DAGUERREOTYPES!

JACOB BATES respectfully announces to the citizens of Carlisle that he has taken rooms in the house of Mr. Gutshall, on South Hanover street, nearly opposite the public house of Mr. Scott, for the purpose of delineating the human face divine by means of the new and beautiful art of the Daguerreotype. Having a thorough scientific and practical knowledge of this truly wonderful discovery, he feels confident of producing a style of pictures superior to any ever before offered in this place. These truly beautiful mementos of relatives and friends can now be obtained at an expense so trifling as to place them within the reach of all. He has just received from New York and Philadelphia a large stock of the very best Daguerreotype materials, purchased at reduced prices, and is therefore enabled to offer to the public, life like, expressive and lasting likenesses at exceedingly low prices.

☞ An opportunity is now offered, such as may never again occur in this place, of obtaining likenesses of parents, children, or other dear friends, executed by nature's own pencil, and at once elegant and exact.

Pictures also taken for rings, breast pins, medallions, &c., equally perfect as those of a larger size.

Instructions given in the art on moderate terms. All are invited to call, examine specimens, test our artistical skill, and see the Daguerreotype of Jenny Lind!
