MEDICAL.

DRS. D. FAHRNEY & SONS'

celebrated preparation for

CLEANSING THE BLOOD.

The long and favorably known preparation of Drs. D. Fahrney & Son for cleansing the blood, needs at this day no recommendation at our hands, its virtues having been established by the thousands of cases where it has given relief in the

Most Difficult Forms of Chronic Diseases

during the last sixty years. So highly indeed is it esteemed, that the demand is constantly increasing, not only at home, but we are daily receiving applications for it from the most remote sections of the country—North, East, South, and West. To meet this demand, as well as to prevent the public from being imposed upon, we have determined to put this

PREPARATION

in such a form that it may be within reach of everybody everywhere.

Other preparations, the inferior to the genuine, having been put up by certain parties, have been mistaken by some for our own, and as a matter of course the old Preparation of D. Fahrney & Son has been made to suffer some in reputation; therefore to prevent this mistake, as well as to meet the increasing demand mentioned above, we have concluded to send the medicine out in

LIQUID FORM.

We will also at the same time put out the original in package form for the benefit of some of our old customers and others who may yet prefer the medicine as that prepared. Not recommending it to cure all diseases the human body is heir to, but as a family medicine, and for all diseases originating from impure blood and disordered liver, it has no equal, and will cure the following diseases:

Scrofula, cutaneous diseases, erysipelas, boils, sore eyes, scald head, pimples on the face, tetter affections, old and stubborn ulcers, rheumatic affections, dyspepsia, costiveness, sick headache, jaundice, salt rheum, general debility, mercurial diseases, foul stomach, together with all other disorders arising from impure blood, and disordered liver, &c., &c., prepared by Drs. D. Fahrney & Son, Boonsboro', Maryland, and Dr. P. Fahrney, Keedysville, Md. Sold by all druggists and merchants generally. None genuine unless signed D. Fahrney & Son. Sold by W. F. Horn, druggist, Carlisle; S. S. Huber, druggist, Newville; James A. Clark, Loss Cross Roads; John C. Attick, druggist, Shippensburg. 31mh70

The GOODYEAR DENTAL VULCANITE COMPANY, through their agent, H. F. Conklin, hereby cautions the public from employing any dentist, or other person, to make or sell artificial teeth on plates of

VULCANIZED OR HARD RUBBER,

All persons wearing artificial teeth on Vulcanized Rubber, made by persons who are not licensees of this company, are equally responsible with the parties making them, and will be prosecuted for infringements of our patents.

DENTAL NOTICE.—I have taken notice of a card in our Carlisle papers, cautioning the public from employing any dentist to make or sell artificial teeth, on plates of hard rubber, who is not licensed by the company, &c. I take this method to inform my friends, and the public generally, that I have made arrangements with Josiah Bacon, treasurer of the Goodyear Dental Vulcanite Company, and have taken out license up to January 1, 1871. I am, therefore, legally authorized to make artificial teeth on hard rubber, in all shapes, and forms. I invite my friends, and the public in general, to give me a call, where they can have teeth made on Rubber plate, as cheap as ever. WILCOX & GIBBS'

SEWING MACHINE.

We have secured the Agency of the Wilcox & Gibbs' Sewing Machine, a little family arrangement no one seems willing to do without after having seen one in operation. The Wilcox & Gibbs' is a Single Thread Machine and claims superiority over all Double Thread Machines in the following particulars. It is simpler and less liable to get out of repair. It is cheaper. It runs with less noise. It runs easier, it runs faster. It has the best device for preventing the wheel from running backward. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. It is the most certain and reliable in its operations. Its needle is straight and less liable to be broken than a curved one. The needle is secured in its place by an ingeniously patented device which renders it self adjusting so that neither skill nor experience are required in arranging it. It sews directly from the spool thus doing away with the tedious operation of rewinding the thread for adjustment in the shuttle. It makes the Wilcox & Gibbs or "twisted loop stitch," a stitch original with this machine and made by no other, the resin is more elastic and stronger than the Lock Stitch. The seam is the same: even and beautiful, the seam is always self-fastened thus avoiding a reversible feed. Its tension is more simple and more easily adjusted. It is more speedily changed from one kind of work to another, it does beautiful embroidery, it has the best hemmer, it has the best filler, it has the best braider, it has the best belt. The Wilcox & Gibbs has been in the market for a little more eight years, during which time upwards of sixty thousand have been made and sold, a number by fifty per cent larger than were sold of any Double Thread Machine in the same number of its earliest years, such success is sufficient to warrant the sale of this Machine wherever it has an Agency without the doubling evidence of testimonials, of which there are enough to fill up the columns in the land. These Machines are on exhibition at our store, No. 26, North Hanover street, Carlisle, where they may be examined, and they will take great pleasure in explaining anything relating to it.

Respectfully &c., MILLER & BOWERS, 22jan69 No. 26, North Hanover St., Carlisle, Pa.
