DR. WM. STELLING'S

Family Medicines,

ARE NOW ACKNOWLEDGED ON ALL HANDS TO BE THE VERY BEST REMEDIES IN GENERAL USE.

Dr. Stelling's Pulmonary Syrup:

Contains the most extraordinary curative properties for Coughs, Colds, Consumption, Asthma, Spitting Blood, Croups, Measles, Hoarseness, Difficulty of Breathing, Pains in the Breast, Side, and all Diseases of the Pulmonary Organs.

THIS remedy has been used, and its astonishing curative qualities testified to by many of the most respectable citizens of the United States. We do not—nay cannot claim as does the BRAZEN FACED QUACK, infallibility for our medicines; but having tested the medicinal qualities of the "*Pulmonary Syrup*," in an extensive and varied medical practice for many years, with remarkable success, we unhesitatingly pronounce it one of the very best Panaceas in the world for Pulmonary Diseases. A single trial will thoroughly satisfy any one that it is not one of the common Quack Nostrums of the day—but that it is a medicine of real value, worthy to be in every family. Its unprecedented low price is another strong recommendation; while other Cough or Pulmonary Medicines are selling for $1.00 and more, STELLING'S PULMONARY SYRUP, sells for only 50 cts. per bottle.

For sale in its purity in Carlisle, at SAMUEL ELLIOTT'S Drug Store, East Main st.; in Harrisburg at WM. BELL'S Grocery Store, 3d and Chestnut streets. Also at Angle and Greason's Drug Store, Shippensburg.

DR. RUSH'S INFALLIBL HALTH PILL

TWELVE AND A-HALF CENTS A BOX.

The proprietor of this invaluble legacy of a great man, has for some time failed to present them to the public in an advertisement. The reason is a plain one. So much has them use given satisfaction, and so strongly have they been recommended to one another, that it has been utterly impossible to supply the demand, both here and for country agents. During the present month, more than two hundred gross or nearly THIRTY THOUSAND BOXES, have been sold in this city and vicinity, and supplied to Agents throughout the United States, and many orders have been on hand weeks before they could be filled. In fact it needs not the spirit of prophecy to foretell the day when the only Pill in use will be that invented by the immortal Dr. Benjamin Rush, the greatest physician America ever saw.

THE HEALTH PILLS have cured, were cure seemed well nigh impossible; they have restored to perfect health hundreds who had long languished on beds of pain; they have operated like a charm, when all other medicines failed, even to afford relief, they have given comfort to the afflicted, and hope to the despairing; they have removed the ills of the young and given back youth to the aged. Indeed, they seem to possess the properties ascribed by the alchymists of former days to that ELIXIR, that SOVEREIGN BALM, that conqueror of infirmities, to discover which, they passed long days and weary nights of labor and study.

Sold in Carlisle at KNEEDLER & HUNTER'S Book store, East High street, who are sole Agents for Carlisle.

Red Ochre & Ploughs,

THE Subscriber having obtained the right for Cumberland county, of the WITHEROW PREMIUM PLOUGH, is now manufacturing these and other ploughs which he has now for sale, at Cumberland Furnace. He designs by the first or middle of March next, to distribute a number of them through the different towns, and to other public places of the county, where farmers can judge of their excellence. The prices will be low, in accordance with the times.

THE RED OCHRE

he also designs to put a supply of, in many of the public places, in and out of the County. A trial of its quality, will cost but little. Like all other paints it does best with flax seed oil; but for weather beaten timber, or brick it answers very well with linseed oil, milk, or even water. It adheres more firmly than any other paint. Several gentlemen in the neighborhood have been painted for years with milk, others with water, and are as fresh as when first put on. In either form it is the best preservative of timber possessing great durability.

FOR

CONSUMPTION OF THE LUNGS

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs and all Affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the *Prunus Virginiana* or "Wild Cherry Bark," combined with the *Extract of Tar*, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

NO QUACKERY!!! NO DECEPTION.

In setting forth the virtues of this truly great medicine we have no desire to deceive those who are labouring under affliction, nor do we desire to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot forget its claims too strongly, or use too much in its favor.

Such, indeed, are the

SURPRISING VIRTUES.

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed, to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease termed "*Catarrhal Consumption*," originating from' *neglected* COLDS, it has been used with undeviating success and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone.—In that form of *Consumption*, so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.

For particulars, certificates, &c., see Dr. Wistar's pamphlet.

