THE EMPIRE MUTUAL.

UNEXAMPLED!

THE EMPIRE MUTUAL

LIFE INSURANCE COMPANY,

OF NEW YORK,

In the first Fifteen Months of its existence has issued

OVER FORTY-FIVE HUNDRED POLICIES!

INSURING OVER $8,000,000.00

and taking in Premiums $500,000.00, being the largest commencement business ever done by any company in the world!

THE REASON FOR IT.

Ordinary whole-life policies are absolutely non-forfeitable from payment of first annual premium.

Special insurance non-forfeitable after two annual payments.

All policies incontestable for usual causes, and absolutely incontestable after two annual premiums.

All restrictions upon travel and residence removed, and no permits required.

No accumulation of interest on Loans or Deferred Premiums, and no increase of annual payments on any class of policies.

One-third of the premium loaned to the party insured, if desired, and no Note required.

Dividends on the progressive plan, and also upon the guaranteed interest plan.

Business of the company conducted on the Mutual Plan.

Policy simple and fair in its provisions.

Incontestability of Policies.

It is the purpose of The Empire to fulfill all its contracts, the evidence of which is that its policy has no convenient refuges by means of which it can escape a just demand. Proven fraud on the part of the insured will always invalidate a policy. Also suicide, if committed previous to the payment of the second annual premium; or death caused by engaging in any specially hazardous business within the first two years. But after the expiration of two years, the policy will be held incontestable for all causes except fraud.

Non-Forfeiture of Life Policies.

No policy of insurance with continuous payments for life will be forfeited or become void by the non-payment of premiums thereon, until the full paying power of the premiums have been exhausted. The language of the policy is:

"That if any premium after the first annual premium shall have been paid, shall not be paid on the day when due, and the said assured shall, within thirty days thereafter, give notice in writing of inability to pay the same, and of a desire that said policy shall be continued in force under the following conditions. Then, and in such case this policy shall not be forfeited or become void by the non-payment of the said premium due thereon, until after the expiration of a period, to be determined as follows: The net value of this policy when the premium becomes due, shall be determined by actuarial calculation, and after deducting from such net value the loans upon said policy uncancelled, by dividends, and any indebtedness to the company, four-fifths of what remains shall be considered a net single premium of temporary insurance, and this policy shall be continued in force during the term for which it will insure, according to the age of the party at the time of the lapse of the premium."

Example of the Non-Forfeitable Plan of the "Empire."

Age of party insured, 35. Ordinary whole-life policy. One annual premium will continue the policy in force 2 years and 3 days.

Two annual premiums will continue the policy in force 4 years and 12 days.

Three annual premiums will continue the policy in force 6 years and 27 days.

Four annual premiums will continue the policy in force ... years and ... days.

Five annual premiums will continue the policy in force 10 years and 36 days.

etc., etc., etc., etc.

THE TESTIMONY OF THE PRESS.

The Empire is a popular institution, managed by reliable men on sound business principles, and is destined at a very early day to stand shoulder to shoulder with the oldest companies of its character in the country. Its officers and directors "mean business," and have organized with the view of establishing a model institution.—*N. Y. Independent, January 20, 1870.*

"This Company is a great success; the result of able, economical, and reliable management. The Empire has no superior in the country."—*Boston Post.*

"Having a policy in this Company, we feel a just pride in the great success it is achieving."—*Era.*

"An excellent company."—*Zion's Herald.*

"A very successful Company."—*Congregationalist.*

"It is with peculiar pleasure that we speak of this new candidate for public favor. We know many years since the President of the company. We know him to be a man of energy, of character, of superior business ability, and above all else, a successful man in whatever he undertakes. The truth is, the Company has adopted the best improvements of the day in its organization."—*New England Insurance Gazette.*

Certificate of Distinguished Gentlemen Relative to Mount Florence:

We are familiar with Mount Florence on the Hudson, and take pleasure in saying that it is a large and beautiful property, conveniently located as to the railroad and the City of New York; highly and substantially improved, and embellished to a degree rarely equalled in this country.

Mount Florence was improved by Mr. B. H. Craig, between 1858 and 1861, and with ten years of natural growth, added to the immense sums expended in improvement, its present value can hardly be over-estimated. The situation is extremely favorable for health and comfort, and the views of mountain, river, and inland scenery, from different parts of the grounds, are varied and beautiful at all seasons.

SIMILIA SIMILIBUS CURANTUR

HUMPHREYS'

HOMOEOPATHIC SPECIFICS

HAVE proved, from the most ample experience, an entire success: Simple—Prompt—Efficient and Reliable. They are the only Medicines perfectly adapted to popular use—so simple that mistakes can not be made in using them; so harmless as to be free from danger, and so efficient as to be always reliable. They have raised the highest commendation from all, and will always render satisfaction.

Sole Agents for Plank's Shifting Beam and Kolter Plows, at his prices *For Cash.* Bloomfield & Gibbs Imperial Plows.

The last mentioned are of a recent introduction into this section, which have the advantages of a Shifting Beam and Steel Shear, at almost the same prices as the ordinary Cast Iron Plows.

Sole Agents for Palmer's Patent Iron Planes.

Sole Agents for Burnham's Patent Weather Stripping.

This combines both economy and comfort, thoroughly preventing drafts of *cold air in Winter and dust in Summer.* The price for stripping an entire house is more than saved during the Winter by the economy of fuel, it taking at least one third less fuel to produce the same warmth. It is made in Walnut, Oak and Plain White, for both door and windows, so that it can be adapted to any house.

Our goods are bought in large quantities from the manufacturers, and with the aid of our long experience, are selected with the utmost care and supervision, and we would invite all who wish to purchase the best goods at the lowest cash rates to patronize us.

Country merchants will certainly find it to their advantage to call or write us for quotations, before purchasing.

We Remain Respectfully,
