Sayings and Doings at Washington.

WASHINGTON, Dec. 22, 1845.

J. R. Chandler, Esq.—Texas became one of the United States to-day. The resolutions to admit her into the Union as a State, were passed by the Senate at half-past two o'clock, P. M., and they were doubtless signed by the President before or by three o'clock.

The following are the yeas and nays on their passage:

Yeas—Messrs. Allen, Archer, Ashley, Atchison, Atherton, Bagby, Barrow, Benton, Berrien, Breese, Calhoun, Cass, Chalmers, Colquitt, Dickinson, Dix, Fairfield, Hanegan, Haywood, Jenness, Johnson, of La., Levy, Lewis, Mangum, Niles, Pennybacker, Sevier, Speight, Turney, Sturgeon, Westcot—31.

Nays—Messrs. T. Clayton, Corwin, Davis, Dayton, Evans, Greene, Huntingdon, Miller, Phelps, Simmons, Upham, Webster, and Woodbridge—13.

Previous to taking up the resolutions a large number of remonstrances against its admission as a State, were presented by Messrs. Webster, Dickinson, Miller, Sturgeon, Dix, Davis, Fairfield, Upham, and Corwin.

On the passage of the resolutions, Mr. Webster rose and said he was well aware that they were to pass. That they had passed the other House by a large majority, and there was a large majority in favor of them here. Members who opposed the measure when first brought forward would now probably vote for the admission of Texas. He did not intend to argue a question that had been discussed here and elsewhere so much. No citizen of the country was more kindly dispo[illegible]ds Texas from the time they ack[illegible] an extraordinary manner their independence. Of this he had given proof in another place, and he trusted he had always manifested that feeling. But he felt it his duty to oppose its admission into the Union; though in opposing it he could advance no new views, nor sustain old ones with new arguments. He opposed it in accordance with the unanimous expression of the wishes of the legislature of his own State, and in accordance with his own sentiments.

He opposed it in the first place, because, upon the deepest reflection, he believed it to be dangerous to the Union to enlarge the boundaries of the government. Our territories must have limits. Our Union may, and likely will become endangered by extension. He had desired to see this government rich, prosperous, united, compact and contented, not grasping, rapacious, and aggrandizing itself by seizing upon its neighbors' territories. He held to all the old arrangements and compromises of the constitution, and would stand by them as faithfully as any one; but he was not in favor of the admission of any more new States with the inequalities which, as a compromise, had been yielded on the adoption of the constitutions of some of the States. He thought that the free States ought not to be called upon to admit States having advantages in representation over them. He would not disturb the original compact between the old States, but it was quite a different thing when new States ask to be admitted. They sought an admission on the footing of the old States, and it may be a question whether the old States have not a right to object to their coming in with unjust advantages over them. He put the case of a large territory on the northern border of the United States asking to come into the Union as free States, would not the old slave States object? He thought they would on the ground that they would disturb the balance between the free and slave States.

There were Senators from free States who would vote for this resolution, or resolutions, notwithstanding the inequalities which it creates. They might think they were doing their duty in so doing, but he could not but think the time would come when they would doubt the propriety of their course.

Mr. Webster opposed the passage of the resolution, also, on the ground that the constitution imposes a restraint on the abolition of slavery, and prohibits the Legislature from emancipating slaves except upon two conditions, the consent of the master, and payment by the State for the slave. He further urged these and some other objections, and alluded to the change that had taken place in the minds of some Senators with whom he had the honor to concur, before that change had taken place. For himself, he had not changed, but had the same objections to the measure now that he always had.

Mr. Berrien was desirous before the vote was taken to give the reasons why he should vote in the affirmative, though he had opposed annexation. He had objected, when this was an open question, to the mode and manner the measure was to be brought about; now it was the law of the land and not an open question. The faith of the nation was pledged, and he felt bound to carry it out in good faith.

Mr. Niles defined his position somewhat at length, and justified his vote against the resolutions of his own State, censuring him for it. He thought it was going too far to establish slavery over the whole territory, but on the whole should vote for it. Mr. N. made a very sensible speech, though I could hardly see how, holding the opinions he professed, he could justify his votes upon this subject.

