Miscellaneous.

Tin Roofing.

THE subscribers most respectfully announce to their fellow-citizens that they have perfected their arrangement to carry on the business of Tin Roofing on an extensive scale.

Its now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with tin plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenberger and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt: in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the seaboard during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure. JOHN DUNLAP & CO.

Pittsburgh, March 9, '49. J. B. DUNLEVY, Gold Beater.

PITTSBURGH, March 7, 1849.

MR. EAKINS—*Dear Sir*: Having examined the "Aerometer," manufactured at your rooms, I feel no hesitate to commend it to the use of those gentlemen who are contemplating a visit to California, in search of Gold.

It gives a clear approximation to the specific gravity of metals, and will *certainly* enable the adventurer to determine when his placer is yielding Gold.

Yours, respy, J. R. McCLINTOCK.

Head Quarters for Boots and Shoes, CORNER FOURTH AND SMITHFIELD STREETS, PITTSBURGH, PA.

TROTH & SCOTT respectfully announce to the general BOOT and SHOE business, that they are now offering for sale at the Warehouse of the subscribers, 8 Secretaries and Book Cases; 20 marble top Wash Stands; 4 pair Parlor Tables; 8 pair Fancy Work Stands.

A very large assortment of common Chairs and other Furniture too numerous to mention.

☞ Steam Boats furnished on the shortest notice, and on the most reasonable terms. feb6

Gold Washers.

H. PARRY has invented a machine for washing Gold, for which he has made application for a patent. They are now offered for sale at the Warehouse of PARRY, SCOTT & Co., No. 103 Wood st., Pittsburgh. Adventurers to California are invited to call and examine the operation of these labor-saving machines. They are simple in their construction, easily transported on the back of a mule, or in horses, weighing eighty pounds each, and can be put in operation in half an hour. They can be filled with provisions. It is the opinion of those who have had the trial of one of these machines of smallest size, that two men will wash from 100 pounds of gold dust, sand or earth in a day, without the loss of a particle of this material. They can be increased in size and worked by water or mule power, if expedient. The operation of work without going into the water or being exposed to the cold, and consequently without endangering their health. They will require but a small stream of water, and can be used the whole season, and can be put in operation where there is not sufficient water to wash in the usual way.

Price of small size $35. Orders from abroad, accompanied by cash, will be promptly filled.

H. PARRY, at Parry, Scott & Co.'s, No. 103 Wood st., Pittsburgh.

"Dear Sir—The wonderful effects of Jones' Coral Hair Restorative has been decidedly demonstrated on the features of several respectable citizens of the town, who, on without fear. One instance, which has attracted particular attention, is the case of a gentleman who had little or no hair for several years; he had tried numerous preparations in vain, and ultimately had his head shaved and to use a wig. At my recommendation, he tried the Restorative, and after using it, according to the direction, for a short time, the young hair appeared, and he has now as fine a head of hair as any person in Baltimore.

JOHN KILVINGTON."

It causes eyebrows to grow, prevents the hair from falling off, and in all cases the first application causes it to curl beautifully, frees it from scurf, and stops it from falling off.
