WORDEN & CORNELIUS.

Lewisburg, Pa.

FRIDAY MORNING, NOV. 21, 1856

ADVERTISE!—Manufacturers, Merchants, Mechanics, Professional Men, in City and Country, Publishers—all who wish to buy or sell—should do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, recent producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

"AGRICOLA," shall appear in our next.

☞ The ground is broken for the new Seminary and University Buildings, at Lewisburg.

☞ The new house of worship for the Methodist church in Northumberland, will be dedicated on Sunday next, 23d inst.

☞ The Lock Haven *Democrat* and Lewistown *Gazette* urge Gen. Simon Cameron as U.S. Senator from this State.

☞ The *Herald of Freedom*, by GEO. W. BROWN, has re-appeared at Lawrence in Kansas, after six months' stoppage from Border Ruffianism. Long may it speak!

THOMAS J. POWER, of Beaver county, has received from Gov. Pollock, the office of Adjutant General of Pennsylvania, in place of Geo. W. Bowman, of Bedford, whose term has expired.

☞ The persons advertised for the Concert in Lewisburg, on Monday evening next, are of good and established reputation, and their singing we doubt not will well repay the time and money required to hear it.

☞ On Friday morning last, the door of the Drug Store of J. Baker & Co. of Lewisburg, was forced open by breaking the bolt of the lock by main strength, but the noise having aroused Mr. Wolfe, the burglar retreated without entering, leaving his working tools behind him.

☞ The County Commissioner—Messrs. Lincoln, Hummel and Rohl—are in town, making out the extra List of Taxables, which is furnished once in seven years, prior to the State Apportionment for Representatives and Senators. Our Commissioners are managing county affairs in the most economical manner.

☞ A desirable property in Mifflin county.....also an elegant residence in Lewisburg.....are offered for sale in our advertising columns to-day.

Next Thursday, occurs the sale of Superior Cattle, &c, of the late Wm. Wilson Jr. dec'd.

☞ The Lewisburg Republican Association, at its meeting last Friday evening, adopted the Constitution and Report to be found on the first page of this paper, and resolved to have a meeting on Tuesday evening of every regular Court. Adjourned to *THIS EVENING, at Ammons' Hall*, when Officers are to be elected, by ballot, for the ensuing year.

☞ Our Northumberland county cotemporaries speak with much approbation of the *Map of Northumberland County*, just issued by K. VOLKMAR, of Lewisburg. It exhibits a marked improvement in lithography—has cost the worthy publisher a large expenditure of time and labor—and on this account, as well as for its intrinsic merits and utility, should be well patronized by the citizens of that county.

☞ The Canal Commissioners have made the following among other appointments:

Supervisors—Lower Juniata District, D. Eisenhise; West Branch, Thos. W. Lloyd; North Branch, Geo. W. Search.

Collectors—Newport, John Hartzell; Lewistown, A. G. Harvey; Williamsport, J. Piatt; Northumberland, J. Swincford; Beach Haven, J. S. Follmer; Athens, W. H. Overton.

Weighmasters—Beach Haven, F. M'Bride, R. S. Bacon.

Bank Directors.

The following gentlemen have been this month elected Directors of the Institutions named, for one year:

Lewisburg Savings Institution.—Wm. Frick, J. G. L. Shindel, Jos. Meixell, A. B. Warford, John Walls, Gideon Biehl, J. D. Cameron.

Bank of Danville—E. H. Baldy, C. H. Frick, P. F. Maus, J. C. Rhodes, Wm. Neal, Peter Beaver, Benj Schoch, J. V. Goodlander, Thos. Woods, G. M. Shoop, G. J. Piper, M. C. Grier, W. G. Hurley.

Bank of Northumberland—Wm. Cameron, G. F. Miller, H. C. Eyer, Wm. Wapples, A. E. Kapp, Daniel Brautigan, J. C. Horton, J. B. Packer, C. A. Paxton, Ed Wilson, J. T. Brown, Paul Mastelter, F. W. Pollock.

ST. LOUIS Nov. 17.—We have advices from Lawrence to the 10th inst., stating that on the Saturday previous, twenty prisoners taken at Hickory Point, were found guilty of manslaughter, and sentenced to five years imprisonment at hard labor.

☞ Accounts do not agree, by several hundred, but it seems most probable that for President Mr. Buchanan has 400 to 600 majority, in Pennsylvania, over all. This must be a most mortifying fact to the "favorite son"—hardly a majority in his own Free State, and elected by the almost unanimous vote of the "section" of the Union which hugs the viper Slavery to her bosom, and makes it her idol!