Mr. Huntington gave the reasons which should induce him to vote against the admission of Texas, which were briefly, that she had established slavery over the whole territory, thereby transcending the resolution of annexation; that she prohibited the Legislature from abolishing slavery if it should deem it necessary to do so; that the constitution authorized emigrants (from any place, Cuba for instance) to bring their slaves with them; that the declaration of rights authorized the people to change their form of Government whenever they thought proper to do so, and they might change to a monarchy if they chose, and that the constitution gave her two Representatives in Congress, when it did not appear that she had population enough to entitle her to one, even though as a State she would be entitled to one at any rate. Mr. H urged these objections in a speech of about half an hour's length. No one on the other side replied, and the vote was taken.

Mr. Levy then submitted a resolution that the President be respectfully requested to open a negotiation for the acquisition of Cuba, to be annexed to the United States, by the consent of the people thereof. I did not hear what disposition was made of the resolution, but suppose it lays one day on the table.

As expansion is the order of the day, I do not see why we should not embrace Cuba in our Confederation. But why stop there? why not take in the whole of the Atlantic Archipelago, Hayti, Jamaica, the Bermudas, &c. &c.? In a short time we shall have the whole of Mexico, Central America, New Grenada, &c., and then we shall really be, "a great and glorious nation."

The House did little more to-day, than elect a Chaplain. A great number of candidates were nominated, and several ballottings took place. The Rev. Mr. Milbourn was at length elected. He is from the West somewhere, but no one could tell from what State he hailed.

LOWBERS PATNT TIN-PLATED LEAD PIPE

THE attention of the trade is solicited to a perfect article of Tin-plated LEAD PIPE, manufactured by an entirely new process, for which letters patent have been received, which plates the pipes on the inside with an even coat of pure mixed tin. The advantages secured by rendering so soft and easily ozidated a metal as lead sweet and anti-corrosive, by plating with tin—at the same time giving it additional strength and preserving the cheapness of the former metal unimpaired—are too obvious to require comment. Great perfection having been attained in the manufacture, the subscribers are enabled to offer this superior article at the price charged for common lead pipe. All pipe sold by us *is warranted not to burst or split,* free from flaws, scales, or other imperfections perfectly uniform in thickness, and not surpassed in quality by that of any other manufacturer. Also, SHEET LEAD, which we can recommend as superior to any other in the market, and which we will sell as low as any other can be procured for. Specimens of the above Lead Pipe may be seen at GEORGE HECK'S Tin Shop in *Chambersburg* or at HENRY LUTZ'S in *Harrisburg,* who are the authorized Agents for i.s sale.

TO COLLECTORS AND TAX PAYERS!

THE recent payment of the State Tax by the Commissioners of Cumberland county, out of the funds in the County Treasury, renders it necessary to require immediate and prompt payment of the State and county taxes to enable the Commissioners to meet the current county expenses, and the payments becoming due under the contract for the erection of the Court House.

Under the provisions of the Act of 29th April, 1844, if the State tax of any county be not paid to the State Treasurer before the 2d Tuesday in January in each year, the deficiency is required to be paid out of any money in the County Treasury, and any State tax remaining unpaid by any individual or corporation, after said tax is payable by the county to the Commonwealth, shall bear an interest of SIX PER CENT., and *be a lien on the estate on which it is charged,* till fully paid and satisfied.

From the foregoing it will be seen that although the State tax has been paid to the State Treasurer, every tax-payer who does not pay the Collector before the 13th of January next, must be charged six per cent. interest thereon till paid, which interest every Collector must calculate and collect from each individual named in his duplicate who does not pay his tax prior to that date, and said tax, together with the interest thereon, is made a lien on the real estate of the payer.

The Board hoped that every Collector and tax-payer will see the importance and necessity of paying the whole tax charged in the duplicates, prior to the 13th of January next, to avoid the trouble and inconvenience of calculating and collecting interest on every individual tax, which must be done if not collected before that date.

THE CUMBERLAND VALLEY

Mutual Protection Com'y.

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz:—Thomas C. Miller, John Moore, David W. McCullough, James Weakly, William Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, Scott Coyle, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years.—But policies can be taken for any period from one to five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per centum, which will be $50 on the $1000 for which he will have to pay $2,50 for five years and $1,50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principle.

THOS. C. MILLER, Prest.
A. G. MILLER, Sec'y.

HONOR TO WHOM HONOR IS DUE!

