CARLISLE, PA.

WEDNESDAY, MAY 23, 1849.

☞ The narrative of Col. Washington's Expedition on our fourth page, will interest a number of our readers.

P. M. in Carlisle.

The Philadelphia papers of yesterday announce the appointment of ABRAHAM HENDEL, to be Post Master at Carlisle, in the room of George Sanderson. This appointment will at once secure the confidence of our community. Mr Hendel is a man of just the character, habits and business qualifications to make a popular and efficient Post Master.—He had several competitors for the post, all of whom were men of good standing and qualifications, and each of whom had active parties of friends. While these will naturally experience a strong feeling of disappointment at the result, they can scarcely help conceding that success has fallen on one who is entirely worthy of the distinction. In the struggle for office it must needs be, as somebody has sagely remarked, that "while some are appointed others must be *disappointed*." It is due to Capt, Sanderson, who retires from the post to say that we have ever found him obliging and attentive in his office, and that if Cass and Butler had been elected, as he desired, the Whigs would have been most happy to see him continued in place. He is an old politician, and we are sure will not thank the Volunteer for any *whimpering* over his "taking off."

YORK AND CUMBERLAND RAILROAD.—We learn from the York Republican, that the *President* and Directors of this Company, on Monday a week last, awarded the contracts for constructing it complete, including the road-formation, superstructure, rails and all materials, to Messrs. Gonder & Co, for the sum of $525,000—$100,000 of which they take in the stock of the Company. The price to be paid is considerably below the estimate of the Engineers. The Contractors, says the Republican, are men of skill and experience in this kind of work, and no doubt knew what they were about when they made their proposals. The time limited in the contracts for the completion of the road is, we believe, eighteen months.

The route adopted is that generally known as "The Middle Route," which crosses the Codorus about Small's mill—intersects the Harrisburg turnpike at Kohr's—re-crosses it near Jacob Hake's and Adam Free's—follows on in the rear of Liverpool—strikes the river at Hough's saw mill, below York Haven, and then pursues the bank of the Susquehana to the junction with the Cumberland Valley Railroad at the Harrisburg bridge. The damages on this route are estimated to amount to $30,000, and they have been for the most part adjusted with the landholders.

GODEY'S LADY'S BOOK, for June, is an uncommonly good number. The embellishments, thirteen in number, embrace no less than three fine line engravings—"Ianthe," the "Italian Flower Girl," and a "View from West Point"—with many wood engravings of model cottages, ancient French Costumes, the entrance hall of Mount Vernon, &c., &c.—Mrs. Ellet, Mrs. Joseph C. Neal, Miss Leslie, N. P. Willis, Gilmore Simms, T. S. Arthur, Rev. Theo. S. Cuyler, and numerous other popular writers are represented in its highly diversified pages. Godey is determined to lose nothing of his well earned reputation. Price of the Book $3 a year. For sale by Mr. ERB, 25 cents a number.

CHOLERA.—AN IMPORTANT FACT.—They have arrested the cholera in Louisville Ky., by the use of the shovel and chloride of lime. Our borough authorities should prevent its coming here by a liberal use of the same articles. We have no reason to expect an exemption from it except by the vigorous commencement of the proper sanitary measures.

GRAND PARADE.—Maj. Gen. Willis Foulk, orders a grand parade of the Volunteers of this county to take place in Carlisle, on the 2d of July, who will at the same time elect a Major General of the Division. Gen Foulk declines a re-election to that post.

SHERIFFALTY.—Maj. Joseph A. Ege, of Shippensburg presents himself to-day in the ranks of the candidates for the Sheriff's Office.

THOMSON'S Compound Syrup of Tar and Wood Naphtha—This excellent medicine has fully established its reputation throughout the country a most certain cure in consumption, obstinate coughs Spitting Blood, Bronchitis, Hoarseness, Loss of Voice Pain in the Breast, in short, all diseases of the Throat and Lungs. Numerous individuals of the first respectability certify to its beneficial effects when nothing else would relieve.

COMILEXION.—Wright's Indian Vegetable Pills are the best cosmetic in the world; because they cleanse and purify the body of those morbid humors which, if lodged in the cuticle, are the cause not only of yellow and swarthy complexion and roughness of the skin, but all kinds of eruptive diseases. Wright's Indian Vegetable Pills also aid and improve digestion, as well as cleanse and purify the blood, and, therefore, give health and vigor to the whole frame, which in turn, will be sure to give a clear and healthy complexion.

☞ Beware of counterfeits! Purchase from the agents only, one or more of whom will be found in each village and town in the United States.

☞ Beware of counterfeits and imitations. Remember that the original and only genuine Indian Vegetable Pills have the written signature of WILLIAM WRIGHT on the top label of each box.

