DR. DE LANEY'S celebrated Curative Lunar Remedies.

The only Infallible Cure for that Dreadful Disease known as Spermatorrhœa or Involuntary Nocturnal Emissions.

Self-abuse and secret vice are the most productive of such miseries as the nervous system, impaired in its powers for business, society, and matrimony.

Semi-Annual Remedies, respectable, safe, and sure. *Failing*, are only to be used without the slightest inconvenience or the knowledge of the most intimate friend.

Lost manhood restored, impotence, nervous prostration, whether from exciting any one, from guessing to the *causes*, and while in one *not a single remedy can take place, in regarding the organs, in a short time, to such an extent that they regain their primitive powers or functions*; the loss of which, caused by early abuse, is the disease in question, and the cause of the subsequent complaints, viz: Nervousness, Prostration, Dyspepsia, Pain in the Head and Limbs, Dimness of Sight, Weakness of the Back and Lower Extremities, Aversions to Society, Impotence, Pimples on the Face, Tremblings, Palpitation of the Heart, Weakness of Memory and Nervous Debility of Every Description, Aversion to Society, Timidity, Self-Doubt, *Love to Solitude*, &c. All these complaints *generally disappear as soon as the secret exciting cause ceases, they then recover health, strength, and vigor.*

This Instrument has been examined and approved of by the highest authorities in Europe and America, is recommended by the most eminent physicians of all countries, *as the safest and most convenient for those complaints*, and has now confidently superseded the use of dangerous *quackery*, such as Nostrums, Quacks, Quacks, Quacks, are sure to produce the most distressing consequences.

It has been a matter of surprise to some, that any one of respectability and of professional attainments should devote his attention to diseases which people of every description pretend to cure so easily. It, however, has the one thousandth part of the miseries these people bring upon society were known, a very different opinion would be formed. And it is not only the present misery and depletion, preying on the mind as well as the body, that is deplored, but some are of such a nature as to affect posterity, and even to destroy the reproductive faculty, altogether. It is a fact that, when not properly treated, they may remain to dormant in the constitution, so as to appear in no other way than in their effects upon posterity. Yet, if properly understood, are most easily and speedily removed. The above, so ingeniously contrived instrument, will doubtless, in a great measure, contribute to check the evils of quackery, so prevalent in this class of diseases, throughout the Union.

The price of the complete instrument, carefully secured against all observation in a box, is only $10. It can be sent, by express, to any address in any part of the United States, Canada, &c., according to order, accompanied by full directions, and important advice to the married and single; the expenses, even to the remotest parts of the country, being nearly trifling.

The unexampled success this Instrument has obtained since its introduction in America, has induced some unprincipled persons in New York, Philadelphia, Albany, Boston, &c., to get up some ridiculous things, called "Instruments," which, however, bear not the slightest resemblance, *neither in form nor principle*, to my own invented, long tried, and universally approved Instruments, and which are as similar to them as night is to light. Every attempt to sell such "Instruments" for mine will be prosecuted to the fullest extent of the law. I, being, not willing to connect the well and honestly earned reputation of my inventions with quacks and their worthless productions. *No Instrument is genuine and none can be warranted but those ordered from myself.*

All applications and remittances must be directed (post paid) to the Doctor himself, by having no Agencies established but in London and Paris.

TRUSSES

☞ IMPORTANT TO THOSE AFFLICTED WITH HERNIA OR RUPTURE.—The inventor of Dr. HYDRATE'S Truss has rendered the cure of this dreadful disease a matter of perfect certainty, and the man, who will now allow a Hernia to proceed until a condition of things is produced that nothing can alleviate but the knife of a skilful surgeon, is wholly inexcusable. A rupture in its ordinary form, may, with propriety, be left to the person afflicted and his trusses-maker; but to so many persons, do, without even a bandage of any kind to retain it, often renders the case perfectly unmanageable, and leads to what is termed *Strangulated Hernia*, which often has no relief but in a surgical operation. In the Truss to which we invite the attention of the afflicted, there is every superiority over the trusses and bandages in common use. It is perfectly comfortable, and can be made to fit any case of Hernia, with as exactness and equableness of pressure that does not belong to any other instrument with which we are acquainted; and will retain any rupture with ease and comfort to the wearer. Physicians of the highest standing in the profession have given testimony to its great superiority over the ordinary trusses in use. The Truss of Dr. Hobbard will sure one-half the cases of ordinary Rupture. We advise those afflicted to make application in time.

Wistar's Balsam of Wild Cherry.