It may be
truly said,
that no one has
ever been so success-
ful in compounding a
medicine, which has done so
to relieve the human family, to rob
disease of its terrors, and to restore the
Invalid to health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY, and none has been so generally patronised by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the short space of only six or seven years, to deceive the credulous and unthinking, by putting up Nostrums of various kinds, by various individuals, affixing the name of Wild Cherry and as much of the name of *original preparation* as will screen them from the lash of the law, and one of the Impostors who puts out the common *paregoric* of the shop and call it the Balsam of Wild Cherry has had the impudence to caution the public against the *Original preparation,* Dr. Swayne's Compound Syrup of WildCherry, which is doing so much good in the world.

☞ BEWARE OF SUCH IMPOSTERS.☜

And purchase none but the original and only *genuine* article as prepared by Dr. *Swayne,* which is the only one compounded by a regular Physician, and arose from many years' close attention to the Practice of the Profession, and which lead to this great discovery. Thousands and tens of thousands of the best testimonials of the unparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of

CONSUMPTION,

Coughs, Colds, Spitting Blood, Liver Complaint, Tickling or Rising in the Throat, Nervous Debility, Weakness of Voice, Palpitation or Disease of the Heart, Pain in the Side or Breast, Broken Constitution from various causes, the abuse of calomel &c. Bronchitis, Asthma, Whooping Cough, &c., were declared to the world years before any other preparation of Wild Cherry came out. The most skeptical may satisfy themselves as to the truth of the above, by a little inquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race streets, Philada. The Balsam and other spurious articles of Wild Cherry has been sold out and re-sold out, and the proprietors are obliged to resort to Falsehood and Stratagem to make their own out of it. The genuine article is put up in plain style in square bottles, covered with a blue wrapper, with a yellow label with the proprietor's signature attached.

☞ The Public are requested to remember that it is Dr. Swayne's Compound Syrup of Wild Cherry, that has and is repeatedly performing such miraculous cures of diseases which have baffled the skill of the Profession, and set at defiance the whole catalogue of *Patent Medicines,* which are daily puffed through the organs of the press. Therefore ask for Dr. *Swayne's* Compound *Syrup* of Wild Cherry, and purchase no other.

☞ Sold in Carlisle by MYERS & HAVERSTICK, sole Agents for this borough.

THOMSONS COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

1000 PERSONS in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy, *THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.* Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

Mr. S THOMPSON—Dear Sir. For more than four years past I had been dreadfully afflicted with an affection of the throat, which my physician pronounced "Chronic Bronchitis," caused by repeated and neglected colds. The distress suffered is indescribable. My throat was litterally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest and fever—in short all the usual pulmonary symptoms showed themselves, showed themselves, causing entire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe I should not now be living, had it not been for your invaluable medicine.

D., J. L. Biddle, &c. &c. causes them to be employed with more confidence than medicines prepared by the unskilful and ignorant.

DR LEIDY'S
SARSAPARILLA
BLOOD PILLS,
25 Cents a Box.

are the only Pills in existence containing Sarsaparilla in them, and were the first ever introduced by that name.

BEWARE OF SPURIOUS PILLS

prepared by others called 'Blood Pills,' 'Purifying Pills,' 'Sarsaparilla Pills,' &c., which are attempted to be palmed on to the public on the reputation of "Dr. Leidy's only true and genuine Sarsaparilla Blood Pills." Take no other than Dr. Leidy's, for they possess all the virtues that can be combined in Pills, whether as a purgative or general purifier of the blood and fluids in the body, requiring no restraint from occupation, usual course of living, or fear from exposure, and may be employed with equal safety at all times, by YOUNG AND OLD,

MALE AND FEMALE.

In addition to more than five hundred certificates having been heretofore published, their increasing sales and demand is strong proof in their favor; more than one hundred Boxes are sold daily at Dr. Leidy's Health Emporium, and thousands throughout the United States.

THEY COST BUT 25 CENTS A BOX.

And you will take one or more, as may be necessary, according to your disease and the length of time afflicted, much money will be saved in doctors bills, and instead of trying the various Quack Pills and other medicines forced upon the public by false reasoning and manufactured certificates.

☞ Directions in German and English.

DR. LEIDY'S

Vegetable Worm Tea.

IS THE MOST POPULAR.

Besides being the safest, best, and most effectual destroyer of worms now in use. Thousands in Philadelphia, as well as elsewhere, can testify to it, as it has been used in almost every other family in Pennsylvania, New Jersey, Delaware, Maryland, &c. &c.

