JOSEPH LIPPINCOTT. — WM. C. ROBERTS.

LIPPINCOTT & BARR,

(LATE JOHNSTON & STOCKTON'S.)

Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 23, 1845, the undersigned were called upon to open the Safes in Barr, Johnston & Co's. Store, in the presence of a large number of witness on honest and fair test of one of their Phœnix Safes. The fire was furnished with a variety of articles inside thereof, with books, papers and some money. When the door of the Safe was closed and the fire kindled at a quarter past 9 o'clock, the heat within the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the contents within the Safe was not injured, and the door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof. CARTER & RABUS,

I am engaged in the foundry business, and know something about iron safes, and have had experience in burning of the above Safe, and can freely say there was no humbug about it, and with pleasure recommend them to the public as being, in my judgment, entirely fire proof. WM. KAYE.

In calling upon the above gentlemen for their signatures, I did not desire to be understood that I doubted any of the test, and their full confidence of the Safe's being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.

WE have received a lot of LAMPS of various sizes and kinds, of a new construction that is quite simple and complete—some ornamental.

Also, the article to burn in them, called "BURNING FLUID," or "ETHERIAL OIL." It has rare qualities which recommend it to the attention of Steamboat men Hotel Keepers and Housekeepers. For cleanliness economy and brilliancy, it surpasses anything portable now in use.
