HINTON & CO'S
GENTLEMEN'S FURNISHING STORE,
AND ODD-FELLOWS DEPOT,
NO. 80, FOURTH STREET,
APOLLO BUILDINGS,
Sign of the Bee-Hive.

THE SUBSCRIBERS have opened a *Gentlemen's Furnishing Store*, in connection with an *Odd Fellows' Depot*, in which are to be found a variety of Fancy Goods and Odd Fellows Regalia, never before presented to a Pittsburgh public, by a single establishment.

From Philadelphia, they are in regular receipt of *Odd Fellows' Registers, Lodge Blank Books, Wafers*, and other Lodge articles. The *Regalia* exhibited at their counter is most gorgeous and admirably assorted; nothing of the sort, *so entirely exquisite*, has ever been seen in this market in such profusion.

The Gentlemen's Furnishing Department is plentifully supplied with a variety of superb and delicately wrought articles of dress. The variety is entirely too great to enumerate in a moderate space; we must, therefore, direct the public to an investigation of the Stock itself. All that we can say in this connection is, that as our Establishment is designed to be one in which is supplied with any article in our line, manufactured out of the best materials and by the most experienced hands. We solicit an examination of our stock; it composes a variety which challenges comparison.

A large lot of *Fine Silk and Linen Shirts; Fancy Stocks and self adjusting Cravats; Gloves and Hosiery* of various kinds, and in fact every article of comfort or luxury which a gentleman of good taste would fancy.

We solicit a share of public patronage. HINTON & CO

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 23, 1849, the undersigned were called upon by Messrs. Lapencoyt & Barr, to witness an honest and fair test of one o. their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money when the door of the Safe was closed and the fire kindled at 1 o'clock, past 2 o'clock, and at that time the Safe was red hot, and continued till past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down,
