Lewisburg, Pa.

FRIDAY MORNING, DEC. 17, 1858

ADVERTIZE!—Manufacturers, Merchants, Mechanics and Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and traders, as any in the State.

☞ See New Advertisements.

☞They appear to be so hard run for writers, that they sometimes "catch" printers in Union county. The Senior editor of the CHRONICLE was "taken" on Monday, and only released Wednesday; was recaptured same day, and we expect is now out in the Jury room, where, if there are only a dozen "stubborn" ones, they may be deprived of drink and food until half "give in." We hope he will not get so chock full of law and rascality as to turn Douglasite, though it is said a long course of it is sometimes bad enough to make a Lecomptonite out of an honest Printer.....The "case" stated whether Orwig or Johnson shall keep the remains of the *Gazette* establishment, which seems to be about in the condition of the boy who said "his father died and his mother married another man; then mother died and the other man married another woman; then the other man died and the other woman married another man; then tother man died—and somehow it all mixed up so that I don't know who my parents are."

COURT WEEK

Notwithstanding the awful bad roads, there was a great attendance at Court, the beginning of the week, and a large number of lawyers from Milton, Sunbury and Lewisburg. Robert Lyons, tipstaff; C. Emery and Jesse Shamp constables. James W. Sands was appointed Foreman of the Grand Jury, which ignored bills, and returned 3 True Bills. The Jury was discharged on Tuesday noon, after making the following presentment:

REPORT OF THE GRAND JURY.

That they have examined the county buildings and grounds or appurtenances thereunto belonging, and find the public buildings in good condition, but the cells of the prison detrimental to health for want of proper arrangements to warm the same, and would recommend that immediate measures be taken to have the same heated comfortably. Also the door of the outer entrance to the prison cells are considered insufficient for the proper security of prisoners, and therefore recommend that the same be so altered as to secure against any desperate character that may hereafter be confined. Also the gate in the rear of the Court House has been found inefficient, and therefore recommend that it be so altered as to answer the purpose intended, or that another gate be placed in its stead. Also they find the Bridge crossing Buffaloe Creek at Mason & Dixon's Station in good condition, and would recommend its repair without needless delay. Also the bridge crossing the aforesaid creek near Kepler's mill is needing repair, and they recommend that the same be attended to.

On Monday morning, a case stated was presented to a Jury, the consideration of which continued until Wednesday forenoon. Elizabeth, widow of Paul Goodlander deceased, at first accepted under the will of her husband, by a written agreement, the Executors giving her considerable property in addition to the property left her by the will, under the condition precedent that there should be no further strife, and that if any other question arose, the agreement should be null and void. The Executors did afterwards ask of her a note for $500, when she formally refused to take under the will. It was claimed that she did not fully know what she was doing when she signed the agreement, that imposition was practiced, and that the agreement had been broken. The Jury decided in favor of annulling the agreement, and placing the parties upon her original footing.

On Wednesday morning, John Sang was tried on two indictments for larceny at the store of J. B. Datesman, &c. Deft. pleaded guilty, and was fined $1 end costs, and sentenced to one year and four months in the Eastern Penitentiary. (Giving a new Sheriff a first chance to see the lions and elephants officially.)

The Supervisors of West Buffaloe township were next tried, on bill found at Court for not repairing a bridge, and were found guilty, and sentenced to pay a fine of fifty cents and costs.

Jacob Swartz, of New New Columbia, was tried on an indictment for assault and battery. After proceeding with the trial, Deft. plead guilty, and was sentenced to a fine of ten dollars and costs.

Samuel Orwig vs L. Johnson & Co. came for trial on Wednesday afternoon, and was still on, Thursday afternoon, as we go to press.

HOLLOWAY'S OINTMENT AND PILLS.—Far below the eruptions, boils, worms, sores, and other excrescences that disfigure the surface of the body, lies the acrid and corrosive poison which sustains and and aggravates them. This virus, which usually lurks in the large vessels springing from the great internal organs, can only be followed to its hidden recesses by a preparation like Holloway's Ointment, whose penetrating properties are irresistible. But this is merely, so to speak, the mechanical or motive characteristic of this famous salve. Having reached the poison, its chemical action immediately destroys or neutralizes it. Thus its cures are radical and perfect. The Pills, from their purifying effect upon the blood, are a material help in such cases.

