MAGNIFICENT CATTLE.—We had the pleasure yesterday of looking at the finest lot of cattle we ever saw, in the yard of Mr. Jacob Thudium. Mr. Thudium and Mr. Minich have collected together over two car loads of cattle of the very finest quality that were ever fed in this county. One lot of six, fed by Mr. J. W. Leidich of Silver spring Township, averaged the enormous weight of over twenty one hundred pounds per head; the largest weighing nearly twenty-five hundred. Mr. Leidich certainly deserves credit for being the very best feeder in the county. The balance were purchased from Judge Watts, John Landsey and others. The whole lot taken together, average over seventeen hundred pounds per head.

Never in the history of cattle feeding in this county were so fine a lot of cattle collected together as has been done in this instance by Mr. Thudium of this place, and Mr. Minich of Perry county. Mr. Leidich lives in Silver Spring, but, his stable, in which these cattle were fed, we are informed, is on the other side of the road, in Monroe township, and consequently to the latter township belongs the credit of having turned them out.

EXTENSIVE ART-GALLERY.—Next to the Bible, no book is more useful than Webster's Dictionary. The Unabridged is *an extensive art-gallery*, containing over three thousand engravings, representing almost every animal, insect, reptile, implement, plants, etc., which we know anything about. It is a vast library, giving information on almost every mentionable subject. It indeed has been well remarked that it is the most remarkable *compendium of human knowledge* in our language.—*Household Advocate.*

THE NEW REGISTRY LAW.—The following sections of the New Registry Law relate to the duties of Assessors and of the Court in reference to the enrolmnet of voters, also prescribing the penalties for fraudulent voting and the punishment of election officers for neglect of their duty.

Let the law be properly enforced and fraudulent voting will be a thing of the past never to be revived in our good old Commonwealth:

SECTION 1—Prescribes the duties of Assessors, who in June are to take charge of the transcript of voters furnished by the commissioners and correct the same, by striking therefrom all who have died or removed and adding the names of new voters. The Assessor then makes out an alphabetical copy of the corrected list, showing the name, residence and occupation of each voter—marking those who vote on age, naturalization, &c.

Sec. 2—The corrected list being returned to the Commissioners, they are to cause duplicates thereof to be made out, and given to the Assessor, who shall, prior to August 1, post one on the door of the house where the election is to be held, retaining the other for the inspection of citizens, and for further corrections and additions.

Sec. 3—The assessments being completed up to the tenth day preceding the October election, on the following Monday the Assessor makes a return of the revised list to the Commissioners, who hand the same to the election officers on or before six o'clock on the morning of the election.

Sec. 4—The proof requisite to enable persons to vote, whose names have been accidentally omitted, is prescribed, being carefully guarded to prevent double voting, voting on assumed names, false residence, &c.

Sec. 5—Challenges of voters are to be permitted as heretofore, whether the name be on the Registry or not, and penalties are prescribed for fraudulent voting and fraudulent reception of votes by election officers.

Sec. 6—Election officers refusing to require proof in cases of challenged votes to be liable to prosecution, with a fine not exceeding $100 and imprisonment not exceeding one year.

Sec. 7 and 8—Provision is made for a revision and correction of the lists for Presidential elections, and Special elections.

Sec. 9 and 10—Have reference to the duties and compensation of Assessors.

Sec. 11—When five or more citizens apply by petition, under oath, to the Court of Common Pleas, representing that they believe frauds will be practiced in an election district, the Court are to appoint two sober, intelligent citizens to act as overseers at said election, to be selected from different political parties where the inspectors belong to different parties; but when both the inspectors are of the same party, both overseers are to be taken from the opposite party. These overseers are to have the right to be present during the whole of the election and the counting of the ballots, to challenge voters, and if the election officers permit them to be intimidated or driven away, all the votes polled at such district may be rejected.

Sec. 12—The issue or use of fraudulent naturalization papers is to be punished by fine not exceeding $1,000, and imprisonment not exceeding three years in the penitentiary.

Sec. 13—Persons making false oaths to procure the issue of naturalization papers to be guilty of perjury, and certificates thus procured are to be recalled and cancelled.

Sec. 14—Assessors neglected their duties, as also the fraudulent altering of lists of voters, to be punisded by fine and imprisonment.

Sec. 15—Spring elections are abolished, and all city, ward, borough, and township elections to be held on the second Tuesday in October.

Sec. 16—Polls to be opened between 6 and 7 A. M., and closed at 7 P. M.

Sec. 17—The Secretary of the Commonwealth to furnish blank forms to County Commissioners, and the latter to election officers.

Sec 18—Philadelphia having a special act only sections 12 and 13 of this act to that city.

Sec. 19—Citizens of the State temporarily in the service of the State or United States government, who do not vote where thus employed, are not to be deprived of the right to vote in their several election districts, if otherwise qualified.

Sec. 20—The provisions of former election laws inconsistent herewith are repealed.
