News and Notions.

—The greatest part of political capital is made up of private interest.

—Texas has almost entirely gone for the Maine Liquor Law, in the recent election.

—The Post Route Bill required for its enrollment one thousand sheets of parchment, costing $200.

—Cuba produces about 320,000 tons of sugar annually; the United States produces about 110,000.

—The deposits in the sub-treasury at Washington are said to be very large, amounting to within a fraction of $27,000,000.

—A Toronto paper says that four persons in that place ate so much camphor to prevent cholera that they became insane. Every body knows that a dose of camphor sets a dog mad.

—Texas is rejoicing in the wealth of minerals which is every day discovered in her soil. Her iron, coal, and lead, are of a pure excellent quality.

—Henry S. Mott, the Democratic candidate for Canal Commissioner, has written a letter denying that he is a member of the Know Nothings.

—A special election held on Monday in the 1st Ward, Washington, D. C., resulted in the election of Davis, *Anti Know Nothing*, by 300 against 294; majority 7. The vote was a very full one, much interest being felt in the result.

—Kossuth said some time ago, that the Anglo-French forces could not take Sebastopol by land or sea, and now it is admitted in the English parliament that he was right. Neither can Napier beat down Cronstadt with his present means. The road to Russian defeat lies through Poland, as the Magyar hero said.

—The Pittsburgh *Gazette* announces that Hon. James Pollock will visit Western Pennsylvania, and addresses the people at Pittsburgh on Sept. 5th. Beaver 6th, Butler 7th, New Castle 8th, Mercer 9th, Meadville 11th, and Erie 12th. Arrangements for further meetings will probably be made by the Whig State Committee.

—It is stated that during the last Spanish Insurrection one of the principal republican clubs held in Madrid, met at the house of the American Ambassador, the Hon. Pierre Soule. This extraordinary fact, it is thought, may lead to some action on the subject by the Spanish government, which though liberal is not republican, nor in any wise favorable to the Americans.

—In consequence of some recent Government action of the Central American Republic of Honduras, the Pope of Rome ex-communicated General Barrundia, the President. When the bull was received at Honduras, the General summoned an immense concourse of people, including the chief dignitaries, civil and military, and, after reading the document to them, rammed it into a cannon with his own hand, pointed the piece eastward and fired it off.

—Fredrika Bremer, the amiable and talented Swedish authoress, has given publicity to a proposal for the reestablishment and maintenance of an universal peace through the agency of a whole world's woman's alliance. She suggests that all the charitable associations of women at present in existence should unite for this purpose, and strengthen and extend their activity by joint exertion, and the consciousness of a mutual aim.

—The Free Soil or Fusion Convention of New Hampshire was held at Wolfboro Aug. 30. About 2,500 persons were present embracing all shades of politics. The Hon. Ichabod Goodwin presided, and speeches were made by the President, Amos Tuck, James Bell, J. P. Hale and S. P. Chase.—The tenor of the speeches was to encourage the fusion of various political creeds in the formation of a great Northern party opposed to the extension of slavery. The Nebraska and Kansas bill was severely condemned, but no resolutions were offered.

—The Kansas League, in New York city has already sent off one hundred and seven men as emigrants to Kansas, almost all of them Americans. Some of the most prominent business men of St. Louis have forwarded their trade cards to Worcester and Boston to be distributed among the New England emigrants to Kansas. The Wakarusa settlement of the New Englanders is fast assuming a permanent shape. The pioneers have erected a number of log cabins, and more are in progress, and women and children have gone out among the second party.

THE IOWA ELECTION.

The Burlington Telegraph, (Dem.) thus sums up the general result:

The Nebraska "Waterloo" in Iowa.—According to returns received at this office, the Legislature stands as follows:

Senate, 16 Whigs, 13 Democrats—two districts to hear from. This calculation includes those holding over, as well as those just elected. Of the Democratic Senators, several are known to be decidedly Anti-Nebraska. The House stands 41 Whigs, 22 Democrats, 1 tie, and 6 to hear from. It is also due to several members of the House, put down on the Democratic side, to say that they are decidedly Anti-Nebraska in their views.

Grimes (Whig and Anti-Nebraska) is elected Governor by at least 3,000 majority.

Thorington (Whig and Anti-Nebraska) is elected to Congress from this district by from 1,500 to 2,000 majority. In the 1st District the contest is doubtful, but with chances in favor of Clark (Whig and Anti-Nebraska.)