Rheumatisms of the most severe kind have been cured by using two bottles of DU VALL'S GALVANIC OIL. Back-ache, pain in the head, sick head ache, and nervous diseases of the head, are every day being cured soundly by the use of this medicine.

Dyspepsia is one of the prevailing diseases of this country. This is owing both to climatic influence, and the habit of eating our meals too rapidly. In spite of these adverse circumstances, this disease rapidly disappears by the use of the Oxygented Bitters.

☞See advertisement Dr. Sanford's LIVER INVIGORATOR in another column of this paper

DU VALL'S GALVANIC OIL,

Prepared originally by PROF H. DU VALL, formerly of the College of Surgeons, Paris, IS NOW OFFERED TO THE PUBLIC as a sure Cure for all Sore and Painful Diseases.

FOR instances—Pain or soreness in any part of the system, Rheumatism, pain in the back, breast or sides, boiled breasts, Neuralgia, Burns, Sprains, Headache, Cramp in the Stomach, or any other disease that is usually relieved by CAMPHOR, and it is only over that class of diseases we claim a PERFECT VICTORY. We say positively to our patrons, we can relieve the sufferer 99 times out of 100. We would just say to the public, Prof Du Vall was 25 years in bringing to this medicine superiority over all others. Price 50 cts per bottle. 1 per ct off to the trade.

ANDERVILLE, S. C., Aug. 21, 1858.

Messrs. FARREL, HERRING & CO., Philadelphia.

Gentlemen—The close attention which our own affairs have required since the fire, has hitherto prevented us from writing you about the Safe.

On occasion of the fire 19th July, by which we suffered a large loss, our store, with a number of other buildings, was consumed. The Safe, of your manufacture, which we had in the store, was exposed to a most intense heat, as is well attested by the effects on its strong iron frame which, from its flaked and scaly appearance, looks as though it had been heated for a long time in a furnace. The Safe, with heaps of molten glass and kegs of nails, fused into a mass, fell into the cellar, surrounded by burning materials, and there was suffered to remain (as the contents had been removed before the fire reached us,) until the 3d of August, 14 days afterwards.

The difficulty in cutting it open with the best tools that could be procured, convinced us of its power to resist the attempts of burglars, and when it was opened, we found the interior, to the astonishment of all, entirely unaffected by fire.

This test has so fully convinced us of the capabilities of your safes, that we would not part with the one we have in use for a large sum, were we debarred the privilege of getting another. Respectfully yours,
Jan 28 R. H. WARDLAW & SON.

Fits---Fits---Fits!

Persons laboring under this distressing malady will find *Dr. Hance's Epileptic Pills* to be the only remedy ever discovered for curing Epilepsy or Falling Fits. These Pills possess a specific action on the nervous system, and although prepared especially for the purpose of curing Fits, they will be found of especial benefit to all persons afflicted with weak nerves, or whose nervous system has been prostrated on shattered from any cause whatever. The dyspeptic patient, whose stomach has lost the power of duly converting food into a life sustaining element, is relieved by a single course of the extraordinary Pills. The gastric fluid requires its solvent power, and the crude nutriment which was a load and a burden to the sufferer, while his digestive organization was paralyzed and unstrung, becomes under the wholesome revolution created in the system, the basis of strength, activity, and health.

Sent to any part of the country by mail, freed postage. Address SETH S. HAGER, 108 Baltimore Street, Baltimore, Md. Price—one box, $3; two, $5; twelve, $24.

THE OXYGENATED BITTERS.

A plant, Asthma, Oulinessa, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sea Sickness, Scurvy, Nausea, Headache, Emus, and General Debility, or any disease having its origin in imperfect digestion.

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are the *only safe, certain and sovereign specific* for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by Gustos B. Green, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their nature tonic, and stimulating,—retaining their virtues in any clime, they are "a combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region in which he lives ought to satisfy all those of little faith:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—*Sirs*:—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, fulness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the Oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in inducing all like sufferers as myself to make use of this remarkable remedy.

☞It is a most undoubted fact that Dr. SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease; which if kept free from disease, is a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.
