DR. COGGSWELL'S
NEW MEDICAL SALT,

READ THE FOLLOWING CERTIFICATES TO THE efficacy of this medicine in inflammatory diseases.

"For the last twelve years I have been more or less troubled with Inflammatory Rheumatism, commencing early in the spring, and lasting until cold weather set in, when I would be relieved for a while, only to be attacked again in the Spring. All my joints would swell and be very sore, attended with the most acute pain. My feet, shoulders, arms, and hands troubled me most, so much so that I could scarcely walk, and almost always required assistance in dressing. During this time I would try everything I could hear of, in the hope of finding a cure. I also tried several physicians, but nothing seemed to help me the least in the world. About two and a half years ago I was attacked as usual, and as usual tried everything to get rid of it, but to no purpose. I kept growing worse, and finally had to give up and stay in the house where I was confined about four weeks. This time my feet swelled, and were so sore that I could not stand on them or get on my boots, and my hands swelled to twice their usual size. In fact, I was to all appearances and belief, totally used up. About this time my parents, who reside in Maine, sent for me to come home. I went, and after my arrival commenced trying another remedy, hoping to be cured, but resulting the same as all others. For weeks I had not been able to dress myself or raise my hand to my head, and suffering the most excruciating pain all the time. One day my father came in with a paper in which was advertised Dr. Coggswell's Medical Salt, for Inflammatory Diseases only, and wanted me to read and see what I thought of it I read and laughed at it, pronounced it a humbug, and told him that I had been humbugged enough. He kept urging me, and at last said I could but try it, and if I would write to Dr. C., giving him a description of my disease, he would pay the expense. Of course I could not refuse such an offer and sent for one box. It came in due season, but my faith was not increased, and I laughed at the idea of so small a dose doing me any good, and told my wife that I believed Dr. C. and his Salt both humbugs. However, I commenced using it and the result was perfectly astonishing. I could hardly realize it myself. I slept soundly all night, which I had not done for a long time, and when I awoke in the morning, strange as it may seem, I was entirely free from pain. I had then taken but one dose, and bathed freely before going to bed. That morning I felt so well that I hardly knew how to contain myself, and went down stairs and told the folks how well I felt, and from that day to this I have not suffered one moment's pain or had an attack of my once dreaded enemy, Rheumatism. I am perfectly well and hearty, and wherever I have a chance I recommend it A friend of mine, residing in Brooklyn is now trying it for a bad case of neuralgic rheumatism, and so far it is working admirably. This is a long story, but I have told all the facts, which I can bring witnesses to substantiate if necessary; and will again say that in the MEDICAL SALT, a sure cure may be found for all inflammatory diseases, and would urge all who are afflicted to give it a trial.

GEO. H. DUNCAN,
No. 117 Wall Street, New York.

When it is remembered that the MEDICAL SALT is as efficacious in all other Inflammatory diseases as in Rheumatism, (see descriptive circulars) it will at once be seen that it is a most valuable remedy. Surely those thus afflicted will find in their own condition and in the above statements, enough to induce them to give the MEDICAL SALT a taial.

Price, One Dollar. Chronic Package, $2 50.

Manufacturers of

WHITE LEAD, ZINC PAINTS AND COLORS, OILS, VARNISHES, ETC.,

Importers of English, French and German Artists' Materials, fine colors in oil and water, Winsor & Newton's tube and cake colors, Brushes Mathematical and Draughtsmen's Instruments, Drawing and Tracing Papers, Stereoscopes, Stereoscopic Views, &c.

The particular attention of Painters, Dealers and others, is called to the new patent method of putting up Lead and Zinc Paints in metalic Cans, of which Masury & Whiton are the sole proprietors.

These Cans are intended by the Inventor to obviate the difficulty heretofore existing in putting up of Lead and Zinc in small kegs. All consumers of paint are aware that the loss on Lead and Zinc put up in small wooden packages, is from five to ten per cent., and in many cases much more, owing to the absorption of the oil, and the consequent hardening of the paint against the wood—to say nothing of the additional labor required to mix paint ready for use, after it has become hard in the keg. The loss of the keg, too, is a consideration which should not be lost sight of. The patent CAN not only obviates these difficulties, but in addition thereto furnishes the consumer with a strong and convenient paint pot, out of which to use the paint, which is alone worth more than the difference of cost between the cans and kegs.

The Cans are packed in saw dust, in strong cases or boxes, which contain 200 lbs each, that is 8 25 lb. Cans, or 4 50 lb. Cans, and they may be safely shipped by rail road or otherwise to any part of the United States.

Circulars, containing cuts with full description, sent by mail on application. [June 1, 1859.—3m.

The subscriber is also agent for the sale of the Syracuse First Premium Buckeye Mower, with which a successful Reaping attachment is now furnished.

AULTMAN & MILLER'S PATENT.

We take pleasure in calling the attention of farmers to our Buckeye Mower and Reaper, which has in its triumphant practical working during the last harvest so fully sustained the decision of the much abused Syracuse Committee. Its success has been complete.—Over one thousand have been built and sold, and the principal of the double hinge, jointed and folding bar, which belongs to this machine exclusively, permanently established as the true one for the perfect Mowers, we with confidence refer to any or all of the purchasers of the Buckeye for the proof of the above, from many of whom have been received the most flattering testimonials. The demand the past season was far beyond our ability to supply, and we trust that orders will be forwarded early the coming season, that none may be disappointed. To those requiring a combined machine we recommend with confidence our Reaping attachment: we furnish a rear or side delivery.

PRATT'S PATENT

HAY AND GRAIN RAKE.

This Rake has taken the First Premiums at Nine different exhibitions. The public are already aware that this Rake is unrivalled in any market, and is admitted by every person that has seen it work, (and who has seen other different machines work,) to be the very best rake now in use. It being an independent cast steel tooth with a cleaner attached. The large number sold the last year, and the efforts of different parties to claim the right to sell, and others representing theirs to be the same patent is of itself a most convincing proof of its superiority. We guarantee to every purchaser an indisputable right to sell the said rake. The following are a few persons to whom we refer in this county and York, as having purchased and used the same:
