[CONTINUED FROM FIRST PAGE.]

subject June 26, 1865, says his relatives had declared themselves ready, in presence of the prison warden, to pay the expenses of his voyage to America. The warden joins in the recommendation of both minister and police inspector for pardon upon the conditions named, &c.

Upon which the court observes:

"Paul Schœppe, a youth of immense levity and an illimitable desire for amusement, abused the confidence placed in him by Count Blankensee in the most criminal manner, by stealing from his moneys and papers of the value of about 90,000 thalers. He had the impudence to pronounce the accusations against the wife of his principal, the Countess Blankensee, aged 63 years, viz: That the same had given him the money for shown favors. He has betrayed himself by his escape, shrewdly planned, from the royal palace as a most dangerous criminal. The discovery of the theft was rendered more difficult by his falsifying in the most wicked manner, the lists (numbers) of the stolen papers (bonds). To this, in itself a most wicked theft, comes the forgery of a document. The uncommon degree of education and the shrewdness of Paul Schœppe render him a peculiarly dangerous criminal. His punishment was correctly meted out. Only his good conduct in the penitentiary is offered as a mitigating circumstance, but in consideration of the aggravated circumstances, we cannot preface (recommend) the remission of the balance of his sentence, &c.

VON MUHLER,
DR. EBERLY."

SCHŒPPE LEAVES FOR AMERICA.

Directory of the New Royal Penitentiary (cell-prison), Postoffice Hamburg, Railroad Station, Berlin, June 24, 1868.

I hereby notify the Royal City Court, &c., that the prisoner, John Frederick Theophilus Paul Schœppe, after finishing his term, was this day dismissed provided with traveling directions for America.

THE DIRECTOR (Warden).
DEPUTY (Signed) ANTON.

[This description is authenticated by the official seal of the American legation at Berlin, and is said to correspond in every particular with the person of Paul Schœppe, at Carlisle, with the exception that his figure is not considered "lank" in the American sense, and besides his figure has probably grown stouter since the date of the description, in 1862. An attempt was made to convey the impression that it was another Paul Schœppe and father who were convicted in Berlin, but that absurd report, apart from the accuracy of the description, is exploded by attendant circumstances. Besides, the Carlisle Schœppe, it is stated, has been positively identified by several respectable gentlemen of Baltimore and other places, who saw him in Prussia.

PAUL SCHŒPPE NOT A DOCTOR.

The American minister at Berlin, Mr. Bancroft, in a note accompanying the above documents, writes:

"If Paul Schœppe presents papers from Berlin representing him as a duly qualified physician, or even a student of medicine, the papers are undoubtedly forgeries."

PERSONAL DESCRIPTION OF PAUL SCHŒPPE.

Upon the escape of Paul Schœppe from criminal custody on the fifteenth of March, 1862, a warrant of caption or bench warrant, was issued for his arrest, which took place on the thirtieth, containing the following official personal description:

John Frederick Theophilus Paul Schœppe is twenty-two years old, born at Baudach, near Crossen, on the twenty-ninth of February, 1840, of the Evangelical confession, 5 feet 7 inches 7 lines in height, has dark auburn hair, cut at middling length, vivid eyes, dark auburn beard, nascent, broad chin, somewhat large nose, large mouth, rather full, oval face, healthy, florid complexion, perfect front teeth, the middle incisor broke off a little; grinders somewhat defective, lank figure, somewhat broad-shouldered, and has a little scar on the right eyebrow; over the left eyebrow a small scar, and both on the left and right cheeks a lentil-sized wart." [Here follows a description of clothing.]

BAACKE.

SCHŒPPE'S CAREER IN AMERICA.

The older Schœppe, after serving out his sentence in the penitentiary, came to this country and settled at Carlisle, Pa., as pastor of the Lutheran church, in that place. His son, Paul Schœppe, after serving out his five and a half years' sentence in the penitentiary, was permitted to escape the five years' surveillance of the police (being a part of his sentence), to depart for America. He also settled at Carlisle, in 1868, and falsely assumed the profession of a physician. On the twenty-eighth of January, 1869, Miss Maria Stinnecke, his female patient, aged seventy years, suddenly died under his medical treatment. Schœppe was tried in the court at Carlisle, and on the thirtieth of May, 1869, convicted of the murder of Miss Stinnecke by poison, and sentenced to be executed on a day fixed by the Governor.

In the meantime, the case was taken up to the Supreme Court of Pennsylvania, and after many delays, the final judgment of the court was rendered in June last, affirming the judgment of the court at Carlisle. In the meantime, the day fixed by the Governor for his execution had passed, and Schœppe is now in jail, subject to execution, whenever the Governor of Pennsylvania shall fix the day. No attempt has been made to prove the forged will of Miss Stinnecke, (as alleged), filed by Schœppe in the Orphans' Court of this city, devising him all her property. A genuine will, executed by Miss Maria Stinnecke, of a previous date, was admitted to probate in the Orphans' Court of this city a few hours before the filing of the paper purporting to be a later will, executed by Miss Stinnecke, in Schœppe's possession. Pastor Schœppe, after the conviction of his son, removed from Carlisle, it is said, to Montreal, Canada.

