Hardy & Greposition

CARLISLE, PA.

WEDNESDAY, JANUARY 14, 1846.

Our Terms.

One Dollar and Fifty Cents a year if paid cash in advance; Two Dollars if paid within the year. From these terms there will be no deviation in any case.

OUR TABLE.—We have received from Mitchell's celebrated Map establishment, in Philadelphia, a large and beautiful Map of Texas, Oregon and California, countries that are now the subjects of engrossing interest with our people. The Map represents that part of North America which extends from lat. 26 deg. to lat. 56 deg. North, and from the Mississippi River to the Pacific Ocean. It includes the State of Texas, Oregon as it is claimed by the U. S. and the whole of Upper California, together with the adjoining regions of the State and Territory of Iowa, the Missouri Territory, the Indian Territory, and a considerable portion of Mexico and old California, and some part of British America. It embraces also, the most recently published information, including that derived from the Map of Oregon, by Capt. Wilkes, U.S.Navy; Map of the explorations in Oregon, California, &c. by Capt. Fremont, U.S.Army; the Congressional and other Maps of Texas; the latest Maps of Mexico, &c. The Emigrant Route to Oregon, via the South Pass, and the Trader's Route to Santa Fe, are distinctly traced, and all the Counties in Texas are shown on the Map.

The publisher offers four copies of the Map in sheets folded for the pocket, together with ten copies of a descriptive pamphlet, for Five Dollars. It can be forwarded by mail at a rate of postage not exceeding five cents for both, to any part of the United States. Address *S. Augustus Mitchell*, N. E. corner of Market and Seventh streets, Philadelphia.

The American Whig Review, for January, is on our table, and is a number worthy the opening of the year. It contains a steel engraved portrait of the eminent Judge Story, a jurist who was the pride of his profession, and whose character and fame will ever be cherished by his countrymen with admiration and reverence—the portrait is accompanied by a biographical notice. The other articles in this number, are of the highest literary and political character. We are glad to hear that the Review has now a patronage which ensures its permanancy. Price, $5 a year—address G. H. Colton New York.

The 'Farmers' Library' for January, is also on our table. We have so often spoken in commendation of this truly valuable periodical, that it is only necessary to say that the present number fully sustains the high character the 'Library' has established. Price $5 a year—published by Greely & McElrath, New York.

The American Reformer and State Temperance Organ, is the title of a large and handsome weekly paper, the first number of which has just been issued in Harrisburg.—It is edited by Mr. J. M. W. Geist, who seems to hold the pen of a ready writer in behalf of the good cause. Terms $2 a year; we wish success to the enterprise.

Married,

In this borough, on the 8th inst. by the Rev. A. H Kremer, Mr. CHARLES RINGWALT, of North Middleton, to Miss MARY YOUNG, of Churchtown.

Died,

On Saturday morning, last, in Pittsburgh, Col. CHARLES MCCURE, late Secretary of the Commonwealth of Pennsylvania, and for several terms a member of the United States House of Representatives from this district, aged about 45 years.

New Advertisements.

The agents of the Philadelphia Sabbath Association have appointed FRIDAY the 30 instant to meet the friends of the Sabbath in Cumberland county, in convention, at Carlisle. The convention will meet in the Methodist Episcopal Church, at 10 o'clock A. M. It is hoped that every township and village throughout our county will be represented; and especially that every church or religious society will send up its delegates to participate in the doing of the meeting.

It is particularly commended to the pastors of the various churches of the county, to excite the people of their respective charges to the seasonable appointment of their delegates.

☞ Delegates are also invited from the neighboring counties.

Another Triumph over Consumption.

BY THOMPSON'S Compound Syrup Tar and Wood Naphtha. Consumptives read the following:

HARRISBURG, November 18, 1845.

Dr. S. P. Thompson:—Dear Sir—I consider it a grateful duty to publicly acknowledge the benefit I have derived from the use of your invaluable medicine, the Compound Syrup Tar and Wood Naphtha. In the spring of 1844 I was taken sick with Bilious Fever, and was very ill for a long time. After I had partially recovered, my physician informed me my lungs were affected, and treated me accordingly. His skill had no effect, for instead of getting better, I daily grew worse. I was finally informed by him that "I was incurable and must die, and that nothing remained but preparation for another world."—My weakness increased until I was confined to my bed; I had very severe pains in my breast, side and back, shortness of breath, and I was so very hoarse that my voice could not be heard unless the ear was applied close to my mouth. My cough was terrible, harrassing me night and day, so that I could obtain very little rest. While suffering in this manner, with no hope of relief, I saw your advertisement in the "Union" of this borough, with the certificate of a lady of Philadelphia appended, which so nearly described my case, that I resolved to try your medicine, and its effects upon me. I accordingly sent to your agent, Dr. McPherson, and procured a bottle. I had not used more than one third of it before the hoarseness left me; I then took it regularly; the pain in my breast, &c. left me, shortness of breath and cough removed, and I am now able to walk about with renewed health and strength. You can make what use you please of this. I am willing to give any satisfaction that may be required of me if called on personally.

With great respect, I remain yours, &c.

A GREAT SAVING MACHINE,

AND NO MISTAKE.—ECONOMY THE ORDER OF THE DAY!

R. MILLER'S PATENT, for cutting and grinding or crushing Corn Fodder, which entirely obviates all the objections heretofore made for cutting and grinding or crushing Corn Fodder, &c. The subscribers have the satisfaction of announcing to the agricultural community, that they have purchased the right of manufacturing and vending the above mentioned machine in Cumberland county; and also that it is in successful operation at York, Pa. Every difficulty to its perfect execution having been fully surmounted, they feel warranted in stating that it is the most economical and excellent invention of the day for the purpose to which it is designed. For durability and power it has no equal in the many machines presented to the public for the same object; and all scientific men, machinists, mechanics and farmers, who examined or tested it, give their verdict in its favor. Its superiority consists in this, that it may be used by steam, horse, water or hand power, that it is more easily kept in order, and it performs its cutting and crushing by the same operation and does the work in a perfect manner. It is a great saving machine both in fodder and labor, as by the operation of it the farmer can make good feed of the whole cornstock from its root to its top, as it cuts and grinds or crushes the stock so fine that horses, cattle, or sheep, consume the whole of it; consequently it enables the farmer to feed five head of horses, cattle or sheep, to one with the same quantity of fodder, and makes better and stronger feed. With this machine one man can cut corn fodder sufficient to feed ten head of cattle in twenty minutes, and when attached to horse power can cut or grind and crush in fifteen minutes sufficient to feed fifty head of cattle. For cutting hay or straw there is nothing can equal to it. For its simplicity and usefulness it commends itself at once to the farmer, and only requires to be seen to be duly appreciated.

The machine may be examined and purchased of either of the undersigned. At the Plough Manufactory of Jacob Plank, in Monroe township, Cumberland county, or at the Foundary of Franklin Gardner, Carlisle, Pa.