The last remedy ever known to man for Coughs, Colds, Asthma, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing, Affection of the Liver, Pain or Weakness in the Breast, Spitting of Blood, Consumption, &c. In short, this Balsam is peculiarly adapted to every disease of the Lungs, and Liver, which is produced by our ever changing climate.

WILD CHERRY has long been known to possess important medicinal properties. This fact is familiar to every matron in our land, and physicians often prescribe it in different forms for a variety of complaints—Yet it has been equally noted for its virulence, and some physicians whose names are familiar to the whole country, has gone so far as to declare that even CONSUMPTION, could be cured by the use of Wild Cherry, and again, it was nearly valueless, owing, no doubt, to their ignorance in preparing and administering it—Difficulty has ever entirely obviated by patient experiment and good experience.

The extraordinary medicinal powers of these two substances are now for the first time combined and embodied in Dr. WISTAR'S BALSAM OF WILD CHERRY; by a nice chemical process, every thing deleterious or useless is rejected, so that what remains is the purest extraordinary and truly efficacious remedy for all kinds of pulmonary and liver diseases ever known to man. To convince all unbelievers that our theory is really true, we refer to a few cases of cures performed by this wonderful medicine:

PLEASANT RIDGE, Ham. co., O., Sept. 27.

J. D. PARK—Dear Sir: I take the liberty of advising you of the benefit I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was reduced by that terrible scourge Consumption, in May last. The attack was truly horrifying to me, for five of our family (my brothers and sisters) had died of Consumption; I was afflicted with nearly all the worst features of the disease. I had a distressing cough, and expectorated a great deal of blood, hectic fever, severe pains in the side and breast, cold chills, alternating with flushes of heat, and copious night sweats.

I was under the care of a skilful physician from the time I was taken sick until about six weeks before, being then about helpless, and my friends considered my case hopeless, or at least beyond our physician's skill, advised the use of Wistar's Balsam of Wild Cherry. Without my knowledge my father procured it and commenced administering it to me, and from the first day I commenced taking it my health improved, and in two weeks I was able to be out and oversee my business, and labor, which I still continue to do. I have taken four bottles of the medicine, and now consider myself perfectly well.

ANOTHER ASTONISHING CURE!!

ROUSVILLE, Fairfield co., O., 1851.

Mr. J. D. Park—Dear Sir: I wish to state to you that my daughter Amanda, aged 16 years, had about a year since a very severe attack of measles, which reduced her very much, and left her with a racking cough. I employed all of the physicians within our reach for the purpose of removing her cough, but without success—She appeared to be sinking into a decline, with every symptom of consumption. I then tried Dr. Roger's Liverwort and Tar. But this aggravated her cough, and gave her symptoms of a still more malignant character. I was now most anxiously alarmed, and it was with trembling fear that I from day to day saw the progress of this insatiable disease, Consumption. I really despaired of her recovery. But I providentially saw the certificate of Jonathan Conison, whose daughter, Sarah Jane, was cured of Consumption by Wistar's Balsam of Wild Cherry. This created a hope in me that it might help my daughter, and I immediately commenced using it, and it almost instantly gave relief. Her health was improved from the first bottle, and by the use of two bottles of Wistar's Balsam of Wild Cherry she was restored to perfect health, and she is now now at all predisposed to a cough. I will say to all that are afflicted with any disease tending to Consumption, do not despair, for Dr. Wistar's Balsam of Wild Cherry will cure you if you will but try it.

ANOTHER ASTONISHING CURE!!

Will miracles never cease? More evidence of its superior healing qualities. Five witnesses.

[From Dr. Baker, Springfield, Washington co., Ky.]

SPRINGFIELD, KY., May 14, 1850.

MESSRS. SAYMOR & BISHOP: I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr. Wistar's Balsam of Wild Cherry.

In the year 1840 I was taken with the inflammation of the bowels, which I labored under for nearly two weeks, when I gradually recovered. In the fall of 1841 I was taken sick with a severe cold which seated itself upon my lungs and for the space of three years I was confined to my bed, I tried all kinds of medicines and every variety of the without benefit; and thus I wearied along until the winter of 1845, when I heard of Dr. Wistar's Balsam of Wild Cherry.

My friends persuaded me to give it a trial, though I had given up all hopes of recovery; and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the genuine Wistar's Balsam of Wild Cherry. The effect was truly astonishing. After five years of all pain and suffering and other having spent four or five hundred dollars to no purpose, and the best and most respectable physicians had proved unavailing. I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry.

May the blessing of God rest upon the proprietors of so valuable a medicine as Wistar's Balsam of Wild Cherry. Yours respectfully, W. H. BAKER.

