DELAWARE MUTUAL INSURANCE CO'Y. OF PHILADELPHIA.

On the Mutual Insurance principle, combined with a large joint-stock Capital. Premiums reduced to nearly half the usual rates.

BY the Act of Incorporation the stock is pledged for the payment of any losses which the Company may sustain. And as an *additional security* to the assured, the act requires that the *profits* of the business shall be *funded* and *remain* with the corporation, as a *guarantee* and *protection* to the *insured* against loss. This fund will be represented by scrip issued by the Company, bearing interest not exceeding six per cent. per annum. The insured are entitled to a pro rata share of the profits of the Company, and will receive that proportion of the aforesaid fund in scrip, which the amount of earned premiums paid by him, bears to the total sum of earned premiums and capital stock.

The scrip thus issued, to be transferable on the books of the Company as stock.

No dividend of scrip can be made when the losses and expenses exceed the amount of earned premiums.

The insured are protected from loss at the customary rates of premiums, *without any individual liability or responsibility* for the losses or expenses of the Corporation. The *assured* have all the rights of membership,—can vote at all elections, and are eligible as Directors of the Corporation.

The subscriber has been appointed agent for this Company, and as the *mutual principle* is superseding every other mode of Insurance, he would confidently recommend it to his friends and the public.

The North American Company has closed their Agency. Those having policies expiring in that office can have them renewed in the Delaware Company on much more favorable terms.

For full particulars enquire either by letter or person to JOHN J. MYERS.

A GREAT SAVING MACHINE,

AND NO MISTAKE.—ECONOMY THE ORDER OF THE DAY.

R. MILLER'S PATENT, for cutting and grinding or crushing Corn Fodder, which entirely obviates all the objections here before made for cutting and grinding or crushing Corn Fodder, &c. The subscribers have the satisfaction of announcing to the agricultural community, that they have purchased the right of manufacturing and vending the above mentioned machine in Cumberland county; and also that it is in successful operation at York, Pa. Every machine warranted to perform to perfect satisfaction, having been fully and satisfactorily tested. They can also refer to a number of farmers who have purchased and used the machine, who will testify that it is the most economical and excellent invention of the day for the purpose to which it is designed. For durability and power it has no equal in the many machines presented to the public for the same object, and all scientific men, machinists, mechanics and farmers, who examined or tested it, give their verdict in its favor. Its superiority consists in this, that it may be used by steam, horse, water or hand power, that it is more easily kept in order, and it performs its cutting and crushing by the same operation and does the work in a perfect manner. It is a great saving machine both in fodder and labor, as by the operation of it the farmer can make good feed of the whole cornstuck from its root to its top, as it cuts and grinds or crushes the stock so fine that horses, cattle, or sheep, consume the whole of it; consequently it enables the farmer to feed five head of horses, cattle or sheep, to one with the same quantity of fodder, and makes better and stronger feep. With this machine one man can cut corn fodder sufficient to feed ten head of cattle in twenty minutes, and when attached to horse power can cut or grind and crush in fifteen minutes sufficient to feed fifty head of cattle. For cutting hay or straw there is nothing can equal to it. For its simplicity and usefulness it commends itself at once to the farmer, and only requires to be seen to be duly appreciated.

The machine may be examined and purchased of either of the undersigned. At the Plough Manufactory of Jacob Plank, in Monroe township, Cumberland county, or at the Foundary of Franklin Gardner, Carlisle, Pa.

CONSUMPTION,

Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Bronchial Consumption, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs, the most effectual and speedy cure ever known for any of the above diseases, is DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY—ANOTHER WONDERFUL CURE OF CONSUMPTION.

PROVIDENCE, R. I., Sept. 20th, 1845.

