Hail to the Chief!

THE United States of America, conscious of their glorious calling, sent a vessel to distant Turkey to break the chains by which the mightiest despots of Europe fettered the activity of the illustrious Exiled Hungarian Chief, whose very name disturbed the proud security of their slumbers. He is now the Nation's guest. He comes to arouse our sympathies, and to ask our aid for his people and their cause. In view of this Kossuth mania and other considerations, the late firm of Drs. J. W. & D. F. Brundage is dissolved by mutual consent. It has become necessary "positively" to close up the affairs of our old Books, which have been from one to sixteen years standing; and would respectfully beg leave to call the attention of those indebted, to a settlement of the same without further notice or delay. The notes and Books may be found in the hands of J. W. Brundage for a short time. Payment can be made to either of the late partners.

J. W. BRUNDAGE,
D. F. BRUNDAGE.

Gibson, January 1, 1852.

DR. D. F. BRUNDAGE respectfully asks leave to tender his sincere thanks to the citizens of Susquehanna, Wayne, Luzerne and Wyoming Co's for their very liberal patronage and many proofs of friendship, and would assure them he designs a permanent residence in Gibson, and may be found at or near the old office of Drs. J. W. & D. F. B. when not professionally engaged.

Chenango Water Cure.

DR. C. B. BARRETT,

FORMERLY of the city of New York, embraces this opportunity of informing his many friends and patrons, and those favorable to a judicious mode of Hydropathic treatment, that he has withdrawn himself entirely from the "*Mount Prospect Water Cure*," (of which he was formerly part Proprietor, and its resident Physician) and opened an establishment for the relief of Diseases of an Inflamatory and nervous character.

The institution is located 22 miles from the beautiful and flourishing town of Binghamton, on the East side of the Chenango River, and is at all times accessible to the cars going East or West, by a pleasant and picturesque ride of 15 minutes duration, and will hereafter be known as the

Chenango Water Cure.

DR. C. B. BARRETT would earnestly direct the attention of the sick and afflicted to a careful and considerate perusal of the following statements, which if properly heeded will save those afflicted from becoming the victims of quackery and base imposition.

1st. The Institution will be supplied with a series of powerful Vapour, Douche and Shower Baths, all of them capable of being used to any degree of temperature, applicable to the immediate wants of the patient's case.

2nd. The use of these baths as administered by Dr. Barrett, (*provided the directions given from time to time are strictly and unbelievably followed,*) ARE GUARANTEED TO CURE ALL DISEASES THAT ARE CURABLE; *and in those beyond the reach of restoration to health, relief, of the most grateful and satisfactory character will be obtained.*

3rd; It is a well known fact, that at a climate like this, liable at all times to so many sudden changes, under which a feeble and delicate constitution is compelled to yield to its debilitating influences, the successful application of *Cold Water*, through a long and rigid winter, as applied by the *self styled* "Water Cure Doctors" of the day, on those who are so unfortunate as to be obliged to become "in-door patients" at any of those large boarding houses called "Water Cures," must necessarily be to say the least of it, of a very doubtful and suspicious character; and, in a large majority of cases, leaves the poor sufferer worse than he was before entering its portals. All this arises from a system of Charlatanism, or quackery adopted by those, who eager to be called a Doctor, have only glanced at the shadow whilst the substance of the Practice is far, far beyond their most gifted intellects. Hence they use in a lap-hazard manner a very powerful and, in unskillful hands, a very dangerous agent, without any regard to the temperature of that agency, or the temperature, habits of life, &c. of the individuals who may be so very unfortunate as to fall into their hands.

4th. It not unfrequently happens that the pecuniary resources which a patient may have under his immediate control, are of a character so limited as to render it impossible for him to pay $6, $8 or $10 per week for Board, &c., especially if it is required of him to become an inmate for two or three months. In the Institution now opened by Dr. Barrett, more than two-thirds of such an expense is saved to the Patient, from the fact, that the personal attendance of the sick will not be required, even in the very worst cases, more than three times a week, and then only for one hour, (the majority of cases requiring but two visits per week,) enabling each patient immediately after their treatment, to retire to their respective homes, taking with them printed directions for Home Treatment, until the next regular appointed return.

