Miscellaneous.

McDowell's Cholera Mixture.

SYMPTOMS—CHOLERA.—This disease generally commences with watery diarrhœa from the bowels, of a white, or yellow, or pearl color, with white flakes on standing a short time. These are well described as rice water evacuations. Vomiting is a usual accompaniment on these evacuations, but not an invariable one. The vomitings are usually accompanied with great nauseousness and pain in the stomach and bowels. The tongue and breath are dry cold; the tongue is sometimes clean, but generally slightly coated; the voice becomes weak and hoarse; cramps and spasms of the arms, legs and body; are general and painful symptoms. The skin is shriveled and at a purple hue; the pulse becomes weak and frequent, and the collapse is entirely lost at the wrist; the breathing is in the collapse entirely lost at the wrist; the breathing laboured and hurried. These symptoms usually succeeded each other in the order stated.

ALDOWELL'S CHOLERA MIXTURE.

Is prepared from the prescription of the late Dr. A. N. McDowell, of Pittsburgh. In his extensive practice, he had used it with complete success in the epidemic of 1832 and the present season. Steamboat men have given it to many passengers who have been attacked with the disease the present season, and in every case relieved a speedy cure—after they had been pronounced incurable by physicians on board. Prepared solely by the proprietor, A. WM. THORN, Druggist, No. 56 Market street, Pittsburgh, Pa.

Relief for Cramps.

WE HAVE ABDOMINAL WARMERS, made from the most approved English pattern, furnished and recommended by Thomas Bakewell, Esq., and a number of eminent Physicians, being a most convenient apparatus for the application of warm or hot water to the bowels, in case of cramps in Cholera. As every person is subject to sudden attacks, no family should be without—at least without one. For sale by

Death to the Rats.

IT is a notorious fact that of all evils, none are held in such abhorrence as those of Rats, Mice, Roaches and Bed-Bugs, and to have them exterminated, is the wish and desire of all. A preparation has been discovered by which those who wish, may become rid of this evil, which is less more or less every house in this city.

This preparation has now been in use in Germany about seven years, (and in the United States for the last five,) and by every one who has given it a trial, been pronounced the best remedy ever yet discovered for exterminating Rats, Mice, Bed-Bugs, Roaches, &c.

The articles composing this composition are in themselves very innocent, and contain not a particle of poison; but when combined, creates a gas which explodes low; but when combined, creates a gas which explodes low; but when combined, creates a gas which explodes low