DR. SWAYNE—Dear Sir,—I feel called by sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your. "COMPOUND SRYUP OF WILD CHERRY" on me, after having suffered months after months with the most afflicting of all diseases, Consumption, with scarcely a ray of hope, or a "beacon light" to guard me against my own horrible forebodings. The circumstances which first led me to the awful state of debility, was from taking a very heavy cold, which seemed to fix itself upon the lungs, which gradually grew worse, with no use night sweat, a hacking cough, oppression in the breast, spitting blood, with great general debility. My constitution seemed broken down, and nervous system very much impaired, with all the symptoms of confirmed Consumption. I went to Philadelphia, and was treated there by physicians of the highest respectability, but still grew worse, until they gave me up as incurable, and advised me to go South, but being very poor, of course losing so much time from my work, and having spent all my money on the various Patent Medicines which were recommended so highly through the medium of the press, I was unable to take their advice. Being a member of the Order of Odd Fellows, they supplied me with money gratuitously to send me to my friends in Saco, Maine. I was treated by physicians of the highest standing there, but received no benefit whatever from them, but gradually grew worse, until my physicians and myself gave up all hopes of my ever recovering, and I felt like one who is about to pass through the valley of the shadow of death. At this "awful juncture," I heard of your COMPOUND SYRUP OF WILD CHERRY," and knowing you to be a regular practising physician in Philadelphia, gave me more confidence in the medicine, so I concluded as a last resort, to make a trial of it. I sent to your agent in Boston, and purchased one bottle, which relieved me very much. I then procured two bottles more, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before, in my life. It seemed to have a beneficial effect at once. I gained strength rapidly, although reduced to a mere skeleton, and I feel satisfied from its salutary effects in my own case, that Dr. Swayne's Compound Syrup of Wild Cherry will cure any case of diseased Lungs, if taken according to the prescribed rules contained in the pamphlets accompanying the medicines. Even the physicians who witnessed my case are highly recommending it in similar cases—and I wish you to make this public, so that others who are suffering as I have been, may know where to procure a remedy at first, which will reach their disease, without tampering with and ruining their constitutions with the many "quack nostrums" with which the whole country is flooded, prepared by persons who have no knowledge of the science of medicine in their profession, but are got up merely with a mercenary view.

Yours &c.

Sam'l Scandet member of the Hope Lodge I.O. of O. F., in Providence R. I., and will be happy to give any information, in regard to the efficacy of our medicines, and can give ample proof that my case is not exaggerated in the least.

ALBERT A. ROSS.

To Dr. H. SWAYNE, N. W. corner Eighth and Race streets, Philadelphia.

CAUTION.—The public should be on their guard against the many Balms and Mixtures of Wild Cherry, which have sprung up in all parts of the country purporting to be prepared by physicians, all of which will be found to be "false" by a little inquiry in the towns and cities where they originate. All certificates and statements in regard to Dr. Swayne's Compound Syrup of Wild Cherry are flatteringly true, and the principle is daily receiving from persons who have been cured by the celebrated remedy. The (original and only) genuine article is only prepared by Dr. SWAYNE, N. W. corner of EIGHTH and RACE Streets, Philadelphia.

☞ Remember all preparations of Wild Cherry are fictitious and counterfeit except bearing the written signature of N. Swayne. The only agents in Carlisle are MYERS & HAVERSTICK, and STEVENSON & MEHAFFEY, and MARTIN LUTZ, Harrisburg.

THOMSONS COMPOUND SYRUP OF TAR AND WOOD NAPTHA

1000 PERSONS in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy, *THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.* Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

Mr. S. Thomson—Dear Sir,—For more than four years past I had been dreadfully afflicted with an affection of the throat, which my physician pronounced "Chronic Bronchitis," caused by repeated and neglected colds. The distress attended is indescribable. My cough was literally raw with violent coughing, so that blood would come from it; I also got great oppression, pain and tightness at the chest and for—in short all the usual pulmonary symptoms showed themselves, show d themselves, causing entire loss of necessary sleep; my throat was leached and blistered over, and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naphta, and before I had taken the first bottle I perceived a decided relief. I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe it should not now be thing, had it not been for your invaluable medicine.