CHILDREN CRY FOR SHERMAN'S LOZENGES, and grown people say they are the pleasantest and most effective medicine in use. Enormous quantities are sold, and every body likes them. Freeman Hunt, Esq., editor of the Merchants Magazine, says they cured his cough in a few hours.—The Rev. Mr. Dunbar, of the McDougal street Church, was cured of a very bad cold and cough in one day. The Rev. Mr. Anthony, of the Methodist Church, was cured of consumption by them.

SHERMAN'S WORM LOZENGES have saved the lives of thousands. Ask W. E. Evans, Esq., 6 Walker st., the Hon. Edward J. Porter, Hon. B. B. Beardsley, Dr. G. Hunter, and nearly all our physicians; what they think of Sherman's Lozenges, and they will tell you they are excellent—the only infallible medicine known.

SHERMAN'S CAMPHOR LOZENGES are rend anblotes to headache, palpitation, sea sickness, lowness of spirits and despondency—on the effects of dissipation. Capt. Chadwick, of the Wellington, Mr. Ackermen, the great sign painter, Mayor Clark, and almost every body knows their value.

POOR MAN'S PLASTER—Sherman's we mean—costs 12½ cents, and is sure to cure rheumatism, lumbago, pain or weakness in the breast, side, or back, also piles—and they cure worms when applied to the part. Ask Joe Hoxie, or any one who has used it, and would give $5 for one sooner than five cents for all other plasters.

OABLE'S COMPOUND DEPURATIVE SYRUP.

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States, with decided benefit in Scrofula, Mercurial diseases, and in all cases of an ulcerated character. As an alterative in the spring and fall seasons, it is unequalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates, selected from a large number approving its efficacy:

READING, March 3, 1839.

This certifies that my wife Mrs. Deem, had for nearly eleven years suffered from a scrofulous eruption resembling tetter, which made deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed; during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased malignity.—Having lost all hopes of recovery, she had almost determined to give up the use of any other medicine; she was however, by persuasion, induced to try *Oakeley's Depurative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,
opposite the depot, Reading, Pa.

This is to certify that my little son, about eight years old, had suffered for a long time from extensive sores on the right knee and leg, supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affection.

CATHARINE BINGEMAN,
7th, above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M. D.

DOUGLASSVILLE, April, 19, 1843.

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health; which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate, that others who have the misfortune to have their family may know where to obtain so valuable a medicine. Yours, truly, A. D. LEAF.

Proprietors of Hospitals, Asylums, Academys, County Poor Houses, &c. &c. will find this Stove, for their use to be far superior to any thing of the kind ever made. All persons therefore who are in want of Cooking Stoves, are respectfully requested to call and examine these before purchasing elsewhere.

This is to certify, That we have for a year and a half past used one of D. Buck's Patent No. 6, Cooking Stoves, which we can recommend to hotel keepers for economy in fuel and labor.

MATTHEW WILSON, Wilson's Hotel, Harrisburg.
GEO. PRINCE, State Capitol Hotel, Harrisburg.

The great demand for, and the unequaled satisfaction which this Stove has given, has induced the Proprietor to spare no pains in making them as much superior in quality and workmanship, as they are superior in excellence for Cooking purposes over all other stoves ever before offered in this market. He therefore takes this opportunity to inform the public, that the patterns have undergone a thorough alteration and improvement since they have come into his hands. The tops in particular have been thickened and strengthened—they are also now cast at the Foundry above named, and of the best iron, consequently, are far superior to Stoves made at Blast Furnaces, both as regards durability, strength, beauty and the standing of fire. In short, he is determined that he shall not be surpassed in any respect, by any thing that can be produced east or west, north or south. JAMES M. ALLEN.

Improvement in whatever regards the happiness and welfare of our race is constantly on the march to perfection, and with each succeeding day some new problem is solved, or some profound secret revealed, having an important and direct bearing over man's highest destinies. If we take a retrospective view over the past twenty years, how is the mind struck with wonder! What rapid strides has science made in every department of civilized life! particularly in that which relates to the knowledge of the human system in health and disease. How valuable and indispensable are the curative means recently discovered through the agency of chemistry! How does the imagination kindle and our admiration glow at the ingenuity, the near approach to the standard of perfection, of the present time! Through the elaborate investigations of Physiology, or the science of LIFE, and the Pathology of prevalent diseases, much valuable practical knowledge has been gained. Its consequence of becoming acquainted with the organization, the elements of the various tissues and structures of the system, remedies have been sought for after and discovered exactly adapted to combine with, neutralize and expel morbific matter, the cause of disease, and substitute healthy action in its place.—The beautiful simplicity of this mode of treatment is not only suggested by the pathology of diseases