The general summing up may be styled *The Nebraska "Waterloo in Iowa."*

The Dubuque Miner's Express (edited by the Surveyor of the Port) gives it up that Anti-Nebraska has swept the State, and puts himself not only in mourning, but in fighting attitude also. He squares off, *a la Douglas*, at the clergy, to whom he attributes in part the cause of the "late disaster," and pitches in at a future period:

'We find no difficulty in accounting for this result, and at a more convenient season we shall exhibit no reluctance in making known the cause of expressing our opinion upon it. The pious perpetrators of this deception upon rights of the south shall be held to a rigid account so far as we are concerned. The day has passed when to characterize the reckless and unsanctified portion of this profession in the language their conduct merits, is sacrilege.'

To which *The Telegraph* replies and says:

'Vox Populi, Vox Dei.—Whether we may, or may not, be allowed to say that God is with his ministers in all their labors, it is evident enough that *the people* are with them in the Nebraska business. Therefore it is worse than folly for disappointed demagogues or excited editors longer to 'kick against the pricks.'

☞ The two most important events of the nineteenth century—Bombarding Greytown by an American man-of-war, and bombarding the President with boiled eggs.

ONE WEEK LATER FROM EUROPE.

BOMERSUND TAKEN BY THE ALLIES.

The Steamer Europa arrived at Halifax August 30, with Liverpool dates to the 19th inst., one week later.

The most interesting intelligence by this arrival is the reported capture of Bomersund by the Allied forces. This news came by Submarine Telegraph on the 19th, and the surrender of the fortress, with two thousand Rusians as prisoners, is stated to have occurred on the 16th. The land force of the Allies was 12,000 strong, supported by the fleets. The Paris *Moniteur* says the landing of forces took place on the 7th and 8th inst., the French landing in the Island of Aland, North of the fortress, and the English South of it. The disembarkation was covered by the fleets, and was effected without loss. The Allies erected batteries, and the Russians destroyed theirs and fell back on the main fortress. On the 12th the fortress was completely invested. On the 14th the Russians made an unsuccessful sortie. On the 15th the French captured a redoubt. The bombardment of the main fortress was to commence on the 16th. From this summary it seems that the surrender, if made on the 16th as reported took place without much fighting. The Allies had caused it to be proclaimed in the churches that the Russian sway over the Islands had ceased.

There is nothing new from the Danube.—The Russians continued to fortify all the strategetic points. It is again reported that the Austrian troops have begun to enter Wallachia, crossing the frontier at Turnu Severin.

From the Black Sea there is nothing definite. Anapa is said to have been bombarded by the English. The Russian fleet has been seen off Odessa, and returned safely to Sebastopol. Odessa is not really blockaded.—The Allies are said to have *attempted* to land troops in the Crimea. This is a Russian account. An alliance offensive and defensive has been concluded between the Porte and Schamyl. A Hindoo-British force is shortly to arrive at Bagdad, via the Persian Gulf.

The British troops in camp at Monaster, near Devna, are said to be suffering much from cholera and lack of food.

England.—Parliament has been prorogued. The potato disease in the North of Ireland was spreading but not rapidly.—There is a good deal of cholera at Belfast.

France.—The fete of St. Napoleon was celebrated with great splendor on the 15th.

The cholera was decreasing at Marseillies. The reports of the harvest are still favorable.

Spain.—The Cortes have been convoked for the 8th of November, on the basis of the electoral law of 1837, a constituent Assembly meeting in one chamber, with one deputy for every 35,000 of the population.

Col. O'Donnell, the General's brother, has been appointed Governor of Malaga.

Later.—The Pacific which arrived at New York on Sunday last, from Liverpool, on the 23d ult. brings no news of much importance.

The capture of Bomersund is confirmed, but details are still wanting. Austria agrees in the conditions of peace laid down by the allies, as explained in the letter of Drouyn de l'Huys, which we published on Friday last. It is also reported that the Austrian army has been ordered into the principalities, but this wants confirmation. Prussia is arming her ports. In Spain things are far from being restored to the old state of quiet and submission. The expedition of Crimea has not set sail, and probably will not, being kept back by the cholera, as is reported, but more probably in order to try a turn of negotiations beforehand. Consols had risen somewhat. Cotton was unsteady, and Wheat and Flour lower, while Indian Corn had improved.

MARRIED.

In Bridgewater, Aug. 27th by Rev. John F. Deans, Mr. Oliver H. Robinson, and Miss Mary A. Roinson all of Bridgewater.

