Daily Review of the Markets.

OFFICE OF THE POST,
SATURDAY MORNING, *August 26th, 1848.*

There seemed to be more than the usual amount of business doing in the streets yesterday. The wharf appeared to present indications of increased activity in commercial matters.

FLOUR.. This article continues downward; some receipts from Cincinnati were reported. Sales on wharf at $4,20@4,25. From store sales at $4,25@4,37½.

MOLASSES.. Holders are stiff at 27@28c, and would not dispose of large lots at these rates.

SUGAR.. Firm at 4@5½c, with a few unimportant sales.

ORANGES.. Sales by single box at $5,75@6,00.

LEMONS.. Sales in a small way at $6,50@6,00.

CHEESE.. Several small transactions at 6½@7c, according to quality.

COFFEE.. Sales of Prime Rio at 7c, cash.

SOAP AND CANDLES.. Tendency downward, but no sales at rates below former quotations.

PEA NUTS.. Sale of 20 bus at $1,33.

GOLDEN SYRUP.. There has not of late been any demand; one or two lots in market. Held at 56@62c. The season is bad for this article as fermentation is likely to take place. Retailers are afraid to touch it.

POTATOES.. There are regular sales of Neshannocks and Pink Eyes at 50c; sale of good Reds at 25, rather low.

RYE FLOUR.. Sales from store of dray load at $3,00.

CORN MEAL.. Corn meal is worth 40c.

BRAN.. Sales of good quality at 12c.

APPLES.. Coming in freely and sales at former quotations, $1,00@1,25.

PEACHES.. The market is partially supplied, but no sales large enough to afford quotations. The crop appears to have been a failure.

The Tobacco Crop.

The Whig, published at Hopkinsville, Ky., of the date of August 16th, says, in relation to this crop:

"The accounts which reach us of the growing crop of Tobacco, are of the most unfavorable character. The continued rains, since the middle of June, have caused it to fire and french to an unprecedented extent. That portion which is already housed, has been cut green to prevent its total loss by disease; and we are assured that scarcely any good tobacco will be made in this section of country. In condition to other States, we have not learned, but if it approximates to its character here, the crop will be almost worthless, and they who have their last crop on hand, will do well to hold it for better prices. The wheat has also sustained much damage from successive wet weather."

We have seen intimations of a similarly unfavorable condition of the Tobacco plants in two or three of the Southern States.

MONEY AND EXCHANGE.—There has not been much done at the Brokers' Boards, but stocks have maintained their prices. There is a good demand for the securities of the general government and the principal transactions are in the street at 104 for Treasury notes, and 104½ for the new loan. Money continues easier in the street, though the Banks are still disposed to fall in confidence. As it is, they are enlarging their discounts some, and take most of the good paper that is offered. Loans on call with good securities are made at 5 per cent, and best Eastern paper is shaved at 12 per cent. In one way and another, quietly, and in small amounts at a time, a good deal of British and Continental capital has been invested in American securities during the summer, the new loan having the preference. For the summer of the 16th but a moderate business was done in exchange, and the rates were not well maintained. Sales 60 day sterling bills with bills of lading attached, at 7 per cent prem; eight do. at 8; regular city drawers 9@9¼, and tip-top 9¾, with heavy closing; British government 30 day at 9¼. Canada Bank bills on England at 9¼; 5-day bills on Paris at 5f. 20. Since the 16th nothing of consequence has been done.—*Jour. of Com. Aug. 21.*

BUSINESS PROGNOSTICS.—Notwithstanding the present low stage of the river, and the dullness which generally, at this season of the year, provides every branch of business, our forwarding merchants for the past two weeks, have been sending the goods to the interior, by wagons, at the rate of from 15 to 20 tons per day. Goods thus shipped are from the East and belong to merchants residing between this and the Lake.—*Wellsville Patriot.*

Valuable Real Estate.

TWO unincumbered, desirous of settling his business, and devoting himself to the restoration of his health, will dispose of his interest (being one fourth) in about 20 acres of ground nearly opposite this city, in South Pittsburgh, by and above Birmingham, comprising some of the handsomest and most convenient locations in the city for residences, and most advantageous for manufacturing.

It will sell either one of the plats by the acre or in single lots, to suit purchasers. This property has improved rapidly in value, since being opened out for sale within the past few years, and that it will continue to do so, I will guarantee to the purchaser an advance of at least fifty per cent on his payments within the next five years, by his giving me the privilege of repurchasing or selling at any period within that time, by paying him an advance proportionate to the above.

Those wishing business and convenient sites for residences, or the most advantageous for manufacturing, will please apply immediately.

If not disposed of at private sale, prior to Monday, the 18th day of September next, it will be offered at public sale on that day, at 10 o'clock, A. M.

Enquire of O. W. LESLIE, Esq., Fourth st.

C. ORMSBY GREGG.

Birmingham, Aug. 15th, 1848.

The undersigned has been appointed Agent by Mr. Gregg, for the sale of the above property, and will give all necessary information as to the terms, which will be such as to suit purchasers.

Lots will be given in exchange for carpentry, mason work, and materials used in erecting dwellings, as they are occupied at high rents, as fast as built.

As to manufacturing, it is the best location about the city; the difference in the price of coal on that side of the river and this city, Allegheny, or Baysltotown, is 5 to 1 cent per bushel, (an average of 4 cts a cent;) this, on 500,000 bushels, which is annually used by an extensive Iron Works, is $4,000 per year in favor of that side of the river.

Any manufacturer—of large or small capital—can at once see the great advantage of this property.

W. S. LESLIE.

Office—Fourth street, near Smithfield.

☞ To capitalists, business men, mechanics, farmers and working men, this offers a rare chance for investment, as fifty per cent advance is guaranteed within five years. There are a few locations for residences, superior, not to say in or around the city, for business men; and only a few rods from the bridge. aug22tf

The Grand Purgative.

DR. CLICKENER'S *SUGAR COATED VEGETABLE EXTRACT PILLS.*—These celebrated Pills have obtained an enviable notoriety in the United States, as a curative for Giddiness, Dyspepsia, Sour Stomach, Headache, Fevers, Piles, Costiveness, Coughs, Heartburn, Liver Complaint, Scurvy, Sore Throat, Inward Weakness, Palpitation of the Heart, Indigestion, and a variety of other diseases to which the human family are subject, which recommends them to all as a medicine for the million. In all seasons of the year, they are recommended as a family medicine, for purging out the humours, they are *unrivalled*. Being coated with pure white sugar, children will easily take them; they neither gripe nor nauseate; are gentle, but thorough in their operation. For adults, by increasing the dose, they are equally beneficial. As an *Anti-Bilious Pill* they will be found without a competitor. Ask any one, who has been in the habit of using them, and an unqualified approval will be the certain result.

Remember Dr. C. V. Clickener is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no others, or they will be made the victims of a fraud.

☞ Price, 25 cents per box.

Dr. Clickener's principal office for the sale of Pills, is Troy, N. Y.