The treachery and fraud—the sale and corrupt bargaining—by which in our State 26,000 of the Opposition vote was thrown away, is beginning to be fairly appreciated by the honest Americans, but too late for this campaign. Hereafter it may benefit them. Thousands of pretended Fillmore men obtained all the votes they could for Fillmore from men who would not vote for Buchanan, while they themselves voted directly for Buchanan, and gave him his majority! We have heard that Kimber Cleaver himself—the head and heart of Americanism—voted direct for Buchanan. The effect of this was not only to lose enough votes directly to give the State to Buchanan, but also to discourage our side and encourage theirs—a fact, which gained Buchanan thousands of votes.

SAD DEATH.—The dead body of Mr. JOHN MASTERS, of Madison township, Columbia county, was found in the woods on Saturday last, the 9th instant. It appears that the deceased had left his home some two weeks since, and wandered about four miles into the woods, belonging to William Houghton of Pine township, and perished. John F. Fowler, Esq., summoned a Jury who held an inquest on the body of the said Masters, and reported that the deceased—who was partially deranged—came to his death by cold and starvation.

NORTHERN CENTRAL RAILWAY.—We learn that the President of this Company, accompanied by a committee of the Board of Directors, on Thursday last passed over that portion of the line between Millersburg and Dauphin, in a special train of cars provided for the purpose. This section is completed and ready for use.

We regret to learn that ex-sheriff Hayman, of Columbia county, was thrown from his horse and killed, on night of 4th inst., whilst carrying the election returns of Orange township to Bloomsburg.

POT VERSUS KETTLE.—The New York papers are berating Baltimore on account of its riots, murders and shooting cases.

COPARTNERSHIP.—It may interest our brethren of the press to know that Dr. J. C. AYER of Lowell, (Cherry Pectoral and Cathartic Pills) has associated with him, his brother Frederick Ayer, Esq., long and favorably known as a leading merchant of the West. Mr. Ayer will conduct the widely extended business of the firm, which now reaches to the commercial nations of both hemispheres, while the Doctor will devote himself to his scientific investigations and pursuits.—*Lowell Paper.*

Fits! Why Prominent.

For a long time there was a paragraph making its regular weekly appearance in our columns, with the brief, but emphatic words "Fits! Fits!" always at the head, to some an offensive caption, but not so to the benevolent and humane, who could sympathize in the sorrows of others. Some persons are shocked at any indication of disease, and are ever thrown in nervous excitement on witnessing a hearse or a coffin. Such are to be pitied. We should always strive to look disease and even death in the face with calmness, and especially take every opportunity for alleviating disease. Viewed in this light, the advertisements of A. S. Hance of 105 Baltimore street, Baltimore, Md., should possess a certain interest, and those who know any one suffering from Fits, Spasms or Epilepsy, should feel it a pleasure to cut out his advertisement, or in some other way send word to the afflicted of the great value of his remedies. They can be sent to any part of the country by mail. Price, $5 per box. Two $8. Twelve $24.

WHISKERS, BEARD & MUSTACHOS Forced to grow in six weeks by DR. LAFONT'S CAPILLARY COMPOUND, warranted not to stain or injure the skin. Price $1.00 per Package, or 3 for $2.50.

Sent to any part of the country, by mail, on receipt of a remittance. Address SWEETZER & CO., Box 739 Post Office, Baltimore, Maryland.

ARE YOU INSURED AGAINST LOSS BY FIRE?—There are but few who receive sympathy when great loss by neglecting this most *necessary and substantial precaution.* We often see it announced that persons have lost their stocks of Goods and Furniture, and results of years of industry swept from them by the devouring element over which they have no control but by being insured.

Insurance protects you from the incendiary, negligence of servants and the casualties of your neighbors. It will impart confidence to your creditors, and gain a character for good sense and prevention to all your business transactions.

It requires but a very small sum to insure to some extent, from $100 to $1000, and yet how many there are who have no insurance upon Goods, Furniture, or anything else! If your risk is small, still the loss to you might be serious.

This Company insures *BUILDINGS, MERCHANDIZE, GOODS, FURNITURE, MACHINERY and STOCK* FROM $100 TO $5000,

at the lowest rates and upon the most Liberal Terms, and Prompt Payment on the adjustment of Loss.

Lewisburg, Oct. 28, 1856

Hickok's Patent Portable KEYSTONE CIDER & WINE MILL,

patented Nov. 20, 1855.

☞ This is not the Mill sold in 1852. It excels all mills in the market in the ease and speed with which it grinds, and in the great power of the press.

Manufactured at the Eagle Works, Harrisburg.

PLEASE TAKE PARTICULAR NOTICE!

THAT this is entirely new mill—no expense has been spared in its manufacture—all the materials are the very best, and are used unsparingly. The Cylinders are almost twice the length of the former ones, and all, including the top Cylinder, made of Iron. The screw is two inches in diameter, with a heavy ½ V thread cut on it. The beam of the Press is cast iron instead of wood—is made very strong, and the thread of the nut cut for full inches through it. The power of the Press is very much increased, and cannot be broken by any fair means. The arrangement of the Tub, and other parts of the Press, is very perfect. The Boxes and Hopper are all to run together; the Journals run in long bearings; and lastly, it is the mill whose fame has been swelled by any machine of the kind whatever. Perfection being the aim, both in the arrangement and the mechanical department.

