1. Blankets.
2. Dry goods.
3. Hardware, to include the agricultural implements.
4. Axes and hatchets.
5. Northwest guns.

The lowest competent responsible bidder will receive the whole or any part of the contract, according to the above scale, the department reserving to itself the right to determine whether the bidder is competent and responsible or not.

A schedule of the articles, with samples, may be seen at the office of the Commissioner of Indian Affairs, in Washington, exhibiting the amount of money to be expended for each article; but the department reserves the right to increase or diminish the quantity of any of the articles named or substitute others in lieu thereof, or to require, at the prices, such goods as may be wanted for presents or other purposes, in the administration of the affairs of the department.

The whole amount in money to be applied to the purchase of goods will be about $85,000; of which some $10,000 will be wanted on the seaboard, and the residue in the west. Goods of American manufacture, all other things being equal, will be preferred; but as all the samples of blankets and cloths on hand are of foreign manufacture, it will be necessary, when a domestic article is bid for, that the sample of it should accompany the bid, to enable the department to decide whether it is of equal quality with the samples to be exhibited.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the prices, in dollars and cents, at which he or they will furnish them, deliverable in New York and St. Louis, respectively, on or before the fifteenth day of May next, assuming the quantity of each article as specified in this advertisment, and extending the cost, making an aggregate of the whole invoice before sending it on. The goods will be inspected at New York or St Louis, by an agent of the United States, who will be appointed by the department for the purpose, and to ascertain the conformity of the articles purchased with the samples exhibited, when the contract shall be made, and with the terms of the contract itself, which shall contain a clause that if the articles are not furnished within the time prescribed, or if they are of insufficient quality, in the opinion of the agent aforesaid, and if within five days after notice of such insufficiency the party shall not furnish others in lieu thereof, of the required quality, the United States shall be authorized to purchase them of others, and to charge any increase of price they may be compelled to pay therefor to the contractor, who shall pay the said difference to the United States.

Bonds will be required in the amount of the bids, with two good sureties, the sufficiency of whom to be certified by a United States judge or district attorney, for the faithful performance of the contracts. Payment will be made after the contract is completed, and delivery of the goods at New York and St. Louis respectively, on an agent of the department, upon a duplicate invoice certified by him.

Communications to be marked, "Proposals for Indian goods."

The bids will be submitted with the following heading, and none will be considered that are not made in the form and terms here prescribed, viz:

"I (or we) propose to furnish, for the service of the Indian Department, the following goods, at the prices affixed to them respectively, viz

(Here insert the list of goods.)

"Deliverable in the city of New York, or St. Louis, on or before the——day of——next, and in case of the acceptance of his proposal, in quantity being prescribed by the department, I (or we) will execute a contract according to this agreement, and give satisfactory security to the department, within ten days after the acceptance of this bid; and in case of failure to enter into such contract, and give such security, I (or we) will pay to the United States the difference between the sums bidden by me (or us) and the sum which the United States may be obliged to pay for the same articles."

Each and every bid must also be accompanied with a guarantee in the following form, to be signed by one or more responsible persons, whose sufficiency must be certified by some one who is known to the department, either personally or by his official position.

"I (or we) hereby guaranty that——, the above bidder, will comply with the terms of the advertisement for "Proposals for Indian goods, dated September 18, 1847, if the contract should be awarded to him, and enter into bond for the execution of the same within the time prescribed."

Vegetable Pulmonary Balsam.

THIS Balsam is probably, almost without a parallel in having, during a trial of nearly 20 years, fully maintained the high reputation which it has acquired for Consumptive Complaints and all diseases of the Lungs, *Throat*, and Chest. It has been used with probably greater success than any other article known, and many physicians who have had an opportunity of witnessing its highly salutary effects, do not hesitate to reccommend it as a safe, convenient, and very efficacious medicine, equal if not superior to any other prescription for the above complaints within their knowledge, and one which has seldom disappointed the reasonable expectations of those who have used it. It is a most valuable remedy for *Consumptions, Asthma, Pleurisy, Phthisic, Spitting of Blood, Hooping Cough, Coughs, Bronchitis, and Pulmonary Affections of every kind.*
