THRESHING MACHINES,

WITH STRAW & IMPROVED PATENT

Horse Power.

THE great encouragement which the subscribers received during the last year in the sale of their Machines, induced them to make extensive preparations to meet the increased demand for their article. No time, labor or expense has been spared to procure the very best materials the country can afford. Their workmen are experienced and of the first character, and they have no hesitation in assuring the Farmer that they are now able to furnish them with an article not only equal but decidedly superior to any other manufactured in this part of the country.

For speedy and clean threshing with ease to the horses, they believe their Machine to be unequalled. Their price is the same as last year, viz: 140 dollars, 70 dollars in cash and the balance in six months, for which a note will be required. The machines are insured for twelve months, or until they shall have threshed two thousand bushels of grain. They have now several machines and ready for sale, and will at all times be ready to furnish them on the shortest notice. Orders from a distance will be punctually attended to. For the trifling sum of FOUR DOLLARS, in addition to the price of the Machine and Power, they furnish the farmer an addition that will enable him to shell his Cloverseed.

To the Public.

The subscribers, being desirous of publicly counteracting the efforts which are secretly made to injure the character of their machine, by persons who appear to be actuated, by unfriendly feelings towards them, respectfully submit the following CERTIFICATES to the public.

I certify that I, last year, used one of the Threshing Machines manufactured by J. E. Brady & Co. and during the season, there was threshed on it about Four thousand bushels of grain, and about two hundred and twenty five bushels of clover seed, and I am fully satisfied that, for the Farmer's use, it is superior to any other Machine I have ever seen in this part of the country. I further certify that Mr. Henry Hurst, one of my neighbors, had six wagon loads of clover seed stuff cleaned at a clover mill, and the yield was 22 bushels, and that the same quantity of stuff was threshed on my machine, and the yield was 323 bushels. Mr. Hurst is of the opinion that the stuff he hauled to the mill, was the better lot of the two.

FREDERICK KARPER.

May 15, 1838.

I certify that, in August last, I purchased from J. E. Brady & Co. one of their threshing machines, which I used for threshing grain for different Farmers, till some time in March last. During that period I threshed about fifteen thousand bushels of wheat, rye and oats. My expense for repairs of both the Machine and Horse Power, did not exceed five dollars, and when I sold them, (which was in March,) the machinery appeared to be nearly as good as it was at the time I bought them. The wheels in the horse power were perfectly sound and substantial, and upon a close examination, I could not discover that the cogs had worn in the slightest degree. I had, for several years previous, been engaged in threshing with three different kinds of machines, which if fully tried, and I unhesitatingly certify that for durability, service and speedy and clean threshing, I have never used or seen any that, in my opinion, will at all compare with the one I had last year, unless it be one of the same kind.—If attention is given to the machinery, it appears to me almost impossible for any part of them to get out of order.

SAMUEL HOLLINGER, Jr.

May 17, 1838.

I, last year, purchased two of the threshing machines of J. E. Brady & Co. (one of which I still have,) and fully tested them. For speedy and clean threshing, they are certainly a superior article, and one that is of great service to the Farmer. I consider it the best article of the kind I have ever seen in this part of the country. I take great pleasure in recommending it the Farmer.

DANIEL W. ROYER.

May 1, 1838.

I certify that Mr. Andrew Davison and I purchased, last November, one of J. E. Brady & Co's threshing machines, which we fully tested, having threshed wheat, rye, oats and clover seed on it. I am fully satisfied that it is preferable to any other I have seen in operation, and it is an article that will repay the Farmer amply, for its price. It threshes clean, is not liable to get out of order, and is, upon the whole, an article that I can, with great confidence, recommend to the Farmer.

ABRAHAM S. DAVISON.

June 18 1838.

Mr. Benjamin Hamilton and I, last year, purchased one of J. E. Brady & Co's threshing machines, with which there was threshed not less than 4000 bushels of grain. It is an excellent article, superior, in my opinion, to any of the kind I have ever seen. One of its chief excellencies, that it is not liable to go out of order. I have no hesitation in recommending it to the Farmer.

JOHN HUMPHREYS.

June 12, 1838.

