human frame is certainly astonishing.

VOLUME X. of the SCIENTIFIC AMERICAN commences on the 16th of September. It is chiefly devoted to advancement of the interests of Mechanics, Inventors, Manufacturers, and Farmers, by the diffusion of useful knowledge upon these important branches. It is edited by men practically skilled in the arts and sciences, and widely regarded as a sound and able journal. Nearly all the valuable Patents which issue weekly from the Patent Office, are illustrated with Engravings, and the claims of all the Patents are published in its columns; thus making the paper a perfect scientific and Mechanical Encyclopædia for future as well as present reference. The Scientific American is very extensively circulated—its circulation in the last volume exceeding 18,000 copies per week. It is in form for binding; each volume contains several hundred engravings and over 416 pages of Reading Matter, with an Index. The practical receipts alone are worth to any family much more than subscription price.

The Publishers offer the following valuable prizes for the largest list of subscribers sent in by the 1st January next: $100 will be given for the largest list, $75 for the second, $50 for the third, $30 for the fourth, $20 for the fifth, $10 for the sixth, $10 for the seventh, $5 for the eighth, $5 for the ninth, $5 for the tenth, $2 for the eleventh, $15 for the twelfth, $10 for the thirteenth, and $5 for the fourteenth. The cash will be paid to the order of the successful competitor immediately after January 1st, 1855.

To Wool-Growers.

50,000 pounds Wool WANTED. The subscribers feel thankful for past patronage conferred upon their manufacturing operations, and hope in future that the well-wishers of their country will feel disposed to share abundantly by patronizing "Home Industry and Enterprise." Farmers, Merchants, and Mechanics, we invite you all to give us a call, as we intend keeping constantly on hand a good assortment of Goods of our own manufacture, such as

Cloths, Cassimeres, Satinetts, Flannels, Blankets, Stocking Yarns, &c.

to exchange for Wool or sell low for Cash, Grain, Lard, Soap, or any other marketable Produce. They will also Wholesale to Merchants, and save them the Jobber's profit, which is from 10 to 15 per cent.

Cash will be paid for WOOL at all times, the regular market price. We do not expect to run Wagons to collect Wool—we think it is better for both Wool Grower and Manufacturer to deal at the Factory, where there is a variety of goods to select from, and the manufacturers have a much better chance to render satisfaction to their customers than when a few goods are hauled out in a wagon.

By strict attention to business, they hope to merit a goodly share of public patronage.

Very respectfully yours,

LADIES' INSTITUTE

of the Penn Medical University of Phila'd.

THE FALL TERM of this new Medical School for Ladies, will commence on the first Monday in October, 1854, and continue four months.

The *System of Teaching*, here pursued is entirely new, and is more comprehensive, thorough, liberal and practical, than that of any other Medical School in the country. It is based, as far as possible, upon the positive Sciences consequently, free from all sects and dogmas. The branches of study are divided according to their natural order of succession, and taught, in four progressive courses of four months each; there are two courses in each year, thus enabling the students to pass successively through all four courses within two years. By this arrangement the study is rendered easy, and possessed of daily increasing interest.

Ladies desiring a thoroughly scientific Medical Education, or any part particularly interesting them, have facilities here nowhere else to be found.

The Far-Famed Medicine!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs, are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them according to directions, seldom fail in being restored to health.

Weakness and Debility.—Restoration to Health of a Gentleman, aged 45, when at Death's door.

Copy of a Letter from the Rev Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17 Aug. 1846.

To Professor Holloway.

Sir—A Mr. Joseph Pitman, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under Providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife has derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A permanent Cure of a diseased Liver of many Years' duration.

Copy of a Letter from Mr. —omas, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 2d, 1853. (Signed) J. GAMIS.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Dropsy	Jaundice	Secondary
Asthma	Dysentery	Liver complaints	Symptoms