ALBERT A. ROSS.

Principal office, N. E. corner of Fifth and Spruce streets. Price 50 cents per bottle of 35 per dozen, or $5 00 per gallon.

☞ For sale in Carlisle by STEVENSON & MEHAFFEY.

TO FAMILIES.

DO YOU VALUE HEALTH? If so, you will find, that our following preparations, the safest and most efficacious medicines common to all, from young persons down to the infant, namely,

DR. LEIDY'S SARSAPARILLA BLOOD PILLS,
DR. LEIDY'S TETTER AND ITCH OINTMENT,
DR. LEIDY'S PATENT WORM TEA,
DR. LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA.

These are medicines universally known and employed throughout the United States, Mexico, the West Indies, &c.

Prepared as they are, by Dr. D. LEIDY, a regular physician, selected by Drs. Chapman, Jackson, Gibson, Horner, Harris, Physick, Eberle, Dewese, James, Rev. W. H. Delancey, Robert Adams, M.D., Hill, Biddle, &c. &c., causes them to be employed with more confidence than medicines prepared by the unskilful and ignorant.

DR. LEIDY'S SARSAPARILLA BLOOD PILLS 25 Cents a Box

are the only Pills in existence containing Sarsaparilla in them, and were the first ever introduced by that name.

BEWARE OF SPURIOUS PILLS

prepared by others called "Blood Pills," "Purifying Pills," "Sarsaparilla Pills," &c., which are attempted to be palmed on to the public on the reputation of "Dr. Leidy's only true and genuine Sarsaparilla Blood Pills." Take no other than Dr. Leidy's, for they possess all the virtues that can be combined in Pills, whether as a purgative or general purifier of the blood and fluids in the body, requiring no restraint from occupation, usual course of living, or fear from exposure, and may be employed with equal safety at all times, by

YOUNG AND OLD,
MALE AND FEMALE.

In addition to more than five hundred certificates having been heretofore published, their increasing sales, and demand is strong proof in their favor; more than one hundred Boxes are sold daily at Dr. Leidy's Health Emporium, and thousands throughout the United States.

THEY COST BUT 25 CENTS A BOX,

And you will take one on more, as may be necessary, according to your disease and the length of time afflicted, much money will be saved in doctors bills, and instead of trying the various Quack Pills and other medicines forced upon the public by false reasoning and manufactured certificates.

☞ Directions in German and English.

DR. LEIDY'S VegetableWorm Tea.

IS THE MOST POPULAR.

Besides being the safest, best, and most effectual destroyer of worms now in use. Thousands in Philadelphia, as well as elsewhere, can testify to it, as it has been used in almost every other family in Pennsylvania, New Jersey, Delaware, Maryland, &c. &c.

To avoid the great expense of publishing certificates of its efficacy, Dr. Leidy would suggest to those who have not used it, to ask their neighbors who have; and they will be fully satisfied.

Parents that once introduce Dr. Leidy's Worm Tea in their families will never use any other—it is so pleasant—so safe even for infants, and always effectual.

It is put up in 12½ and 25 cent packages.

DR. LEIDY'S

Tetter and Itch Ointments,

Never fail curing all diseases of the Skin, such as Tetter, Itch, Ringworms Dry and Watery pimples of the Face, Neck and Body, Salt-Rheum, Scaled Head, &c. &c.

It has been used by numerous Schools, Factories, boarding houses, and families with unparalleled success.

Thousands could testify to the certificates but feel a delicacy in publishing their names in connexion with the diseases of the skin, some of which are even considered disgraceful, beside being loathsome and disagreeable. Try it!—try it!—try it!

25 CTS. PER BOTTLE.

DR. LEIDY'S SARSAPARILLA BLOOD PILLS

Medicated Sarsaparilla is by far the strongest preparation of Sarsaparilla extant, as has been frequently tested both by its effects and analysis.

