Mysterious Disturbance.

At about 2 o'clock this morning several pistol shots were fired on Pear alley in the vicinity of Oak street, and the reports mingled with blasts from a police whistle and shouts of excited men. Diligent inquiry by a HERALD reporter to-day failed to elicit any explanation for the disturbance. One of the police hastened to the scene but said he failed to find any one and none of the residents in the vicinity could account for the affair. Joseph Platt, proprietor of the saloon at the corner of Oak street and Pear alley, says he was aroused from sleep by the reports, but by the time he reached the window and looked out the alley had been cleared. He says a few nights ago several pistol shots were fired in the alley and the reports seemed to come from the vicinity of Cherry street.

Pension Matters.

John H. Stauffer, of Ringtown, a member of Co. A, 173 Regiment, has had his pension increased from $6 to $12 per month through Squire Shoemaker.

Rufus Lockwood, who served through the war from the spring of 1861 to the fall of 1865, has made two applications to the department for a pension, and has been refused both times, under the old and new law. The second time he was rejected he was at the hospital, disabled by an accident in the mines. Although the new law allows a pension to any soldier disabled since the war, yet Mr. Lockwood was refused while lying in a hospital. He went to Mauch Chunk this week to stand another examination, the two previous ones being held at Pottsville.

Joanna Heights Camp.

Rev. William Powick returned last evening from a flying trip to Birdsboro, Joanna Heights camp ground, West Chester, Wilmington and Cape May, in which camp meeting business was combined with pleasure. He reports a good outlook for a large and successful encampment, which will take place August 10th to 24th. Cottages have been engaged by several parties from town. Some others will secure boarding at the Mansion House. Among the distinguished visitors who are expected to participate in the services are Governor Pattison, Bishop Taylor, of Africa, C. W. Green, late missionary to Japan, and Bishop Kephart, of the U. B. church. The program will consist of a Prohibition convention Aug. 10th to 13th; Woman's Home Missionary Society, 14th; Young People's convention, 15th and 16th, which will be specially attractive, and the camp meeting proper 17th to 24th.

'TWAS TERRIBLE.

Our Champions Were Annihilated at Jeanesville Yesterday.

Shenandoah's champion base ball team went from town yesterday to show the people in Jeanesville how to play ball, but they themselves received the lesson where the bottle gets the cork. The story of the defeat was briefly told by the manager upon his return here last evening and it was to the effect that Setley, like many other pitchers, has gone to the diamond too often and is at last broken. The Jeanesville boys seem to be "on to him" and yesterday they pounded his deliveries at will. Setley very wisely went right through on the train from Audenried to Centralia last night and escaped the numerous indignation meetings that were held here after the other players returned. The grist of all the arguments were that Setley's new white flannel suit and cap is a Jonah and unless he soon makes some heroic attempt to save himself he will soon pass into the glass (E)wing class.

All our townsmen who witnessed the game returned thoroughly disgusted with the pitcher, but had kind words for the rest of the team. They said the hits Jeanesville made were safe and the fielders had little chance to do any work. What they did gave satisfaction to the management. As for our idol, it is smashed to pieces, and instead of singing songs of praise and extending the laurels of victory to him we are now obliged to say briefly, but appropriately, "Setley, get off the baud wagon."

The score is as follows by innings:

Jeanesville	0 1 1 1 3 1 1 5 1—14
Shenandoah	0 0 0 0 1 0 0 0 0—1

NOTES.

Are they still champions?

The home team is negotiating with an extra pitcher.

Pottsville defeated Hazleton yesterday by the one-sided score of 17 to 6.

To day Pottsville plays at Hazleton, being their first game away from home.

The next game of ball at the Trotting park will be with the strong Bethlehem team.

NOW ON THE ROYAL ROAD

Rev. Bruce in the Straight and Narrow Way.

The Way that Leads to Health, Happiness and Long Life.

An Amherst Man Who Paid His Own College Expenses.

Happiness is so fragile that one risks the loss of it by talking of it.

It flies from him who deliberately pursues it, and shuns the hand that would seize upon it. Yet much unhappiness may be avoided by keeping well.

To the steady brain worker (and all are brain workers) it is important to be able to perceive the indications of the coming storm. Rev. Charles C. Bruce, the well known pastor,

REV. CHARLES C. BRUCE.

of Somerville, Mass., preaches a very practical sermon to those who, from sickness, are unhappy. He was sick. He took Paine's celery compound, the wonderful remedy that makes people well. He is now on the royal road to health and long life. His own words are:

"I am nearly 38 years of age and weigh normally 158 pounds, at present my weight is 148½. My sickness took me down to 134½, so that you can see that I am getting back to be myself, and, God willing, shall soon be there.