Other certificates could have been procured, but it was deemed unnecessary. Persons who wish to inquire into the power and quality of the machines, are referred to those who last year used them, and particularly to the following named gentlemen, viz: Messrs. John Faust, Frederick Byers, Adam Vondersaw, Emanuel Sites, and Samuel Diehl, of Guilford township; Messrs. John Huber and John Yockey, of Quincy township; Messrs. Abraham Stover and Isaac Frantz, of Washington township; Messrs. Jacob Hade, James Mitchel, James Allison, Emanuel Hade, John Binehley, Henry and James Beatty, Christian Hevel and Christian Hoover, of Antrim township; Jacob Oyster, Esq. and Mr. Henry Wingert, of Green township; Mr. Frederick Deck, of Letterkenny township; Messrs. John Rhodes and Conrad Goldsmith, of Hamilton township; Messrs. William Angle and John Philipi, of Montgomery township; Capt. J. McFarland and Joseph Duncan, of Peters township; Messrs. William Bowers and J. Scarclet, of Warren township; Messrs. Jacob and John Kreglers, of Metal township; and David Hunter, Esq., and Henry Winger of Bedford county.

J. E. BRADY & Co.

Chambersburg, September 17, 1838.

One of the above machines is to be seen at the barn of Mr. Francis Noble, in Carlisle. Any person wishing to purchase one, can have it set up; and if it does not answer the purpose as specified, we will take it away free of expense to the purchaser. There have been upwards of 100 of them made and sold by Brady & Co., within 15 months past. A line directed to the subscriber will meet with prompt attention.

Our Globe Illustrated.

THIS work is published in weekly numbers, 52 of which will form a splendid volume. Each number will contain two beautiful Steel Engravings, and about eight pages of description. It is of a quarto size and is much *cheaper* than any work of the kind ever offered for sale. *Our Globe Illustrated* is intended to be what its title implies; a view of the most important and beautiful parts of the whole world, which will be presented to the mind under the two-fold form of handsome engravings and interesting descriptions. It is made so very cheap, because the publishers hope to sell a very large edition, and therefore accommodate families which consider economy an important object. Our *plan* is to give as great a variety as possible. We do not think it well to adhere to Switzerland, or England, (as some other publishers of Views do,) till that country be completed, but we pass from one part of the world to another, in such a way as to excite young persons to gain a general knowledge of the History and Geography of the World. A judicious parent or teacher will find that each one of our prints will furnish him with the means of giving a large lesson to his pupil.

When we state that more than *Fifty Thousand Dollars* has already been expended upon the work, it will be apparent that great expectations have been formed of its success. Orders have for some time been received at the rate of *twenty new subscribers* a day. When its admirable use as a family book is taken into consideration—the facility which it affords in teaching geography and history, (and in this point of view we consider mainly its tendency to implant a *love* of these studies,)—it strongly recommends itself to families and schools. It will have a very beneficial effect in cultivating that love of the Fine Arts which to some extent exists in *all* minds, and whose *will* contribute to the formation of a correct taste in parts of the country where specimens of engraving are not readily to be found. Some of the early numbers were not well translated, but such arrangements have been made to remedy this defect, that no complaint can hereafter arise.

☞ Subscriptions received by GEO. M. PHILLIPS, at the Herald & Expositor Office, Carlisle, Pa. where the work may be examined.

CONSUMPTION CURED.

The Indian Specific,

For the prevention and cure of Coughs, Colds, Asthmas, Consumptions, spitting of Blood, and diseases of the breast and lungs, &c.

CHIEF LARKSER FREEMAN, the proprietor of the specific, resided upwards of four years among the tribes of North American Indians, and with unwearied diligence used every means in his power to acquire a knowledge of the different remedies used by them, for the cure of the sick and wounded; and more particularly those which they take to prevent and cure the consumption, and complaints of the breast and lungs. He observed the Indians were subject to numerous and similar complaints to those of white people, and from their mode of living, and being exposed to the inclemency of all weathers, many of their complaints were complicated and violent. Although, many of their diseases were of such a nature as would, with a people in a civilized state have terminated in confirmed consumptions; yet, during the time he was with them, he did not hear of a consumption.