Also taking the place of all other preparations because of its efficiency, (numerous certificates being published from time to time) and because of its superior strength (one bottle being equal to six pints of Syrup of Sarsaparilla, or two bottles of any other extract of Sarsaparilla;) also best and cheapest, requiring less to be taken, and costing less, being sold at

$1 FOR A SINGLE BOTTLE,
$2 50 FOR THREE BOTTLES,
$4 for Six Bottles.

It is particularly recommended for all Rheumatic affections; Ulcerous Sores of the Nose, Throat or Body; Diseases of the Bones; Diseases of the Liver, Lungs, Spleen and Kidneys; Affections of the skin, such as breaking out of dry and watery pimples of the Face, Neck and Body, Scrofula, Erysipelas, Constitutional disorders arising from the use of mercury and other minerals, Syphilitic and Venereal Affections, as well as the greatest purifier of the Blood and Fluids of the body that has ever been discovered.

Dr. Leidy the proprietor, offers to refund the money satisfactory proof is given of its inefficacy, or of his assertions proving untrue.

☞ General Depot for the above medicines, Dr. Leidy's Health Emporium, No. 1 N. 2nd St. near Vine St., (Sign of the Golden Eagle and Serpents) Philadelphia. For CARLISLE by the agents,

DR. G. B. SMITH'S SUGAR COATED PILL

CAUTION TO ALL!

LET all the world take notice, and be careful not to buy the (so called) improved Indian Vegetable Pills, unless every box has on it the written signature of the original inventor and patentee,

G. Benjamin Smith, M. D.

These pleasant Pills possess powers to operate on the natural system in a manner, via the Lungs, Kidneys, Skin and Bowels—suited to unknown in the practice of Medicine and so complete has been their triumph over all other medicines, that many have been led to suppose they contain some powerful mineral, but upon examination by Doctors Chilton, Randolph, Hunington, and others, this supposition is at once proved to be groundless.

Sold in New York, at the principal office, 179 Greenwich street, and also by MYERS & HAVERSTICK, with Agents for Carlisle.

An Obstinate Case.

Baltimore, Feb. 15th, 1845.

Dr. H. W. Andrews,

Sir,—The box of Dr. Smith's Sugar Coated improved Indian Vegetable Pills, I purchased of you, some two months past, I found in their application to my son (at about 15 years of age) the most happy effect on the patient. He had been for some years, very delicate in health, and very much subject to fever and ague, so much so as to create alarming fears for his health. And for two or three years we had to keep him from school the most of the time. I am now happy to acknowledge to the complete restoration of his health and a fair prospect of its permanent enjoyment.

DR. DAVIS'S COMPOUND SYRUP OF WILD CHERRY AND TAR.

For the cure of Lung Affections, Consumption, Coughs, Colds, Asthma, Influenza, Bronchitis, Pleurisy, Difficulty of Breathing, Pains in the Breast or Side, Spitting of Blood, Croup, Whooping Cough, &c.

THIS Medicine is rapidly gaining a deserved popularity in Affections of the Lungs. The following certificates from respectable citizens of Philadelphia fully attest its merits. It has performed numerous cures in severe cases, and where the usual remedies had failed to give relief.

Philadelphia, September 20, 1845.

Messrs. Robinson, Collins & Co.—Being afflicted last spring with a very severe cough, with pain in my side and breast, soreness and weakness of the lungs, shortness of breath, loss of appetite, &c., I tried various remedies, but to no good effect, my cough still continuing and growing worse. Such was the distressing nature of the cough, that I could not lie in bed night nor day, but was obliged to sit up in my chair, and could not sleep but very little at best, consequently, I was wearing out very fast, till you very kindly recommended Dr. Davis's Compound Syrup of Wild Cherry and Tar, the first bottle of which gave me relief, checked my cough, loosened the phlegm, caused me to expectorate freely, restored my appetite, relieved the pain in my side, healed the soreness of my breast, and strengthened my lungs, causing me to breathe freely. I have now taken ten bottles it has entirely cured my cough. I have gained considerably in flesh. I think it a most valuable medicine, and one that ought to be universally known, that those afflicted with colds and coughs may have a medicine both safe and sure to cure, if taken properly. While taking the medicine, I drank freely of molasses and water which I found excellent to keep the bowels open. If this statement can be of any benefit to the afflicted, you are at liberty to make such use of it as you may think proper.