To avoid the great expense of publishing certificates of its efficacy, Dr. Leidy would suggest to those who have not used it, to ask their neighbors who have, and they will be fully satisfied.

Parents that once introduce Dr. Leidy's Worm Tea in their families will never use any other—'tis so pleasant—so safe even for infants, and always effectual.

It is put up in 12½ and 25 cent packages.

DR. LEIDY'S

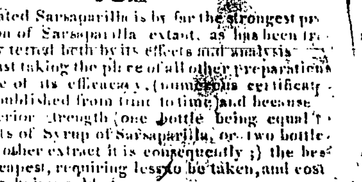
Tetter and Itch Ointments,

Never fails curing all diseases of the skin, such as Tetter, Itch, Ringworms Dry and Watery pimples of the Face, Neck and Body, Salt-Rheum, Scaled-Head, &c. &c.

It has been used by innumerous Schools, Factories, boards of vessels, and families with unparalleled success.

Thousands could testify to it by certificates, but feel a delicacy in publishing their names in connexion with the diseases of the skin, some of which are even considered disgraceful, besides being loathsome and disagreeable. Try it!—try it!—try it!

25 CTS, PER BOTTLE.



Medicated Sarsaparilla is by far the strongest preparation of Sarsaparilla extant, as has been frequently tested both by its effects and analysis.

It is fast taking the place of all other preparations because of its efficacy, (numerous certificates being published from time to time,) and because its superior strength (one bottle being equal to six pints of Syrup of Sarsaparilla, or two bottles of any other extract it is consequently;) the best and cheapest, requiring less to be taken, and costing less being sold at

$1 FOR A SINGLE BOTTLE,
$2 50 FOR THREE BOTTLES,
$4 for Six Bottles.

It is particularly recommended for, all Rheumatic affections; Ulcerous Sores of the Nose, Throat or Body; Diseases of the Bones; Diseases of the Liver, Lungs, Spleen and Kidneys, Affections of the skin, or a breaking out of dry and watery pimples of the Face, Neck and Body, Scrofula, Erysipelas, Constitutional diseases arising from the use of mercury and other minerals, Syphilitic and Venereal Affections, as well as the greatest purifier of the Blood and Fluids of the body that has ever been discovered.

Dr. Leidy the proprietor, offers to refund the money satisfactory proof is given of its inefficacy, or of his assertions proving untrue.

☞ General Depot for the above medicines, Dr. Leidy's Health Emporium, No. 191, N. 2nd St., near Vine St., (Sign of the Golden Eagle and Serpents) Philadelphia. In CARLISLE by STEVENSON & MEHAFFEY.

DR. G. B. SMITH'S SUGAR COATED PILL

CAUTION TO ALL!

LET all the world take notice, and be careful not to buy the [sugar coated] Improved Indian Vegetable Pills, unless every box has on it the written signature of the original inventor and patentee;

G. Benjamin Smith, M. D.

These pleasant Pills possess powers to open ALL the natural drains of the system—viz: the Lungs, Kidneys, Skin and Bowels—hitherto unknown in the practice of Medicine; and so complete has been their triumph over all other medicines, that many have been led to suppose they contain some powerful mineral; but upon examination by Doctors Chilton, Randolph, Houtingdon, and others, this supposition is at once proved to be groundless.

Sold in New York at the principal Office, 17 Greenwich street, and also by MYERS & HAVERSTICK, sole Agents for Carlisle.

An Obstinate Case.

Baltimore, Feb. 15th, 18[illegible]

Dr. H. W. Andrews;

Sir:—The box of Dr. Smith's Sugar Coated improved Indian Vegetable Pills I purchased of you some two months past, I found in their application to my son (of about 15 years of age) the most happy effect on the system. He had been for some years, very delicate in health and very much subject to fever and chills, so much so as to create alarm for his future health. And for two or three years we had [illegible] from school the most of the time. I am now frank to acknowledge the complete restoration of his health and a fair prospect of its permanent enjoyment. J. A. SANGSTON.

Principal Office, 179 Grenwich st., New York.

CAUTION.—As a miserable imitation has been made by the name of Sugar Coated Pills, it is necessary to be sure that Dr. G. Benjamin Smith's signature is on the box—Price 25 cents.