HISTORY OF THE MERCER POTATO.—In the year 1802 Mr. John Kilkey, of Mercer county, Pennsylvania, living on Neshanock creek, planted a quantity of blue, red, white, and other varieties of potatoes, from the product of which he selected the above named variety, which at first were called Neshanocks. They were soon after brought into notice by the name of Mercer, and cultivated near Philadelphia, and from thence it spread over the whole country, and for a long time more generally cultivated than any other variety, but of late years has been rather on the decline, and other new varieties have been introduced, but none of which has attained the celebrity of the Mercer. It may be a long time before any one variety will attain the prominence of the noble Mercer.

THE GREAT CAUSE OF HUMAN MISERY.

JUST PUBLISHED IN A SEALED ENVELOPE.

Price, Six Cents.

A lecture on the nature, treatment, and radical cure of Seminal Weakness, or Spermatorrhœa, induced by Self-Abuse, Involuntary Emissions, Impotency, Nervous Debility, and Impediments to Marriage generally; Consumption, Epilepsy and Fits; Mental and Physical Incapacity, &c., by Robert J. Culverwell, M. D., author of the "Green Book," &c.

The world renowned author, in this admirable lecture, clearly proves from his own experience that the awful consequences of self abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself, cheaply, privately, and radically. This lecture will prove a boon to thousands and thousands.

Sent under seal, in a plain envelope, to any address, on the receipt of six cents, or two postage stamps, by addressing the publishers.

Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the publishers,

MEDICAL.

DRS. D. FAHRNEY & SONS'

celebrated preparation for

CLEANSING THE BLOOD.

The long and favorably known preparation of Drs. D. Fahrney & Son for cleansing the blood, needs at this day no recommendation at our hands, its virtues having been established by the thousands of cases where it has given relief in the

Most Difficult Forms of Chronic Diseases

during the last sixty years. So highly indeed is it esteemed that the demand is constantly increasing, not only at home, but we are daily receiving applications for it from the most remote sections of the country—North, East, South, and West. To meet this demand, as well as to prevent the public from being imposed upon, we have determined to put this

PREPARATION

in such a form that it may be within reach of everybody everywhere.

Other preparations, far inferior to the genuine, having been put out by certain parties, have been mistaken by some for our own, and as a matter of course the old Preparation of D. Fahrney & Son has been made to suffer some in reputation; therefore to prevent this mistake, as well as to meet the increasing demand mentioned above, we have concluded to send the medicine out in

LIQUID FORM.

We will also at the same time put out the original in package form for the benefit of some of our old customers and others who may yet prefer the medicine as first prepared. Not recommending it to cure all diseases the human body is heir to, but as a family medicine, and for all diseases originating from impure blood and disordered liver, it has no equal; and will cure the following diseases:

Scrofula, cutaneous diseases, erysipelas, boils, sore eyes, scald head, pimples on the face, tetter affections, old and stubborn ulcers, rheumatic affections, dyspepsia, costiveness, sick headache, jaundice, salt rheum, general debility, mercurial diseases, foul stomach, together with all other disorders arising from impure blood, and disordered liver, &c., &c., prepared by Drs. D. Fahrney & Son, Boonsboro', Maryland, and Dr. P. Fahrney, Keedysville, Md. Sold by all druggists and merchants generally. None genuine unless signed D. Fahrney & Son. Sold by W. F. Horn, druggist, Carlisle; S. S. Huber, druggist, Newville; James A. Clark, Cross Roads; John C. Attick, druggist, Shippensburg.

WILCOX & GIBBS'

SEWING MACHINE

We have secured the Agency of the Wilcox & Gibbs' Sewing Machine, a little family arrangement no one seems willing to do without after having seen one in operation. The Wilcox & Gibbs' is a Single Thread Machine and claims superiority over all Double Thread Machines in the following particulars. It is simpler and less liable to get out of repair. It is cheaper. It runs with less noise. It runs easier. It runs faster. It has the best device for preventing the wheel from running backward. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. It is the most certain and reliable in its operations. Its needle is straight and less liable to be broken than a curved one. The needle is secured in its place by an ingeniously patented device which renders it self adjusting so that neither skill nor experience are required to arrange it. It sews directly from the spool thus doing away with the tedious operation of rewinding the thread for adjustment in the shuttle. It makes the Wilcox & Gibbs' or "twisted loop stitch," a stitch original with this machine and made by no other, the seam is more elastic and stronger than the lock Stich. The seam is the most even and beautiful, the seam is always self-fastened thus avoiding a reversible feed. Its tension is more simple and more easily adjusted. It is more speedily changed from one kind of work to another, it does beautiful embroidery, it has the best hemmer, it has the best filler, it has the best braider, it has the best belt. The Wilcox & Gibbs has been in the market for a little more eight years, during which time upwards of sixty thousand have been made and sold, a number by fifty per cent larger than were sold of any Double Thread Machine in the same number of its earliest years. Such success is sufficient to warrant the sale of this Machine wherever it has an Agency without the doubling evidence of testimonials, of which there are enough to fill up the columns in the land. These Machines are on exhibition at our store, No. 26, North Hanover street, Carlisle, where they may be examined, and they will take great pleasure in explaining anything relating to it.

Respectfully &c.,
