WIRE RAILING.
SECURED BY LETTERS PATENT.
PUBLIC ATTENTION is solicited to an entire new article of RAILING, made of wrought iron bars and soft annealed rods, or wire, and expressly designed for enclosing Cottages, Cemeteries, Balconies, Public Grounds, &c., at prices varying from 50 cents to $2.00 the running foot. It is made in pannels of various lengths, 2½ to 4 feet high, with wrought iron posts 1½ inch square, at intervening distances of 6 to 10 feet. If desired, the pannels can be made of any height, in continuous spans for posts.
The comparative lightness, great strength and durability of the WIRE RAILING, the beauty of its varied ornamental designs, together with the extremely low prices at which it is sold, are causing it to supersede the Cast Iron Railing, wherever their comparative merits have been tested.