All persons who have been obliged to use the old fashioned not Mill, are aware how inconvenient it is, and especially those who have not large quantities of apples. By having this Mill on your plantation or farm, you can, at any time in a few minutes make a few gallons of sweet cider for present use; or you can very expeditiously make up a few barrels. The Machine, well worked, is capable of making 6 to 12 barrels of cider a day, with ease.

The machine is made to run by horse, steam or hand power, and when the apples are ground, a small boy of fourteen years of age can press the pomace with all ease. The following may be adduced as the decided advantages of this mill.

First—It will make more Cider than any other Press, with a given quantity of apples in a given time, and with much less labor and expense.

Second—It will make cleaner and sweeter cider than any other Mill.

Third—You can make the cider as you want it, and when you want it; and in quantities from one gallon to barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard and Tallow.

Fifth—With it use you can at all times have fresh and sweet cider.

With all the advantages resulting from the possession and use of such a Machine—at a price so low that it is within the reach of all—can it be that any intelligent Farmer would do without it?

RECOMMENDATIONS.

JACKSONVILLE, June 15th, 1854.

W. O. HICKOK: Sir—I have one of your Improved Cider Mills; I used the Mill last October, and on trial I ground fifty bushels of apples per hour. I keep the ground apples twelve hours, and I can press out two barrels of cider per hour with two men. I can recommend your improved Cider Mill to all fruit growers, for speed and a saving in labor. I can make thirty-five gallons of cider from nine and one-half bushels common apples. The cider can be pressed from the pomace without using water now. Cider will keep one year when water is not used at the press.

JOHN MCCORD.

ST. LOUIS, July 29, 1853.

MR. W. O. HICKOK:—Your Mills are here, and we have sold them and telegraphed for twelve more. As they are a much better made and better looking Mill than the other kind, we know they will sell quickly alongside of them at $50—price of the other $35.

We have six of the other kind, but, as we said before, people won't look at them alongside of yours.

Yours, Very Respectfully, WM. M. PLANT & Co.

YORKTOWN, STARKEY, June 16, 1853.

MR. W. O. HICKOK: Dear Sir—It gives me great pleasure to lend my feeble influence in recommendation of your invaluable Patent Cider Mill. Any person who has made cider by the old process will quickly perceive, should they procure one of your new Mills, the utility and economy of your invention. I regard it as one of the best inventions now in use. Although I have had it but one year, it has amply repaid me for what it cost. Cider expressed through the medium of your machinery is less liable to fermentation, and can be preserved sweet longer than that produced through the old fashioned Mill, from the very fact that it is more free from pomace, which always has a tendency to acidity, and unfits it in many instances for domestic use. Yours, respectfully, W. QUIGLEY.

This is to certify, that I purchased of D. Landreth, in October, 1852, one of Hickok's Patent Cider Mills, and have had it in use ever since. Perfectly satisfied with it myself, I have no hesitation in pronouncing it a very useful and indispensable Machine to the farmer. With it, one man and two boys can make from five to six barrels of good cider per day, easy. Many of my neighbors have purchased similar Machines. The Mill has been greatly improved since I bought mine. W. G. WARD.

May 11, 1854. Ridley, Delaware County, Pa.

I hereby certify that I have used W. O. Hickok's Improved Portable Cider Mill, and consider it a valuable invention in the economy of time. The cider is cleaner and better than that made in the usual way. I am well pleased with it, and should be unwilling to part with it for quite a premium on the advanced cost. JOHN S. HALE.

July 1, 1854. Portland, Ct.

☞ More than one hundred Silver Medals and Diplomas have been given to my Mill within the last four years.

☞ This Mill occupies about 2½ feet by 3 feet, and is 4 feet high, weighing 370 lbs, is every way portable and convenient. ☞ [PRICE $40.

DENTAL CARD.

THE new method of inserting artificial Teeth, Gum, &c., known as

Allen's Continuous Gum Work,

is, without exception, the best improvement ever made in the art of Dentistry. This work, when properly constructed, is the most beautiful, the cleanest, combines the greatest strength with durability, and adds more to a clear and distinct articulation, than any other kind of work ever brought before the public. And not only this. By a beautiful discovery in combination with this style of work, we can give the face its natural expression, without, in the least, interfering with the easy fulness of the teeth in mastication.

I would take this method of informing those interested that I have purchased the Patent Right for this valuable improvement, of the inventor, John Allen, (late of New York,) for this and several adjoining counties, and that I am now manufacturing an article of Teeth and Gums that will compare favorably with anything in that line that has ever been made in this or any other country. I ask all, and especially those that need teeth (if they have neglected them or not,) to call, and examine for themselves.