☞ Genuine Wistar's Balsam of Wild Cherry has a fac-simile of the signature of Henry Wistar, M. D., Philadelphia, and "Sanford & Park" on a finely executed steel engraved wrapper. No other can be genuine.

PATENT METALLIC BURIAL CASES.

THE subscribers having recently made arrangements with the Patentee of this new and valuable improvement for the manufacture and sale of the article in the West, they having been manufactured heretofore exclusively in the East, where they are superseding the use of wooden coffins, take this method of informing the public that they are now manufacturing eighteen different sizes of the modern Sarcophagus, varying in length from 22 inches to 6½ feet, with width and depth suitable for the reception of ordinary size, and adapting the size of space for cushioning, or for bodies of unusual dimensions, have several sizes deeper and wider. This invention now coming into general use, is recommended by all of the greatness of the age. These BURIAL CASES are composed of various kinds of metals, but principally of IRON.

They are thoroughly *enameled* inside and out, and have undergone a supervision to air and pressure, which are highly ornamental, and of a classic form, are light and portable, while they combine the greatest strength of any other coffin which is capable of, in proof.

When properly secured with cement they are perfectly air-tight, and free from exhalation of offensive gases. They cost no more than good wooden coffins, and are better than any other article in use, for whatever cause for transportation, vaults, or ordinary interments, as have been proven by actual experiments, and certified to by some of our most scientific men; also, by the Honorable Henry Clay, Daniel Webster, Lewis Cass, and other distinguished Senators who have witnessed their merits, and whose letters, together with other evidences of their worth, may be seen at our Agents' Burial Case Depot, No. 374 Main street, three doors above Ninth, where we intend to keep on hand at all times, such a stock of all sizes and degrees of ornament and finish as will suit the most diversified tastes.

We invite the attention of the public, and of Undertakers, particularly, throughout the West, to an examination of the article, and request them not to rely upon the representation of undertakers not using the article, whose interest it would be to misrepresent them.

Clothing.

Elegant and Useful Clothing.

CALLAGHAN & CO., corner of Wood and Water streets, Adam Reinhard, Agent, are receiving from the Eastern markets a well selected and extensive stock of Cloths, Cassimeres and Vestings, which surpass in beauty and variety any other collection west of the mountains. These Goods are the choice of the eastern market, being selected by the proprietors, themselves, expressly for this market. They were purchased for cash, at the lowest which will enable the undersigned to dispose of them at twenty per cent. cheaper than the prices charged by the generality of tailoring establishments. Their CLOTHS—French, English and American have been selected with great circumspection, and various styles of rich material for Overcoats, we have in abundance. Our stock of CASSIMERES is very extensive and varied, including all the newest, richest and most fashionable specimens recently imported and manufactured. Our SPRING VESTINGS includes a variety of all the fancy patterns to be had in *New York city*; it is most varied and elegant—while some, when properly made up, present an appearance of modest grandeur. Taking the variety as a whole, it certainly surpasses any collection of Vestings ever brought to our city before.

Gentlemen of taste who desire those Goods made up, cut and manufactured by experienced artists, will please call and examine for themselves. They are open for inspection. CALLAGHAN & CO.

SPRING AND SUMMER CLOTHING!

THREE BIG DOORS!

No. 151, Liberty Street, Pittsburgh.

JOHN McCLOSKEY has now the pleasure of announcing to his numerous friends and the public in general, that his Spring and Summer stock is now ready for inspection, which he believes will be found to be one of the largest and best selected stocks of Ready-made Clothing to be found in the Western country.

He has this season paid more than usual attention to the manufacturing and style of his Garments, so that the very lowest priced, as well as the finest, are got up in style and elegance not to be surpassed.

He would particularly call the attention of all dealers in Clothing to his present splendid assortment of

Ready-Made Garments,

As he feels confident, upon examination of the qualities and prices of his goods, he can offer them such inducements as shall make it their interest to purchase at his establishment.

Many years' experience, and great success in the business, together with an unprecedented wholesale and retail patronage, has enabled him to get up Garments to suit the business habits and tastes of every location in the Union, which is of the utmost importance to wholesale purchasers.

In the Cutting department will be found a choice selection of the most fashionable goods, consisting of

French, English and American Broadcloths,

Cashmeretts, &c., &c. Also, an excellent assortment of VESTINGS, of the latest and most fashionable styles—all of which he is prepared to make to order in the best manner and at the most reasonable prices.

COME, THEN, ONE AND ALL.

The Assortment, the Quality, and the Variety, is the most extensive, undoubtedly, to be found in the United States. (mar20