The genuine is for sale by CHARLES OGILBY, sole agent for Carlisle, and general agent for Cumberland county, by whom country dealers will be supplied at the Philadelphia prices.

Contagious and Epidemic Diseases.—Water must be adapted to the nature of the fish, or there will be no propagation of the species. The soil must be adapted to the seed, or there will be no increase. The climate must have those matters in it which will unite and keep alive epidemical or contagious poisons, or they will become extinguished, like a lamp that is unsupplied with oil. So it is likewise with the Human Frame: it cannot be materially affected by epidemical or contagious maladies, unless there be those matters floating in the circulation which offer the appropriate soil. By purifying our bodies with the HARMONIST PILLS, which have ansilty, with those impurities upon which contagion feeds, we may always feel secure whatever disease may rage around us. True, we may have it, but it will soon be over, our sickness will be the affair of a day or two, while those who have been too wise to use this simple and excellent remedy, either die, or have weeks, perhaps months of sickness.

City Markets.

PHILA., May 22, 1849.

The Flour market is more active since the decline, and about 1400 bbls standard Penn'a brands, all that could be had, sold at $4.50, and 700 bbls extra Western at $4.75, the market closing firmer. Rye Flour is steady, with small sales at $3.87½. Corn Meal—Either sales of Penn'a are reported at $2.75. Wheat, with light receipts, is dull, and holders are storing; 102a102½c were the last sales of Penn'a reds. Rye remains stationary at 56 for Penn'a.—Corn is in good demand and scarce, and about 4000 bushels sold at 70c for flat and 60c for round yellow, which is an advance. Oats no change.

THE SYMPTOMS OF WORMS

Are the tongue often white and loaded; the breath heavy and foetid; a disagreeable or sweetish taste in the mouth; occasionally thirst; the appetite extremely variable, sometimes remarkably deficient, and at others voracious. There is sometimes a sickish feeling with vomiting of mucous; flatulence of the stomach and intestines; pain in the abdomen; swelling and hardness of the abdomen; the bowels are irregular; the stools are slimy; and there is an occasional appearance of worms in the evacuations; the urine is often milky and turbid; there is frequently itchiness of the fundament and nose, which is often swollen, there is occasionally disturbed sleep, with grinding of the teeth, and sudden awaking in a fright. There are, at times, headache or giddiness, ringing in the ears, or even deafness, faintness, convulsions, drowsiness, indolence of manner, ill temper. In some cases epilepsy and cholera; and even apoplectic and paralytic symptoms, and several of the signs of dropsy of the brain and catalepsy appear connected with worms. Frequently there is a short dry cough, and pleuritic pains; sometimes feeble and irregular pulse, palpitations and an irregular fever: the countenance is generally pallid or sallow, and somewhat bloated, and there is occasional flushing of one or both cheeks. Any one of these signs is indicative of Worms; and the most effectual best and cheapest remedy is

DR. JOHN J. MYERS' WORM TEA, prepared by Dr. J W RAWLINS, at his Wholesale and Retail Drug Store, Carlisle, Pa., and none genuine without his written signature.

THE NIAGARA SHOWER BATH.

An entirely new Article for Shower-Bathing, with warm or cold Water.

☞ THIS Bath took the premium at the Fair of the Franklin Institute, Philadelphia, October 1848, the only Bath that ever took a premium at that institute and also took the first premium at the Fair of the Maryland Institute, November 1848.

A great and important improvement is made in this Shower-bath over all others, by throwing the water immediately on the body, without wetting the head, unless at the will or pleasure of the bather; but a greater point is gained by being enabled to bathe with warm water, which no other Shower-Bath is adapted to—and most of all the Bath can be medicated without injury to the hair.

Many persons cannot take a cold bath—their case is met in this as they can regulate the temperature of the water to suit their wish, and commence bathing at any season of the year without any unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are simple and complete, and not liable to get out of order. The Bath can be adjusted to suit any height, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearance is that of a neat piece of furniture.

They have received the approbation of several medical gentlemen—others are requested to call and examine them. Manufactured by the Patentee. EPHRAIM LARRABEE,

24 South Calvert street, Baltimore.

BATHING.—Read what Armstrong says:

Do not omit, ye who would health secure,
The daily fresh ablution, that shall clear
The sluices of the skin; enough to keep
The body sacred from undecent soil.
Still to be pure, even if it did not conduce
As much (as it does) to health, very greatly worth
Your daily pains; 'tis this adorns the rich;
The want of this is poverty's worst foe,
With this external virtue, age maintains
A decent grace: without it, youth and charms
Are loathsome.
