TIN ROOFING.—The undersigned respectfully announce to their fellow-citizens that they have perfected their arrangements to carry on the business of Tin Roofing on an extensive scale.

It is now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with this plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two super buildings on Ferry street, owned by John L. Schoenberger, and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the seaboard, during the last twenty years, and from enquiring of the subject, we have yet to learn of any one of their roofs having been worn out. The roofs covered with tin on our own city are open to the examination of all who may take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure. JOHN DUNLAP & CO.

PITTSBURGH, March 7, 1849.—

MR. CLAIR—*Dear Sir*: Having examined the "Accompanier," manufactured at your rooms, I do not hesitate to commend it to the use of those gentlemen who are about proceeding to California, in search of Gold.

It gives a close approximation to the specific gravity of metals, and will *certainly* enable the diviner to ascertain when his plate is yielding Gold.

Yours, resp'y, J. R. M'CLINTOCK.

CHINA, GLASS AND QUEENSWARE, SELLING OFF—CALL AND SECURE BARGAINS.—The undersigned being about to remove, to the corner of Fifth and Wood street, is desirous of closing out the greater part of his Stock of EXCELLENT CHINA, GLASS and QUEENSWARE, Girandoles, &c., at greatly reduced prices. He would call particular attention to his large and splendid assortment of CHINA, GLASS and QUEENSWARE, Girandoles, &c., that he intends to keep for the future. The superior claims of this Store consist in the comparative ease with which it may be worn. The pad of wood between the plate, yields to the wear of the knife, and not any part of it, and thoroughly adapts itself to any movement made by the wearer. It can be worn without any intermission, until a core is affected. The writings of many have made arrangements for the manufacture of these valuable Trusses, in a superior style, in Philadelphia, and have them now for sale at their office, No. 77 Smithfield street, near Sixth, Pittsburgh.