"I have been a very sick man, but owing to the goodness of the supreme power and to a few good friends I am now on the royal road whose end is perfect health.

"I was born in Peterboro, N. H., and lived there until I was 16 years old. My father, who is a very noble man, sent me to the Appleton academy for three years, then he told me 'if you want any more education you must get it.' So when I was 16 I went to Amherst college and earned every cent that paid my bills there for four years and graduated. Then I was persuaded to go to Andover seminary, and studied there three years, and took my degree as a clergymen in 1878, and went to preaching. I preached 11 or 12 years and then went back to college and studied two years for the Ph. D. degree.

"All these two years I was studying and supporting my family. Things you will easily imagine, was excessive labor. At length I was elected to a position in a high school in Boston, but the work told on me and I grew ill. The illness lasted for about a year and a half. But now I am so that I can see the end, and a more thankful man you never saw. A gentleman who lived near me began to use Paine's celery compound and it built him up. I thought of this and soon I was led to use it, and it has been bringing me out all right.

"I am inclined to think that I will soon be herculean in strength."

Paine's celery compound is today prescribed by physicians in every town throughout the country. It has made thousands of overworked and worn out men and women well and thankful. There is not a profession or calling that has not sent testimonial after testimonial to the value of Paine's celery compound. It makes people well. Try it and be convinced.

WHY NOT GO?

World's Fair Excursions at Half Rates via Reading Railroad Route

Whatever reasons may have existed for popular hesitancy in going to the World's Fair have been finally removed by the action of the railroads in providing excursions at rates so low as to place the trip to Chicago within the reach of everybody. It is conceded, moreover, that the expense of a stay in Chicago is now no greater than the cost of a visit to any other large city. Reasonable prices prevail, and this, with the reduction in railway fares, will enable the masses to enjoy the benefits of the greatest exhibition that earth has ever seen.

The Reading Railroad announces a series of excursions via its Lehigh Valley line to Chicago at the rate of a single fare for the round trip. This makes the price of a ticket $17, from New York, $16.75 from Philadelphia, and correspondingly low figures from other points on the Reading System. The tickets are good only on the designated excursion trains, which are appointed to start on July 25th, August 1st, 7th and 19th. The return journey may be made at any time within ten days of the date of starting. There will be no change of cars between New York or Philadelphia and Chicago, and the trains will of first-class day coaches only, with all the comforts and conveniences necessary for a long trip.

On the days above mentioned the special excursion trains will leave New York at 8.15 a. m. and Philadelphia at 9.00 a. m., stopping at the several junction points where connections are made from all parts of the Reading System. Persons contemplating joining these excursions should consult the nearest Reading railroad ticket agent for the details as to train connections and rates.

It is, perhaps, needless to add anything concerning the attractions and advantages of the Reading's "Scenic Lehigh Valley route." Its picturesqueness is as widly renowned as its general excellence, construction, equipment and management.

Nervous Dyspepsia.

Senator James F. Pierce, of New York, writes: "For the past two years I have suffered very much from an aggravated form of nervous dyspepsia. I have resorted to various remedial agents, deriving but little benefit. A few months since a friend of mine suggested the trial of Allcock's Porous Plasters. Following the suggestion, I have been using the same with the happiest effects. To those similarly afflicted let me suggest the manner of their use. I place one over my stomach, one over the hepatic region, and one on my back. The effect is excellent. From the day I commenced their use have been slowly but surely improving, and am quite confident that by continuing I shall again be restored to my accustomed health."

Alex. McDonald the Man.

The appointment of Alex. McDonald, of Hecksherville, as Deputy Internal Revenue Collector of Schuylkill county, has been announced. The salary is $1,400. McDonald had the support of Congressman Reilly, and his appointment causes disappointment among the other aspirants, prominent among whom we note our own townsman, Michael Malone. John J. Murphy, of the *Chronicle*, was also an aspirant for the position with considerable backing.

Grand Display of

FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

.....In Wraps We find the most stylish and the prevailing mode to be the Cape, in some of its variations, single, double or triple capes. Some are plain, others very highly decorated, with fancy indescent braid, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say coats are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