Thus, Time and Money, (both very important items,) are saved to the Patient and his family, by the systematic course of treatment as adopted at Dr. BARRETT'S establishment. A system which is exactly the same as that in use at the present day in the principal Hospitals and Private Institutions of this country and of Europe, and for its successful issue, living witnesses to its benign and beneficial influences are around us on every hand.

The following are the terms on which each patient will be received for treatment, and from which, in no case will there be any departure or deviation.

Day Patients—One Dollar each sitting.

Patients by the Week—Five Dollars which includes Board, Fire, Light and Attendance.

☞ No BOOK ACCOUNT IS KEPT. Each day patient will pay for his or her Bath after having received it, and before leaving the Institution. Patients, who Board at the Institute, will pay at the close of each week. These regulations will be promptly carried out.

Day patients will provide their own towels for each sitting, with 2 sheets, (coarse cotton) one large Comfortable, and 3 Crash towels.

Hours of treatment from 8 A. M. to 5 P. M. No treatment on the Sabbath.

The Subscriber is a regular graduate, and a Licensed Practitioner of the class of 1831, and a member of the "American Hygienic and Hydropathic Association of Physicians and surgeons," and for the past nine years has devoted himself to the treatment of diseases by the use of Water, judiciously administered in its various forms.

DIGESTIVE FLUID,

OR, GASTRIC JUICE.

Prepared from *RENNET*, or the fourth *STOMACH OF THE OX*, after directions of *BARON LIEBIG*, the great Physiological Chemist, by *J. S. HOUGHTON, M. D.* Philadelphia, *Pa.*

This a truly wonderful remedy for *INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION*, and *DEBILITY*. Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of *Pepsin*, infused in water, will digest or dissolve, *Five pounds of Roast Beef in about two hours*, out of the stomach.

Pepsin is the chief element, or Great Digesting *Principle* of the Gastric Juice—the *Solvent of the Food, the Purifying, Preserving, and Stimulating* agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an *artificial digestive fluid*, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of *Indigestion*, and *Dyspepsia* are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing case of *Debility, Emaciation, Nervous Decline*, and *Dyspeptic Consumption*, supposed to be on the verge of the grave. The Scientific Evidence upon which this is based, is in the highest degree *curious* and *remarkable*.

Scientific Evidence.

BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

☞ Call on the agent and get a descriptive Circular, gratis, giving a large amount of scientific evidence similar to the above, together with reports of remarkable cures, from all parts of the United States.

As a Dyspepsia Curer

Dr. Houghton's *Pepsin* has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to bilious disorder, liver complaint, fever and ague, and the evil effects of quinine, mercury, and other drugs upon the Digestive Organs, after a long sickness. Also for excess in eating, and the too free use of ardent spirits. It also reconciles Health with Intemperance.

Dr. Houghton's Pepsin is prepared in powder and fluid form—and in prescription vials for the use of physicians.

Private Circulars for the use of *Physicians* may be obtained of Dr. Houghton or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular practice. *Price*, ONE DOLLAR per bottle.

☞ OBSERVE THIS.—Every bottle of the genuine *Pepsin* bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, *Pa.* Copy right and Trade-mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

DENTAL SURGERY.

C. D. VIRGIL, tenders his professional services to the citizens of Montrose and vicinity, designing a permanent location among them. An exclusive devotion of several years to the study and practice of Dentistry, encourages the hope of giving entire satisfaction in every department of this highly useful and popular art. Probably the amount of individual and aggregate suffering arising from decayed teeth is much greater than from any other cause, and persons whose teeth are becoming carious, should be admonished to have them attended to in season. Nine tenths of the anguish distracting, which rends the nerves amid the tossings and writhings of a sleepless night, might have been prevented by seasonable precaution. Although a method has been recently discovered by which a tooth that has