So happy are they in their knowledge of remedies, and so certain of their effects—when applied in time, that it may be said "a true consumption is a disease never known or heard among them." The truth of this observation must be corroborated by all who have had the opportunity of becoming acquainted with these people. It may then be asked why they are exempt from these complaints? The reason is obvious; because they immediately seek for relief, and prevent those complaints which insensibly undermine the constitution, and bring on incurable consumption.

Bills of direction accompany each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases; also particular directions respecting Diet and Regimen, and how patients are to conduct themselves through every stage until health is restored; for vain and useless would be the prescriptions of the ablest physician, accompanied by the most powerful medicines, if his directions are not faithfully adhered to.

The public are informed that the depositions of two hundred and eighty-seven persons have been taken before the proper authorities of the city of Lancaster, Pa., all completely cured of the most desperate cases of consumption; some of which are detailed in the bills accompanying the bottle.

The price of each bottle of the INDIAN SPECIFIC is One Dollar; and each enveloping the genuine Specific is signed by Dr. *Clarkson Freeman*, and the initials C. F. on the seal of each bottle. None can be genuine without this signature; a base composition having been attempted to be imposed upon the public by a counterfeit imitation of this extraordinary article.

☞ A supply of the above specific is kept constantly for sale by *SAMUEL ELLIOTT* of Carlisle and by Samuel Wilson, Shippensburg.

Beckwith's Anti-Dyspeptic Pills.

(ENTIRELY VEGETABLE.)

The reputation of which has now become established as the most safe and certain remedy ever discovered for restoring health to persons suffering under every disease for which they are recommended.

Wherever these pills have been once introduced into a family, they become a standing remedy, and are called for again and again, which is sufficient proof of their good qualities.

The medicine having met with the unanimous approbation of those who have fairly employed it, according to the directions, is recommended with increased confidence to the public, in every variety of functional disorder of the Stomach, Bowels, Liver and Spleen, such as Heartburn, Acidity of the Stomach and Bowels, Diarrhea, Colic, Jaundice, Flatulency, Dysentery, habitual costiveness, loss of appetite, sick Headache, Sea Sickness, &c. &c. They are also well adapted to the diseases of women and children. Literary men, students, and all other persons of sedentary habits, find them very convenient. Those who indulge too freely in the pleasures of the table, find speedy relief from the sense of oppression and distension which follows, by taking the Pills. As a dinner Pill, they are invaluable. Those who are drinking mineral waters, and particularly those from southern climates and ague and fever districts, will find them highly beneficial. Those who are exposed to the vicissitudes of weather, on journeys or voyages, can take them at all times with perfect safety, and without inconvenience. In fullness, they are a highly efficacious and safe Anti-Bilious Medicine.—They never produce sickness at the stomach, or griping.

From the Rt. Rev. Levi S. Ives D. D., Bishop of North Carolina.

"*Raleigh, March* 12, 1838.

"Having for the last three years been intimately acquainted with Dr. John Beckwith, of this city, and enjoyed his professional services, I take pleasure in stating that his character as a Christian gentleman, and experienced Physician, entitles his testimony, in regard to the use of his Anti-Dyspeptic Pills, to the entire confidence of the public. My experience of the good effects of these Pills, for two years past, satisfies me of their eminent value, particularly in aiding an impaired digestion, and warding off bilious attacks. Having been for a long time subject to the annual recurrence of such attacks, I was in the habit of resorting for security against them, and with very partial success, to a liberal use of Calomel or Blue Pill. But since my acquaintance with the Anti-Dyspeptic Pill of Dr. Beckwith, which he prescribed in the first instance himself, I have not been under the necessity of using mercury in any form, besides being wholly exempt from bilious attacks. Several members of my family are experiencing the same beneficial effects." L. S. IVES."

WHITE MERINO, lambs wool worsted, and a large assortment of mohair, cashmere and silk Hose, for sale by ARNOLD & CO.

A VALUABLE FARM FOR SALE.

