LIPPENCOTT & BAKER,
(Successors to Blackslee & Co.)
Manufacturers of Phœnix Fire Proof Safes,
Second street, between Wood and Smithfield.
ON Tuesday afternoon, July 29, 1845, the undersigned were called upon by Samuel Lippencott & Barr, to witness an honest and fair test of one of their friends' Safes. The performance being prepared, the Safe was placed inside the red hot furnace, and the Safe was placed in the door of the Safe was closed and the fire kindled. The furnace was filled to a red hot, and continued till full past 6 o'clock, being about 3 and a half hours, when the committee opened their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, the Safe cooled, and door opened—the books, papers and money as fair as if taken from a common pine drawer. We therefore take pleasure in recommending these Safes to the public, as being in our judgment entirely fire proof.

In calling upon the above gentlemen for their signatures, they disploke in the highest terms of the fairness of the test, and their full confidence of the Safe's being entirely fire proof. Which we cheerfully can do hand and for sale a full assortment of the above Safes.
