Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 25, 1848, the undersigned were called upon by Mr. Jos. Lapp, one of the men to witness an honest and fair test of one of their Phœnix Safes. The firm of Lippincott & Barr, had a large Safe placed inside thereof, with books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 9 o'clock, in a short time the Safe was red hot, and continued still half past 6 o'clock, being about four and a half hours, when the committee expressed themselves satisfied that the contents within the heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened, when the contents were found safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

In calling upon the above gentlemen for their signatures, they displayed in the highest terms of the fairness of the test, and their confidence in the Safe's being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