IN pursuance of the last will and testament of Mathew Thompson, deceased, will be exposed to public sale on Thursday the 20th December next, the following described valuable property, situate in Mifflin township, Cumberland county, about 3 miles west of Newville, and 1½ miles from the Cumberland Valley Rail-Road, to wit, containing

224 ACRES,

and allowance, about 150 acres are cleared, and in a high state of cultivation; upwards of 20 acres of which is in good Timothy meadow, and the residue is covered with excellent Timber. The improvements are a large

DOUBLE STONE

HOUSE,

With other Out-Houses,

A BRICK BARN,

over 100 feet long, with Wagon Shed, Corn Cribs, &c. &c., two wells of water, one at the door; Also, a

LOG TENANT HOUSE,

and Double Log Barn, with an excellent spring near the house.

This property is admirably situated in a loop of the Conodoguinet Creek, by which it is nearly encircled; at the same time the banks are sufficiently high to prevent overflowing. It affords a good situation for a Grist Mill, Forge or machinery of any description, and the neighborhood is such as would justify improvement of the kind. There are immense banks of Iron Ore within ½ miles, and the Blue Mountain about the same distance, would afford abundance of timber. The property is all patented, and an indisputable title will be given, and possession on the 1st April, 1839.

Persons desirous of investing their capital in good property, will do well to view this before the day of sale. Those wishing to view the farm will please call on Mr. Mathew Thompson, residing on the premises, or with the undersigned residing in Newville.

Terms will be made known and attendance given on the day of sale by

FARMERS

Attend to your Interests!!

PLOUHGS, PLOUGHS,

Ploughs.

AN OPPORTUNITY is now offered of supplying yourselves with WOODCOCK'S

Self-sharpening

PLOUGH,

Being the best article ever offered to the Farmers in this section of the State.

These Ploughs will not choke nor carry dirt, and the draft is about one-third less than the Ploughs heretofore in use, two horses doing the work of three, besides a great saving in *time and money* in keeping them in repair. The point and share can be put on in five minutes, and besides cost only 25 cents each, and when dull can be turned and repeated until worn out; and even then will be taken in part pay for new ones.

The following named persons are among those who have purchased and used the above Ploughs during the last season, to whom Farmers are referred for information respecting them, viz:

Hamilton township.—Philip Winters, John Armstrong, Samuel Strickler, John Little, Henry Betz, William Slyder, Philip Miller, Mr. Ashway, John Kunes, Emnion Elliott, Esq.

Letterkenny.—Michael Grove, Daniel Kremer, Mr. Shields, Isaac Bysore, John Miller, Abraham Hoover, John Rodes, Benjamin Rodes, Sam'l Rodes.

Guilford.—Philip Oiler, James Dunlop, Jos. Purviance, Mr. Bitner, John Lesher, George Trace, Joseph Wingert, George Fetterhoof, Mr. Yaugy, Geo. Dull, William Byers, John B. Cook, Sam'l Geeseman, Henry George, Peter Baker.

Green.—Jacob Oyster, Samuel Purviance, Jacob Darr, John Reichard, Jr., Joseph Neicely, Alexander Thomson, Henry Wingert, Martin Wingert, Charles Hetich, Mr. Smith, Mr. Clark, Mr. Solsberger, Samuel Lemy.

Southampton.—Samuel Thomson, John Orr.

St. Thomas.—Jacob Shirk, Mr. Gallager, John Crider.

We have also secured the right of Adams, Cumberland, and Dauphin counties, and the following gentlemen in Adams have used the Ploughs during the past season, to whom Farmers in that county are referred.

Near Two Taverns.—Samuel Durboraw, Esq., Joseph Coshun, Alexander M'Elwaine, Jacob Keller, Esq., Jacob Steady.

Near Millerstown.—Frederick Deil.

Hunterstown.—Jacob Grass.

☞ *The above Ploughs can always be had at the Foundry of* W. SEIBERT & CO. Chambersburg, of JOHN P. LYNE, Hardware Merchant, Carlisle, and of THOMAS HARRIS, Mechanicsburg. Where Farmers who wish to test the Plough, will please call and get them on trial, and if they will not render full and entire satisfaction, no charge will be made; if they break it is at our expense. We will also pay any Farmer for any damages or loss of time, he may sustain in trying the Plough, if he does not like it after trial. There have been sold in Franklin and the adjoining county, upwards of ONE THOUSAND of these Ploughs, within 18 months.