MERRICK BARNES' No. 6, Bread Street.

Several months since, my wife was attacked with a severe cough, attended with a pain in her side, which, from its obstinate continuance began to alarm her. A few doses of Dr. Davis's Compound Syrup of Wild Cherry and Tar relieved the pain and cured the cough; and by the time she had taken half a bottle full she was perfectly cured. She recommended it to an acquaintance, Mrs. Bannister, who was afflicted in about the same manner as herself, and the medicine proved equally beneficial in her case. Mrs. B. also recommended it to several of her friends, who were, I believe cured by it. This is my knowledge of Dr. Davis's medicine, and I deem it sufficient to recommend it as a valuable one.

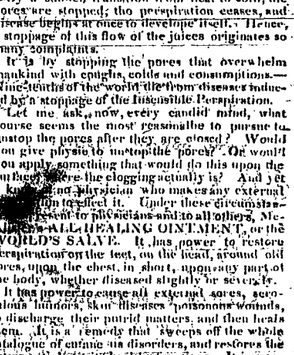
WORMS, WORMS, WORMS.



HOBENSACK'S MEDICATED WORM SYRUP

OR the little sufferer's friend. An entirely Vegetable preparation, for the destruction of Worms. Advice to mothers. "A stitch in time saves nine." Knowing our Worm Syrup to be the very best medicine for destroying worms now in use, we would say to you, if your children should appear pale and emaciated, with offensive breath pain in the joints and limbs, ravenous appetite, bloated stomach, sudden starting in their sleep with fright, and screaming, sense of something rising in the throat, itching of the arms, squeamishness, fits, nausea, &c., immediately obtain a bottle of Hobensack's Worm Syrup, for in so doing you will not only save "a stitch in time," but bring back joy and health where reigned sorrow and disease; how much suffering and loss of life we see, through a want of proper attention and proper remedies, it should not be the fault of mothers, if any of their children should show any of the above symptoms, or procure immediately the proper remedy—that remedy is Hobensack's Worm Syrup, a medicine that has met with unlimited success, and cures where every other has entirely failed; to which numerous certificates of highly respectable persons testify. See pamphlets.

Messrs. J. N. & G. S. Hobensack:—Gentlemen Unsolicited, I send you this testimonial concerning your invaluable Medicated Worm Syrup.—From early infancy my daughter, now a child of 18 months, has been sorely afflicted with Worms, causing daily the most severe and distressing pains. At times she would be almost frantic, and perfectly unmanageable; would run up and down the floor, and knock herself unmoulmbly against the walls. For a long time I was at a loss to know the cause—at length being impressed with the belief that worms were the cause, we commenced giving several medicines for such, a complaint, from which the child received no benefit whatever. As a matter of course, she was much reduced in flesh, and had all the symptoms of such a complaint. Accidentally meeting with one of your circulars, we were induced to try your medicine. We had not used it but a few days before a great many worms were brought from her, some full three inches in length, and before, varying in size from one to four inches. I need scarcely add, that the child was speedily relieved, and that too before we had used one-25 cent bottle of your Worm Syrup. She is now entirely free from those distressing pains, and doing well. I feel that it would be unkindness on my part to withhold from you and the community this information. I do therefore, unhesitatingly recommend your Medicated Worm Syrup as a medicine possessing superior excellent qualities. Very Respectfully,

C. HENRY PLUMMER,
Minister of the Gospel.
