DENTAL SURGERY.

Dr. Davidson and Brother,
OF ROCHESTER, N. Y.

RESPECTFULLY announce to the citizens of Carlisle and vicinity that they have taken rooms at Burkholder's "Washington Hotel," where they are prepared to perform operations in all the various branches of DENTISTRY. Ladies and Gentlemen wishing the preservation and substitution of these beautiful organs, the Teeth, would do well to give them a call.

Dr. F. Davidson, having graduated in Medicine, gives his special attention to the diseases of the mouth and teeth.

Caries of the teeth effectually and permanently cured, if the destruction of the tooth has not gone too far.

The teeth carefully cleansed of accumulations of Tartar, which, if permitted to remain, will destroy their use and beauty, undermining the best constitutions by exciting Dyspepsia, Neuralgia and other chronic diseases; and making the breath fœtid and disagreeable.

Teeth and Fangs carefully extracted with the most improved instruments, without bruise or laceration to the gums.

Parts, or whole setts of incorruptible teeth of perfect similarity with the natural, inserted upon pure gold or palladium, in the most beautiful and durable manner.

All operations warranted to be satisfactory and lasting.—Ladies and Gentlemen waited upon at their residences, if desired.

Atwood's Empire Cooking Stove.

IN again calling attention to this unequalled STOVE, the proprietor has the pleasure to inform the public that (externally) it has undergone an entire change—the pipe and hearth placed opposite each other, and a SUMMER HEARTH AND BOILING APPARATUS, being added, thus rendering it faultless, and unless there is another faultless Stove in the market, this is unquestionably the best, as it now embraces every valuable improvement possessed by any other Stove, in addition to some peculiar to itself, secured by Letters Patent.

The success of this Stove, since its introduction is unexampled. Nothing has ever been offered for culinary purposes that has given such general satisfaction. Stoves have been copied after its form; some dealers have even used its fundamental principles, but the proportions were so unlike the original, that they bear the relative value that a counterfeit does to a genuine coin.

Complete COOK and other COOK STOVES in great variety. Persons desiring these admirable Stoves, are requested to call at the Stove and Tin-Ware manufactory of the subscriber, on Main street, Carlisle, who is agent for Cumberland county.

BURRALL'S CORN SHELLER.

THE subscriber respectfully informs the farming community that he has purchased the right to BURRALLS CELEBRATED CORN SHELLER, for the counties of Cumberland and Franklin. Farmers who have used this Corn Sheller, pronounce it a most invaluable invention. It is simple in its construction and not liable to get out of order. It seperates the corn from the cob, without breaking either, and delivers the corn clean and fit for market. It shells from ten to twenty bushels per hour. Eight hundred of them have been sold the past season by the inventor, all of which were highly approved.

Persons wishing to see the above Corn Sheller, can do so by calling at the shop of the subscriber, corner of North Hanover and Louther streets, Carlisle, where he will keep constantly on hand a large number for sale. Every farmer and miller should have the above cheap but valuable Corn Sheller.
