Weekly Review of the Markets.

OFFICE OF THE POST,
FRIDAY MORNING, *August* 17, 1849.

We have no change to make either as respects trade or prices since our last weekly report. There has not been the slightest alteration. There is not the least activity or animation in the market, and not much need be expected before the fall trade sets in. The rivers continue low and freights have accumulated, and now waiting for a rise for shipment.

MONEY MARKETS.--The dullness of business keeps money matters *statu quo*. Scrip rather tends downward, but there are no operations in it to any extent. The rates of Exchange on *time bills* on the West still continue high. Along the rivers they are as follows: Steubenville, Wheeling, Parkersburgh, St. Louis, Nashville and New Orleans, 2 per cent; Cincinnati and Louisville 1½ per cent.; in the interior of Ohio and Indiana, 3 per cent. Eastern funds are abundant, and can be had on all the Atlantic cities at a half per cent. premium.

ENGLISH AND CLASSICAL ACADEMY.

(Rooms in the 3rd Presbyterian Church.)

THIS INSTITUTION IS DESIGNED TO BE PERMANENT.

THIS ACADEMY will be re-opened for the reception of Students on

First Monday, the 3d Day of September.

The course of Study will embrace the common branches of an English Education, and the higher departments of the English Sciences; with the Latin, Greek, French and German Languages.

Pupils can be thoroughly prepared to enter College intelligently and unembarrassed. The course of study is the same as pursued in the United States, and entirely practical.

The government of the Institution will be mild, yet decided. Every effort will always be sustained by reason and affection; and to secure a proper regard to the general government of the School, our process is, first, to endeavor to convince the pupil that what we require is reasonable; next, that it secures his own personal interests, as well as the good of the whole. Punishments for misdemeanors when absolutely necessary, are of such a nature, as to affect rather the mind than the body; not as punishment to the offender, but as a prevention to the recurrence of similar offences. Having found this mode of government preferable, it will be adopted in future with unremitting vigilance. Special attention will be paid to the Physical, the Intellectual, and the Moral training of the inmates of this School.

The Principal is happy to be able to announce to the public, that he has secured the valuable services of Mr. H. E. Weber, a graduate of Princeton, N. J. and Mr. J. Brown, a graduate of Lafayette College, Easton, Pa., gentlemen of the highest literary and scientific attainments.

It is very desirable that Students should enter the School at the commencement of the Session, in order that the classes may be systematically and harmoniously organized.

No deduction will be made for absence, except in cases of protracted sickness.

Writing books, pens, ink and all other stationary, will be furnished at 37½ cents per session.

L. CATON, Principal.
