Inflammatory Rheumatism and Ulcerated Sore Throat cured by the use of the medicine of nature, AMERICAN OIL.

CINCINNATI, March 14, 1845.

This is to certify, that I have been afflicted for several months with Inflammatory Rheumatism in my shoulders and arms; also an ulcerated sore throat which was very painful and severe. I was also much troubled with a hay fracking cough, which my physician told me would terminate in consumption. About three weeks ago I heard of the American Oil and commenced the use of it by taking one teaspoonful night and morning, and applying it lightly externally, to the parts affected with Rheumatic pains and also applied it to my throat. I found relief in two or three days after using the oil, and now feel entirely restored to health. I also applied it to a child who was severely burnt and it afforded immediate relief.
