SHAVING AND HAIR DRESSING SALOON.—BRADSON & FOUNTAIN, *Tonsorial Professors*, have fitted up the tonsorial head of hair, when they can have one for three shillings? Twenty years' loss of hair and wonderful restoration!

"BALTIMORE, July 17, 1847.

"Dear Sir—The wonderful effects of your Capillary Hair Restorative has been decisively demonstrated in the case of several respectable citizens of the town, who, on being thoroughly acquainted with the selling (trial bottle) article, at your store, in Baltimore, has attracted particular attention, is the case of a gentleman who had little or no hair for twenty years; he had tried numerous preparations in vain, and ultimately had his head shaved and shave a wig. At my recommendation, he tried the Restorative, and after using it, according to the direction, for a short time, the young hair appeared, and he has now as good a head of hair as any person in Baltimore.

"Yours, &c." JOHN KILVINGTON.

It causes eyebrows to grow, prevents the hair from turning grey, and the first application causes it to grow beautifully, frees it from scurf, and stops it from falling off.

Miscellaneous.

Coal's patent grad uated galvanic Battery AND PATENT INSULATED POLES,

FOR MEDICAL AND OTHER PURPOSES.—This is the only instrument of the kind that has ever been presented in this country or Europe for medical purposes, and is the only one ever known to melt, by which the galvanic fluid can be conveyed to the human eye, the ear, the brain, or any part of the body, either externally or internally, in a definite, gentle stream, without shocks or pain—with perfect safety—and often with the happiest effects.

This important apparatus is now highly approved of by many of the most eminent physicians of this country and Europe, to whom the afflicted and others whom it may concern can be referred. Reference will also be given to many highly respectable citizens, who have been cured, by means of this most valuable apparatus, of some of the most inveterate nervous disorders, which could not be removed by any other known means.

Among various others, it has been proved to be admirably adapted for the cure of the following diseases, viz: nervous headache and other disorders of the brain. It is with this apparatus alone that the operator can convey the galvanic fluid with ease and safety to the eye, to restore sight, or cure amaurosis; to the ear to restore hearing; to the tongue or other organs, to restore speech; and to the various parts of the body, for the cure of chronic rheumatism, asthma, neuralgia, or tic doloureaux, paralysis, or palsy, gout, chorea or St. Vitus' dance, epilepsy, weakness from age, pains, some diseases peculiar to females, contraction of the limbs, lock-jaw, etc., etc.

Rights for surrounding counties of Western Pa., and privileges, with the instrument, may be purchased, and also rented for the cure of diseases.

Full instructions will be given for the various chemicals to be used for various diseases, and the best manner for operating for the cure of these diseases, will also be fully explained to the purchaser, and a pamphlet put into his hands expressly for these purposes, carefully prepared by the patentee.