In Forest Lake, on the evening of the 3d inst. by Rev. T. Thomas of Friendsville, Mr. Edward Hine of Montrose, to Miss Catharine J. Litts of Forest Lake.

Also by the same at Friendsville, on the 9th of July last, Mr. John Gould to Miss Sarah Messeren, both of Union N. Y.

At Kirkwood, on Thursday 21st ult. by the Rev. J. B. McCreary, Mr. John H. Mills of Waverly N. Y. and Miss Emily Brown of Kirkwood, Broome County, N. Y.

DIED.

Suddenly and painfully at Kirkwood on Tuesday the 29th ult., William H. Green, aged 17. Thus are the hearts of an affectionate family made to bleed at the unexpected loss of a first born son, by the accidental discharge of a gun held in his own hands—adding another to the long list of sad casualties and deaths, occasioned by the unnecessary and careless use of fire arms. When will men, and especially youth cease to destroy themselves? Com.

PUMPS! PUMPS!

The Greatest Improvement of the Age!—C. H. Williams' Double-Acting Ball Valve Force and Lift Pumps—

AN improvement above all other pumps or machines for lifting, throwing, and carrying water, combining both a Pump and a Fire Engine. This Pump, patented in February, 1854, is the whole of it metallic. No bolts or screws about it to rust, consequently it will last a man's life time. It can be used in every variety of form—can draw water from any situation, and carry it to any part of a building. It is superior to all other Pumps for Distilleries, Paper Mills, Tanneries, Brick Yards, Iron Works and Manufacturing establishments of all kinds.

All orders must be addressed to Addison Dimmick, Lodersville, Pa., who has the sole right for Susquehanna county.

Teacher's Association.

Notice is hereby given that there will be a meeting of the Susquehanna County Teacher's Association at Dimock Corners, on Friday the 8th of September next, at one o'clock P. M., at which time propositions for the establishment of a Teachers' Institute will be considered. The friends of education are earnestly solicited to attend. It is expected the County Superintendent and other distinguished friends of the educational cause will be present.

August 25. Per order.

PROSPECTUS.

Circulate the Documents.

The importance of the questions to be decided at the next elections, the doings of Congress and the Administration, Wars in Europe, Asia, and America, and News in general from all quarters of the globe, may be expected to render the Newspapers unusually interesting for some months to come. Every man worthy the name of an American citizen ought to make himself acquainted with the political questions of the day, that he may be prepared to act intelligently in helping to shape the future destinies of his country. To bring these questions before our readers, and to advocate the RIGHT on every question that arises, will be the endeavor of the Editors of the Register. The great battle between Freedom and Slavery presents a question paramount to all others at this time, and here we take our position in decided opposition to all the wicked schemes of the Slavery extensionists.

The Register will be furnished for six months from July 1st at the following rates:

One copy six months		$0,75
Five copies	"	3,00
Ten copies	"	5,00

N. B. The terms of the above will be extended to commence at any subsequent date that subscribers may prefer.

Mechanics, Inventors and Manufacturers.

$570. *In Cash Prizes.* $570.

VOLUME Ten of the "Scientific American" commences on the 16th of September. It is chiefly devoted to the advancement of the interests of Mechanics, Inventors, Manufacturers and Farmers, and is edited by men practically skilled in the arts and sciences. Probably no other journal of the same character is so extensively circulated, or so generally esteemed for its practical ability. Nearly all the valuable Patents which issue weekly from the Patent Office are illustrated with engravings, and the claims of all the Patents are published regularly in its columns as they are issued, thus making a perfect *Scientific and Mechanical Encyclopedia* of information upon the subjects of Mechanical Improvements Chemistry, Engineering and the Sciences generally. It is published weekly in quarto form suitable for binding, and each volume contains 416 pages of Reading matter, *several hundred* Engravings, with a full and complete Index. Its circulation on the last Volume exceeded 23,000 copies per week, and the practical receipts in one volume are worth to any family much more than the subscription price.

The following Cash Prizes are offered by the Publishers for the fourteen largest lists of subscribers sent in by the 1st of January, 1855:—$100 will be given for the largest list; $75 for the second; $65 for the third; $55 for the fourth; $50 for the fifth; $45 for the sixth; $40 for the seventh; $35 for the eighth; $30 for the ninth; $25 for the tenth; $20 for the eleventh; $15 for the twelfth; $10 for the thirteenth; and $5 for the fourteenth. The cash will be paid to the order of the successful competitor immediately after the 1st of January, 1855.

