EXTENSION

Of the Baltimore and Ohio Rail Road.

To Contractors for Grading and Masonry.

PROPOSALS are invited for the Grading and Masonry of about 21 miles more of this road, beginning at a point some 64 miles west of Cumberland, and ending at point about 10 miles west of Cheat River, embracing all the sections from No. 64 to No. 85, both inclusive. The Graduation on nearly all of these sections will be heavy, and will include one Tunnel of considerable length and three short ones. There will also be two Viaducts of medium size.

Specifications and plans of the work will be ready for distribution to proposers by the 10th of June next, at the Company's office in Cumberland. The proposals will be addressed to the undersigned, and will be received up to Saturday, July 7th, inclusive, at the same place. Proposers are earnestly requested to examine the ground before bidding, and to avail themselves of the ample means of information of the value of the work, which will be furnished them, as contractors from a thorough acquaintance to more difficult excavations than those to be met with on this line, will otherwise be likely to make their estimates too high. The best testimonials will be required, and no proposals from persons of no work will be necessary. The payments will be cash, with the usual reservation of one-fifth till the completion of the contract. By order of the President and Directors.

Rosedale Gardens.

This subscriber, having leased those beautiful Gardens known as the ROSEDALE GARDENS, takes pleasure in informing the citizens of Pittsburgh and Allegheny that they are now open for visiters; the Buildings having been entirely refitted, and the Grounds laid out in new and desirable pleasant plans. Visiters furnished with ICE CREAM, STRAWBERRIES and CREAM, and all the delicacies and refreshments in season.

The steamer ARCHY MASON will make regular trips every hour in the day, during the summer season, from the Allegheny Wharf, to Rosedale.

For Greenwood Gardens.

NEW ARRANGEMENT.—The steamer THOS. SCOTT will commence leaving the Wharf, May 7th, to run as a packet from the old Greenwood Landing, foot of Pitt street, to the Garden, leaving at 8 o'clock A. M., and at each even hour from 9 o'clock P. M. to 1 o'clock P. M.; last trip from the Garden at 10 P. M.

The Saloons are supplied with all the delicacies of the season. The Ice Cream, prepared and served in a style not to be surpassed in this city, will be found the most delicious and healthy refreshment, and consequently destroys life in a few hours—as soon as it has affected the stomach, the animal becomes neutralized, and will effect nothing therefore; in fact there can be no danger in its use, under any circumstances. This is no humbug. We will warrant it to kill houses of all the Rats, Mice, Roaches, &c., that in-fest the house. Should it not do as we say, the money will be refunded.

Death to the Rats.

IT is a notorious fact that of all evils, none are held in such abhorrence as those of Rats, Mice, Roaches and Bed-Bugs, and to have them exterminated, is the wish and desire of all. A preparation has been discovered by which those who visit, may become rid of the evil, which is less more or less every house in this city.

The preparation has now been in use in Germany about seven years, (and in the United States for the last five) and by every one who has given it a trial, been pronounced the best remedy they have ever made use of for exterminating Rats, Mice, Bed-Bugs, Roaches, &c.

The articles composing this composition are in themselves very innocent, and contain not a particle of poison, but when combined, creates a gas which explodes in the stomach, and consequently destroys life in a few hours—as soon as it has affected the stomach, the animal becomes neutralized, and will effect nothing therefore; in fact there can be no danger in its use, under any circumstances. This is no humbug. We will warrant it to kill houses of all the Rats, Mice, Roaches, &c., that infest the house. Should it not do as we say, the money will be refunded.