Terms:—One copy, one year, $2; one copy, six months, $1; five copies, six months, $4; ten copies, six months, $8; ten copies, twelve months, $15; fifteen copies, twelve months, $22; twenty copies, 12 months, $28 in advance.

No number of subscriptions above twenty can be taken at less than $1,40 each.

Names can be sent in at different times and from different Post Offices.

Southern and Western money taken for subscriptions.

Letters should be directed, post-paid, to Munn & Co. 128 Fulton st., N. Y.

Messrs. Munn & Co. are extensively engaged in procuring patents for new inventions, and will advise inventors, without charge, in regard to the novelty of their improvements.

MORE NEW GOODS

At the Ready Pay Store.

THE subscribers beg leave to advise the public, that they are now receiving an entirely new stock of Goods for the Summer and Fall Trade, embracing nearly every article called for at a country Store; which were bought at the present low prices in New York, for cash, and will be sold astonishingly cheap. Grateful for the very liberal patronage heretofore extended to our establishment, we solicit a continuance of the same, and as much increase as possible. We claim to have in a measure revolutionized trade in this community, by compelling a great reduction in prices and (in *some cases*) a diminution of exorbitant profits; and we trust that a grateful public will duly appreciate and reward our effort. Our stock of Goods is now large, and every way suitable for the trade—more extensive, in fact than usually kept in this place. Those wishing to purchase, will do well to call and see us. While Merchants sell their calicoes
And heap up 'lots o' money;'
While Lawyers fight their clients' foes,
And feed on golden honey;
While Doctors, by the power of pills,
Surround themselves with riches;
While Tailors give you fits and bills,
And thrive by taking stitches;
While Farmers by their honest sweat
Are paid such extra prices;
While everybody seems to get
Good living in large slices—

New Milford, May 8, 1854.

OFFICIAL AND IMPORTANT.

IT being manifest that the tailoring business is still carrying on John Groves in Montrose—no, John is carrying on the Tailoring business—no, they are both "carrying on" together—at a place where two ways meet, being in the very building where Sam Houston was nominated for President, to wit, in Searle's Hotel, in the Basement thereof—and the generous many-pocketed public being supposed to be interested in knowing where they can make an investment, (yea, and an in-coat-and-pantaloons—ment) most advantageously, to the appearance of the outer man *in extenso*; therefore John,

"Who is not, like a virtuous woman willing To live unheard-of—just to save a shilling,"

hereby nominates himself as Tailor-General for this community, and requests all good citizens to call at his place of business above mentioned, to enable him to perform the duties of said office. Witness my hand at Montrose the ninth day of May A. D., 1854.

JOHN GROVES.

LATEST EXCITEMENT.

THE NEBRASKA BILL UNSETTLED.

SCOTT, JOHNSTON & Co., are now receiving from New York a general assortment of Spring and Summer goods, and we cordially invite all that like to buy goods cheap to give us a call, as our stock is large, and we are willing to sell for small profits.—You can find here almost every article wanted, and we are willing to compare goods and prices with any store in the county—we have taken special pains to find nice goods to please the Ladies, such as Black, Figured and Fancy Silks, Silk Tissues, Bereges and Berage Delanes, Plain and Fancy Lawns, Silk, French and Domestic Ginghams, Figured and Plain Muslins, Embroidered Curtains and Paper do., Ladies Collars, Underhandkerchiefs and Sleeves, Mantillas, Parasols and Gloves, Straw and Fancy Bonnets, also trimmings to match. STOVES FOR THE PEOPLE!

THE subscriber is now receiving his fall and winter stock of stoves, which, when completed, will be the largest and best selected assortment ever offered to the inhabitants of Susquehanna county. His stock will consist of some twenty different patterns of wood and coal, cooking and parlor, besides any quantity of six plate and office stoves.

The undersigned flatters himself that his long experience in the stove business, and his facilities for manufacturing his own furniture and pipe, enable him to sell, not only trimmings &c., but stoves *cheaper* than any of his competitors. He will sell stove pipe made of the best English and American Iron at 8 cts. per lb. and other furniture in proportion.

Notwithstanding the present high price of Iron, and the consequent advance of castings, I am enabled to sell stoves at old prices, and many kinds, at about two thirds of the price that they have sold for, in this vicinity, for instance, clinton air tight, elevated oven with trimmings of the best quality, at $24,00.—With second quality of trimmings, such as are usually kept by Merchants at $22. Other kinds of stoves in proportion, for cash, or short time paper.

Jobbing of all kinds done at my shop. Old Iron, Copper, &c., taken in exchange.

J. DICKERMAN Jr.
